## Independent Auditor's Report

Plan Administrator and Participants  
401(k) Savings Plan for Peter Marino Architect, PLLC  
New York, New York

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements*

We have performed audit of the financial statements of 401(k) Savings Plan for Peter Marino Architect, PLLC (formerly, 401(k) Savings Plan for Peter Marino Architects) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion on the 2021 Financial Statements*

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and.
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the 2021 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

### ***Responsibilities of Management for the 2021 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

### ***Auditor's Responsibilities for the Audit of the 2021 Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***2021 Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### 1. Description of the Plan

The following brief description of the 401(k) Savings Plan for Peter Marino Architect, PLLC (formerly, 401(k) Savings Plan for Peter Marino Architects) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

#### *General*

The Plan is a defined contribution plan and was adopted by Peter Marino Architect, PLLC (the Company or Employer) to provide deferred tax benefits, savings, and Company contributions to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan, adopted by the Company effective July 1, 1988, was restated on January 1, 2016.

The Plan was restated effective January 1, 2021 and the Plan assets were transferred to Fidelity Management Trust Company (Fidelity) (Plan custodian and trustee) on January 11, 2021. Significant changes were made as a result of this restatement are detailed throughout Note 1. Additionally, the Plan was amended on October 9, 2021, to change the time when participants may make changes to their deferral elections (from each calendar quarter to the beginning of each payroll period).

#### *Eligibility*

The Plan covers all employees, exception union employees and non-resident aliens, who have completed one year of service with 1,000 hours. Prior to January 1, 2021, employees had to be at least 18 years of age to be eligible. Upon meeting eligibility requirements, employees may become Participants on the first day of each Plan year and the first day of the fourth, seventh and tenth months of each Plan year.

#### *Participant Contributions*

Participants may elect to contribute, on a pre-tax or Roth basis, up to 85% of their eligible compensation, as defined by the Plan, through payroll deductions, not to exceed the limit under the Internal Revenue Code (IRC). Prior to January 1, 2021, participants may have elected to contribute, on a pre-tax basis, up to 100% of their eligible compensation. In addition, eligible Participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

#### *Company Contributions*

The Company provides a safe-harbor matching contribution equal to 100% of the first 3% of the Participant's eligible compensation, then 50% of the next 2% of the Participant's eligible compensation. Prior to January 1, 2021, the Company provided a matching contribution equal to 50% of the first 6% of the participant's eligible compensation. The Company may also make discretionary nonelective contributions on an annual basis. To receive an allocation of such contributions, a Participant generally must be employed on the last day of the Plan year or have earned at least 501 hours of service during the Plan year. There were no discretionary nonelective Company contributions for the 2021 Plan year.

#### *Participant Accounts*

Each Participant's account is credited with the Participant's salary deferral contributions, and any Company contributions, and his/her share of the Plan's income (loss). The Plan's income (loss), with respect to each investment fund, is allocated based on the proportion that each Participant's account balance invested in such fund compared to the total of all Participants' account balances invested in such fund. All investments are participant directed.

### 1. Description of the Plan (cont.)

#### *Notes Receivable from Participants*

Participants may borrow, from their fund accounts, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable from Participants are secured by the balance in the Participant's account and bear a rate of interest equal to the prime rate plus 1%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years or ten years for the purchase of a primary residence. Participants are only allowed to have two loans outstanding at a time.

#### *Vesting*

Participants are immediately vested in the value of their salary deferrals and rollovers, as well as any discretionary nonelective Company contributions, plus related investment earnings (losses). Company matching contributions vest 20% after 1 year of service and 20% per year in each of the subsequent three years and are 100% vested after five years of continuous service. Effective January 1, 2021, participants are immediately vested in Company matching contributions.

#### *Payment of Benefits*

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Participants may elect to have distributions paid in a lump-sum and are either paid directly to the Participant or rolled over to another qualified retirement plan. Installments are permitted only for required minimum distributions or upon retirement. The Plan also allows for in-service withdrawals upon attaining age 59½, along with withdrawals in the event of a financial hardship.

#### *Plan Expenses*

Administrative expenses of the Plan are paid by either the Company or by the Plan, as determined by the Plan administrator. These expenses may include, but are not limited to, legal fees, accounting fees, recordkeeping fees, investment related expenses and other fees for services provided to the Plan.

#### *Forfeitures*

The Plan allows forfeitures to be used to reduce Company contributions or pay Plan expenses. At December 31, 2021 and 2020, there was \$15,121 and \$15,120 of forfeited non-vested account balances, respectively. During the year ended December 31, 2021, no forfeitures were used.

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting*

The financial statements of the Plan were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### 2. Summary of Significant Accounting Policies (cont.)

#### *Investment Valuation and Income (Loss) Recognition*

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income (loss) is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### *Contributions*

Contributions from Plan Participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

#### *Notes Receivable*

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

#### *Payment of Benefits*

Benefit payments to Participants are recorded upon distribution.

### 3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2021, and for the year then ended, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2021, and for the year then ended, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

### 4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

# 401(k) Savings Plan for Peter Marino Architect, PLLC

## Notes to Financial Statements

### 4. Fair Value Measurements (cont.)

The three levels of the fair value hierarchy under ASC 820 are described below.

#### *Basis of Fair Value Measurement*

*Level 1* - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

*Level 2* - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

*Level 3* - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021. There have been no changes in the methodologies used at December 31, 2021.

*Mutual Funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common Stocks* - Common stocks held in the self-directed brokerage account are valued at the closing price reported on the active market on which the individual securities are traded.

*Money Market Funds* - Money market mutual funds held in the self-directed brokerage account are valued using the amortized cost method of valuation or penny-rounding method of pricing as permitted by Rule 2a-7 under the Investment Company Act of 1940, as amended, which approximates their fair value.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

<i>December 31, 2021</i>		<b>Level 1</b>		<b>Level 2</b>		<b>Level 3</b>		<b>Total</b>
<b>Mutual funds</b>	\$	<b>34,677,738</b>	\$	-	\$	-	\$	<b>34,677,738</b>
<b>Self-directed brokerage</b>		<b>804,440</b>		-		-		<b>804,440</b>
<b>Total investments at fair value</b>	\$	<b>35,482,178</b>	\$	-	\$	-	\$	<b>35,482,178</b>

The Plan has no investments included in the fair value table at December 31, 2020.

### 5. Tax Status

Effective January 1, 2021, the Prototype Non-Standardized Profit Sharing Plan with CODA sponsored by Strategic Pension Services, LLC moved to the Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) sponsored by Fidelity Management & Research Company, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 13, 2014, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their Company contributions.

### 7. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan invests in products provided by Fidelity, who is the custodian of the Plan as of December 31, 2021; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

### 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

---

### 9. Subsequent Events

Management has evaluated subsequent events through March 18, 2025, which is the date the financial statements were available to be issued.

The Plan was restated effective January 19, 2022. No significant changes were made as a result of this restatement. Additionally, the Plan was amended effective September 26, 2022 to change the entry dates (from quarterly entry dates to immediate entry upon eligibility).

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

The Plan was amended effective January 1, 2024, which removed all service requirements for employees to become eligible to participate in the Plan. The Plan was subsequently amended on February 26, 2024 to add a service requirement of 3 months for employees to become eligible to participate in the Plan.
