INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee
People Sustaining Kings Valley 403(b) Plan
Philomath, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of People Sustaining Kings Valley 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of People Sustaining Kings Valley 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of People Sustaining Kings Valley 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about People Sustaining Kings Valley 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of People Sustaining Kings Valley 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about People Sustaining Kings Valley 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents as of and for the year ended June 30, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of People Sustaining Kings Valley 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of People Sustaining Kings Valley (the Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is intended to be qualified under Section 403(b) of the Internal Revenue Code (IRC). The Plan's most recent restatement was effective October 17, 2022.

Contributions

Participants may elect pretax and after-tax Roth deferrals to be contributed to their account in lieu of receiving cash payments directly as salary or wages. However, such amounts may not cause the participant's total contributions to exceed limitations provided by the IRC. Additionally, employees age 50 or older, or who will attain age 50 before the end of the calendar year, are eligible to contribute catch-up contributions up to Internal Revenue Service (IRS) limits. With approval by the Plan Administrator, the Plan also allows for participants to make rollover contributions from existing qualified plans into the Plan.

The Organization may contribute nonelective contributions to the Plan at its discretion. The percentage of the nonelective contribution is to be determined by the Organization each year. Employees are eligible for discretionary nonelective contributions upon reaching one year of service if over the age of 21. For the years ended June 30, 2024 and 2023, the Organization made a nonelective contribution of 6 percent of eligible compensation. The Organization may also contribute matching contributions to the Plan at its discretion. The percentage of the matching contribution is to be determined by the Organization each year. Employees are eligible for discretionary matching contributions upon reaching one year of service if over the age of 21. For the years ended June 30, 2024 and 2023, the Organization did not make a matching contribution.

Participants may direct the investment of their contributions into investments offered by Principal Trust Company (Principal).

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Organization's contribution, as well as allocations of Plan earnings or losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their accounts at all times.

1. Plan Description, continued

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant may elect to receive the vested value of their account in a lump-sum payment. Participants age 59½ or older may take in-service distributions from their account. Withdrawals from the Plan may also be made upon circumstances of financial hardship from their account in accordance with provisions specified in the Plan.

The Plan provides for hardship withdrawals in the event of an immediate and heavy financial need in an amount not to exceed the lesser of the participant's elective deferrals or the amount of the financial need.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of the lesser of $50,000 or 50 percent of their account balance, with a minimum of $1,000. Loan terms are up to 5 years unless it is for the purchase of a primary residence, in which case the term may extend to up to 20 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate prevailing at the time of the loan origination plus 2 percent. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Investments held by plans qualified under IRC Section 403(b) are limited to registered investment companies (mutual funds) and fixed or variable annuity contracts.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of June 30, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Revenue Sharing

The Plan entered into a revenue sharing expense offset arrangement where the Plan is credited an amount monthly based on a fixed percentage of investment balances which is used to pay investment advisory expenses. $5,443 and $5,082, was credited to the account and used to pay investment advisory expenses for the years ended June 30, 2024 and 2023, respectively. There was no ending balance in the Plan's revenue sharing account as of June 30, 2024 and 2023.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and therefore are excluded from these financial statements. Certain other expenses, including asset-based record keeping fees and transaction fees, are charged to participant accounts. Investment related expenses are included in, or as a reduction from, net change in fair value of investments.

Recent Accounting Standard Adopted

On July 1, 2023, the Plan adopted Accounting Standards Update (ASU) 2016-13 Financial Instruments – Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments,* and all related amendments (ASC 326), which replaced the incurred loss methodology for recognizing credit losses with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of lifetime expected credit losses to be recognized for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts, and for the financial assets to be presented at the net amount expected to be collected on the statements of net assets available for benefits. The financial assets held by the Plan that are subject to ASC 326 are contributions receivable.

The Plan adopted ASC 326 effective July 1, 2023. There was no impact to the financial statements as a result of adopting this standard.

3. Information Certified by the Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Empower Trust Company and Empower Annuity Insurance Company of America, acting as custodians for the year ended June 30, 2023 and for the period July 1, 2023 to February 8, 2024, and Principal Trust Company, acting as the custodian for the period February 9, 2024 to June 30, 2024, have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the years ended June 30:

	2024	2023
Investments, at fair value	$ 1,439,017	$ 1,206,811
Notes receivable from participants	14,008	13,426
Net change in fair value of investments	187,495	120,071
Interest and dividends	802	487
Interest income from note receivables from participants	577	1,073

4. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. Tax Status

The Plan has adopted a volume submitter 403(b) Plan sponsored by Professional Benefit Services, Inc. The sponsor of the volume submitter has obtained an opinion letter from the Internal Revenue Service (IRS) dated February 4, 2019 that the documents are acceptable under section 403(b) of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are units of a fixed or variable annuity contract with the custodians. Empower Annuity Insurance Company, acting as the custodian of the Plan for the year ended June 30, 2023 and for the period from July 1, 2023 to February 8, 2024, and Principal Trust Company, acting as the custodian for the period February 9, 2024 to June 30, 2024. Therefore the following transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules of ERISA. Administration fees paid to Empower Annuity Insurance Company and its affiliates totaled $2,106 and $2,481 for the years ended June 30, 2023 and 2024, respectively. Administration fees paid to Principal Trust Company totaled, $6,461 for the year ended June 30, 2024.

8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

8. Fair Value Measurements, continued

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. All mutual funds held by the Plan are open-end mutual funds in a group annuity contract that are registered with the Securities and Exchange Commission (SEC) and are deemed to be actively traded and have readily determinable fair value. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Variable annuity contracts: Valued at the current contract value, which is variable based on the performance of the underlying assets of the contract and is believed to approximate fair market value.

Fixed annuity contracts: Contracts held by the Plan are not considered fully benefit-responsive at the Plan level and are stated at fair value, which is represented by contract value. Contract value is increased by contributions and earnings on the contracts and reduced by participant withdrawals and administrative expenses. Fair value is assessed based on analysis of interest rates, maturities, discounted cash flows, and other observable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	Assets at Fair Value as of June 30, 2024			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 1,439,017	$ -	$ -	$ 1,439,017
Total investments, at fair value	$ 1,439,017	$ -	$ -	$ 1,439,017

	Assets at Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Variable annuity contracts	$ -	$ 1,187,701	$ -	$ 1,187,701
Fixed annuity contracts	-	19,110	-	19,110
Total investments, at fair value	$ -	$ 1,206,811	$ -	$ 1,206,811

8. Nonexempt Transactions

During the years ended June 30, 2024 and 2023, participant contributions totaling $65,144 and $37,207, respectively were not remitted to the Plan within the appropriate time period by the Organization. These transactions constitute prohibited transactions as defined by ERISA. The Organization is taking the appropriate steps to correct the situation by calculating lost earnings and interest and further implementing procedures to ensure that all future remittances are made within the prescribed time period.

9. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
