Independent Auditor's Report

The Plan Administrator
SymphonyAI 401(k) Plan
Palo Alto, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the 2023 Financial Statements

We have performed an audit of the financial statements of SymphonyAI 401(k) Plan (formerly the Symphony Innovation LLC 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2023 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements of the 2023 Financial Statement* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2022 Financial Statements

The accompanying statement of net assets available for benefits of the Plan as of December 31, 2022 were not audited, reviewed, or complied by us and, accordingly, we do not express an opinion or any other form of assurance on them.

SymphonyAI 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the SymphonyAI 401(k) Plan, formerly the Symphony Innovation LLC 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan, which was established effective January 1, 2017 by Symphony Innovation LLC, is a contributory, defined contribution retirement plan available to qualifying employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended and restated effective January 1, 2023 to change the name of the Plan to SymphonyAI 401(k) Plan and to change the plan sponsor to SymphonyAI, LLC and allow for other adopting employers to participate in the Plan (collectively, Company or Employer).

The Plan was amended effective June 5, 2023 to add 1010Data Services LLC as an adopting employer.

Trustee and Administration of the Plan

Prior to January 1, 2023, the recordkeeper of the Plan was ePlan Services Inc. Effective January 1, 2023, the Company approve a change in trustee and recordkeeper and the trustee became Empower Trust Company, LLC and the issuer of the insurance contract held in the Plan became Empower Annuity Insurance Company of America (collectively, Empower). As a result in the change in providers on January 5, 2023, plan assets were liquidated and transferred to Empower. As a result of the transfer, there was a blackout period from December 27, 2022 to January 26, 2023. Empower holds all assets of the Plan in accordance with the provisions of the trust agreement and the service provider contract with the Company.

Angell Pension Group, Inc. is the third-party contract administrator. The administrator of the Plan is the Company. The 401(k) Plan Committee (Committee) determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Mergers

Effective January 1, 2023 the Company approved the merger of the following plans into the Plan:

- Symphony Retail, Inc. 401(k) Profit Sharing Plan
- Ayasdi, Inc. 401(k) Plan
- Symphony MediaAI 401(k) Plan
- Retech Labs 401(k) Plan
- Summit Software 401(k) Plan
- Symphony AI Industrial Plant Performance Inc. 401(k) Plan
- Savigent Software, Inc. 401(k) Profit Sharing Plan

SymphonyAI 401(k) Plan

Notes to Financial Statements

As a result of the mergers, the assets held under the merged plans became 100% vested upon transfer to the Plan. Assets of approximately \$45 million, including outstanding notes receivable, were liquidated and transferred to Empower.

Eligibility

An employee is eligible to become a participant in the Plan on the first day of the month following the attainment of age 18. Prior to January 1, 2023, an employee was eligible to become a participant in the Plan after attainment of age 21 and one month of service. Employees covered by a collective bargaining agreement, leased employees, non-resident aliens, interns, residents of Puerto Rico, and employees whose regularly scheduled service is less than 1,000 hours per year are not eligible to participate in the Plan.

Contributions

Participants may contribute on a pre-tax basis or after-tax Roth basis up to 80% (prior to April 1, 2023 was 100%) of their eligible annual compensation (as defined) into the Plan, subject to certain Internal Revenue Code (IRC) limitations. The Plan also allows catch-up contributions for participants age 50 and over based on IRC limitations. Participants can terminate or change their deferral agreements according to procedures and limitation as determined by the Plan document.

Participants that do not affirmatively elect to opt out of the Plan or elect to defer a different percentage are automatically enrolled at a deferral rate of 4% after meeting eligibility requirements.

The Company makes a Safe Harbor matching contribution each pay period in which the Company matches 100% of the employee's contributions up to 3% of eligible compensation and 50% of the amount of the employee's contributions that exceed 3% but no greater than 5% of eligible compensation.

Effective January 1, 2023, the Plan was amended to allow for an additional discretionary employer matching contribution and an employer discretionary non-elective contribution. The non-elective contribution would be allocated to participants based on the ratio that each participant's compensation bears to the total compensation paid to all eligible participants and is available to participants that work 1,000 hours in the year and were employed on the last day of the year, subject to certain exceptions. For the year ended December 31, 2023, the Company did not make an additional discretionary matching or non-elective contribution.

Rollover contributions from other qualified plans or individual retirement accounts (IRA) may also be made to the Plan if certain criteria are met.

Participants' Accounts

Each participant's account is credited with the participant's pre-tax and Roth, rollover, catch-up, and Company contributions and an allocation of net investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various

SymphonyAI 401(k) Plan

Notes to Financial Statements

investment options offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The maximum term of the loans is five years, unless used for the purchase of a residence, which may have a longer loan period. Participants may only have one loan outstanding at a time. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates as determined on the date of issuance and are fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon death, disability, attaining normal retirement age (65), early retirement age (59½), or termination of service, a participant may receive a lump-sum payment in the amount equal to the participant's vested account balance. Balances less than \$1,000 upon a distributable event are disbursed as a lump-sum payment to the participant if no election is made. Balances over \$1,000 and up to \$5,000 may be rolled over to an IRA in the name of the participant if no election is made. The Plan allows participants to receive hardship withdrawals if certain criteria are met. Other in-service withdrawals are also allowed by the Plan, if certain criteria are met.

Vesting

Participants are 100% vested in their pre-tax, Roth, rollover, and all Company contributions and the allocated earnings thereon.

Forfeitures

Forfeited amounts from other plans merging in or from excess contributions funded during the year may be used to pay administrative expenses or reduce Company contributions. The balance of forfeitures at December 31, 2023 and 2022 was \$18,125 and \$0, respectively. For the year ended December 31, 2023, no forfeitures were used to pay administrative expenses or reduce Company contributions.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

SymphonyAI 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract which is reported at contract value), which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation (depreciation) in the fair value of investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Accounting for Investment Contracts with Insurance Companies

The Plan entered into the EI Fixed Account, a group annuity contract, with Empower. The EI Fixed Account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investments contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The EI Fixed Account is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The interest rate can never be below 0% and interest earned is compounded daily. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is determined by Empower. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. Plan management is not aware of any events occurring.

Contributions

Employee contributions and related employer contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

SymphonyAI 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Benefit payments to participants are recorded when paid to participants.

Administrative Expenses

The Company absorbs a portion of the Plan's administrative expenses on behalf of the Plan, which are excluded from these financial statements. Fees related to the processing of notes receivable from participants, distribution of benefit payments, investment advisory and third-party administrative fees were charged directly to participant accounts. Investment related expenses (in the form of an expense ratio) are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Empower, qualified institutions, have certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2023.
- Interest and dividend income, net appreciation in fair value of investments, and interest earned on notes receivables as reported on the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Certain investment amounts as if December 31, 2023 included in the notes to financial statements.
- All investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

SymphonyAI 401(k) Plan

Notes to Financial Statements

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (Mutual Funds) - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Investment Trust (CIT) - This asset is valued based on the Plan's interest in the fund at NAV as reported by the bank collective trust manager as of the financial statement date. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. This fund is a direct-filing entity.

SymphonyAI 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

December 31,

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023	2022			
Collective investment trust	\$ 119,913	\$ -	None	Daily	12 months

5. Income Taxes

The underlying non-standardized pre-approved plan document has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan document is qualified under Section 401 of the Code and, therefore, the related trust is tax exempt. The plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SymphonyAI 401(k) Plan

Notes to Financial Statements

6. Related Party and Party-in-Interest Transactions

Certain investments are managed by Empower, the trustee and recordkeeper of the Plan. Fees were paid to Empower, the investment advisor, and the third-party administrator for certain administrative and investment management fees. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Delinquent Participant Contributions

During the year ended December 31, 2023, the Company failed to timely remit participant contributions and loan repayments to the Plan. The Company is working on calculating and funding lost earnings. See accompanying supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023.

8. Subsequent Events

The Company has evaluated subsequent events through March 11, 2025, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements other than those described below.

Effective January 22, 2024, the Plan was amended to add NetReveal as an adopting employer and to merge the NetReveal 401(k) Plan into the Plan. Assets of approximately \$6 million, including outstanding notes receivable, were liquidated and transferred to Empower.

Effective April 1, 2024, the Plan increased the automatic cash out distribution threshold from \$5,000 to \$7,000.

Effective January 1, 2025, the Plan was amended to eliminate the safe harbor matching contribution.
