Independent Auditor's Report

To the Plan Administrator of
403(b) Thrift Plan for Community Health Programs, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan for Community Health Programs, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan for Community Health Programs, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan for Community Health Programs, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Community Health Programs, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan for Community Health Programs, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Community Health Programs, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

403(B) THRIFT PLAN FOR COMMUNITY HEALTH PROGRAMS, INC.

Notes to Financial Statements
June 30, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of 403(b) Thrift Plan for Community Health Programs, Inc. (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all eligible employees of Community Health Programs, Inc. (the Plan Sponsor) (the Agency). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors.

b. Eligibility

All employees who are scheduled to work twenty hours or more per week are eligible on their first day of employment with the Plan Sponsor.

Employees are also eligible to receive discretionary matching contributions from the Plan Sponsor. The Plan also allows for the Plan Sponsor to make discretionary non-elective contributions for employees that have worked 1,000 hours during the plan year and are employed on the last day of the plan year. Effective January 1, 2025, long-term part-time employees who worked 500 hours of service in the previous two consecutive years are eligible to participate in the Plan.

c. Contributions

Each year, participants may contribute a percentage up to 100% of pre-tax annual compensation, subject to annual limitations and catch-up provisions. Participants who have attained age 50 before the end of the plan year are eligible for catch-up contributions. The Plan allows participants to contribute all or a portion of their deferrals as post-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

During the year ended June 30, 2024, the Plan Sponsor made discretionary matching contributions of \$284,951. During the year ended June 30, 2024, the Plan Sponsor did not approve any discretionary non-elective contributions.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's discretionary matching and non-elective contributions, and an allocation of plan earnings and appreciation of investments and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

e. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are entitled to a portion of their account balance from the Plan Sponsor's discretionary matching contributions and the discretionary non-elective contributions in accordance with the following vesting schedule:

<u>Year of Service</u>	<u>Vested Percent</u>
Less than 1 year	0%
More than 1 year but less than 2 years	20%
More than 2 years but less than 3 years	40%
More than 3 years but less than 4 years	60%
More than 4 years but less than 5 years	80%
More than 5 years	100%

A participant becomes fully vested upon death, disability or attainment of normal retirement age.

f. Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan allowed is \$1,000. Participants are allowed only one outstanding loan at a time. Interest is due on the outstanding principal balance at the prime rate plus 1.5%. Loans are payable over a five-year maturity, or twenty-five years if the loan is used for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions.

g. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65, with no option for early retirement. Upon termination of service due to death, disability or retirement, a participant receives either a single life annuity or a qualified joint and survivor annuity equal to the participant's vested portion. The Plan allows balances up to \$1,000 be paid out to participants upon termination and allows balances from \$1,000 to \$5,000 be rolled over to an Individual Retirement Account (IRA).

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or their delegate.

h. Forfeitures

Forfeitures represent non-vested amounts forfeited by participants who terminate their employment or who withdraw from the Plan. Forfeitures may be used to reduce future Plan Sponsor contributions and pay for plan expenses. As of June 30, 2024 and 2023, there were \$34,843 and \$25,553, respectively, of unallocated forfeitures available. Subsequent to plan year-end, the Plan Sponsor used forfeitures totaling \$53,345 to pay for Plan Sponsor contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds and pooled separate accounts are reported at fair value. Shares of mutual funds are stated at quoted market prices on public exchanges, which represent the net asset value (NAV) of shares held by the Plan at year-end. Units held by the Plan in pooled separate accounts are measured based on each fund's daily NAV measured as a practical expedient, which is considered by the Plan Administrator to be the best approximation of fair value. The guaranteed investment contracts are valued at contract value as they are fully benefit-responsive. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institutions. See Note 4 for discussion of fair value measurement.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. As of June 30, 2024, there were \$32,836 of defaulted loans included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Contributions

Contributions from plan participants and the discretionary matching contributions from the Agency are recorded in the year which the participant contributions are withheld from compensation. Discretionary non-elective contributions are recorded when such contributions are authorized by the Agency's Board of Directors.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related directly to the administration of notes receivable from participants, benefit payments and investment advisory services are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through March 20, 2025, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements, except as noted in Note 1b.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America Life Insurance Company (Mutual of America) and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the qualified institutions, have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of June 30, 2024 and 2023, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2024, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2024.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. *Fair Value Measurement* establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

403(B) THRIFT PLAN FOR COMMUNITY HEALTH PROGRAMS, INC.

Notes to Financial Statements
June 30, 2024 and 2023

3. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The determination of where assets and liabilities fall within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and measured using Level 1 inputs.

Pooled separate accounts: The pooled separate accounts are stated at the market value which equals the number of participation units owned in the subaccount multiplied by unit value of the participation unit. The unit values of participation units in the subaccounts are determined by Mutual of America based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are the contract charges imposed by Mutual of America, divided by the number of participation units outstanding. This value is also commonly referred to as the NAV of the participation units, which is considered by Plan management to be a practical expedient to determine fair market value, unless it is probable that all or a portion of the pooled separate accounts will be sold for an amount different from NAV. As of June 30, 2024 and 2023, the Plan has no plans to sell the pooled separate accounts at amounts different from NAV. The daily charges imposed on these subaccounts for any valuation period are equal to the daily mortality and expense risk charge and the daily administrative charge multiplied by the number of calendar days in the valuation period. The value of each accumulation unit is published each business day. There are no unfunded commitments from participants in the Plan who invest in these accounts.

There have been no changes in the methodologies used at June 30, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENT (Continued)

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

<u>Description</u>	<u>2024</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	<u>\$ 10,393,567</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 10,393,567
Pooled separate accounts, measured at NAV				<u>5,661</u>
Total investments, at fair value				<u>\$ 10,399,228</u>

<u>Description</u>	<u>2023</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	<u>\$ 8,578,714</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 8,578,714
Pooled separate accounts, measured at NAV				<u>6,937</u>
Total investments, at fair value				<u>\$ 8,585,651</u>

The following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments, and the fair values of which are estimated using the NAV per share as of June 30:

	<u>Fair Value</u>		<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
	<u>2024</u>	<u>2023</u>		
Pooled separate accounts:				
Growth funds (a)	\$ 4,376	\$ 5,052	Daily	Daily
Equity funds (b)	<u>1,285</u>	<u>1,885</u>	Daily	Daily
Total pooled separate accounts	<u>\$ 5,661</u>	<u>\$ 6,937</u>		

(a) These funds invest primarily in growth stocks issued by companies with small sized market capitalizations that the advisor believes to possess above-average growth potential. This group of funds also includes a fund that invests in stock of blue-chip growth companies.

(b) These funds invest in various types of domestic stocks in the large, midsized or smaller capitalization groups to seek long-term capital growth.

5. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated March 31, 2017, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

403(B) THRIFT PLAN FOR COMMUNITY HEALTH PROGRAMS, INC.

Notes to Financial Statements
June 30, 2024 and 2023

5. TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Agency has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the Plan's qualified institutions, notes receivable from participants, and expenses paid to the Plan's third-party administrator out of Plan assets are considered party-in-interest transactions. During 2024, the Plan paid the qualified institutions administrative service fees of \$11,166.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

9. GUARANTEED INVESTMENT CONTRACT WITH MUTUAL OF AMERICA

The Plan has an investment contract with Mutual of America. Contributions are held in the Mutual of America general account and are maintained in a group annuity account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is considered fully benefit-responsive and is presented at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, there are certain events that limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. The insurance company may not terminate the contract at any amount less than contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a monthly basis for resetting.

10. GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL

The Plan also has a fully benefit-responsive group annuity contract issued by Principal, presented as the Principal Fixed Income Guaranteed Option (PFIGO). The investment contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate.

The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate". Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semi-annual basis and will never be less than the Guaranteed Minimum Interest Rate. The methodology for calculating the Guaranteed Minimum Interest Rate is defined in Article I, Section II of the contract under the term "Guaranteed Minimum Interest Rate".

Average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts. PFIGO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract has a 5% surrender fee should the Plan discontinue the contract without proper notification as prescribed in the contract.
