INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
CyrusOne 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of CyrusOne 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CyrusOne 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of CyrusOne 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CyrusOne 401(k) Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CyrusOne 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CyrusOne 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023, and of assets (held at end of year) as of December 31, 2023, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of CyrusOne 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a comprehensive description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by CyrusOne LLC (the "Company", "Plan Sponsor", or "Employer"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established May 1, 2001, and restated effective January 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Organization has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets. An affiliate of the Trustee maintains participant accounts and transactions related to participant-initiated activity.

Eligibility

All eligible employees of the Company who have completed thirty consecutive days of service and attained the age of 18 are eligible to participate in the Plan. The Plan excludes nonresident aliens, employees covered under a collective bargaining agreement, and individuals considered to be part-time, seasonal, temporary, or reclassified employees, as defined in the plan documents. Eligible employees may enter the Plan monthly.

1. DESCRIPTION OF PLAN (continued)

Contributions

Participants may elect to contribute up to 75% of their eligible compensation as pre-tax or Roth contributions, up to the maximum Internal Revenue Service (IRS) contribution limit (\$22,500 for 2023). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRS limit (\$7,500 for 2023). Participants may also make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of the participant's eligible compensation in pre-tax contributions.

The Plan provides for a Safe Harbor matching contribution, made by the Company. Prior to January 1, 2023, the Employer matched 100% of elective deferral contributions not over 3% of eligible compensation, plus 50% of elective deferral contributions over 3% and up to 5% of eligible compensation. Effective January 1, 2023, the plan documents were amended to increase the Employer matching contributions to 100% of elective deferral contributions that do not exceed 6% of eligible compensation.

The Company may, at its discretion, elect to make additional Employer non-elective contributions to the Plan. No Employer non-elective contributions were made to the Plan for the year ended December 31, 2023.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Employer matching contributions, Employer non-elective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investments of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and Employer matching contributions plus actual earnings thereon. Participants vest in discretionary Employer non-elective contributions, if any, ratably at 20% per year of service over a five year period.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Notes receivable from participants ("participant loans") may be made to participants at their request subject to certain statutory and Plan limitations on principal and repayment provisions. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% upon origination. Participant loans must be repaid within five years unless the loan is used for the purchase of a principal residence, in which case the repayment period may be extended up to a maximum of fifteen years. As of December 31, 2023, participant loans interest rates ranged from 4.25% to 9.50% and matured at various dates through April 2037.

Payment of benefits

Upon termination of service due to death, disability, severance of service, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installment payments. If a participant's account balance is less than or equal to \$1,000 upon termination, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Upon termination of employment, balances greater than \$1,000 and less than or equal to \$5,000 will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, installment payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents.

Upon attaining the age of 59 ½, the participant may, while still employed by the Company, request a withdrawal from their account. In certain circumstances as described in the plan documents and in accordance with IRS regulations, participants may qualify for a hardship or qualified reservist withdrawal.

Forfeited accounts

Forfeitures may occur as a result of excess Employer contributions or forfeited non-vested Employer contributions. The Plan provides that forfeited accounts can be used to pay Plan expenses or to reduce Company contributions. For the year ended December 31, 2023, forfeitures of \$131 were used to offset Employer contributions and forfeitures of \$280 were used to pay Plan expenses. Forfeited nonvested accounts totaled \$0 as of December 31, 2023 and 2022.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN (continued)

Administrative expenses (continued)

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include but are not limited to investment expenses and costs to process distributions and notes receivable to participants. Generally, the Employer pays for administrative expenses of the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer matching contributions and Employer non-elective contributions, if any, are recorded in the year they are earned and to coincide with the year which the Employer records the contribution to the general ledger. The Plan records receivables, if any, for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions are recorded based on the date the rollover contributions are received by the Trustee.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the participant loan is determined to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Subsequent events

The Plan administrator has evaluated subsequent events through March 26, 2025, the date the financial statements were available to be issued. Effective January 1, 2025, the plan documents were amended to exclude certain earnings codes from the definition of eligible compensation. Plan management is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the Plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022;

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)
(continued)

- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2023.

Accordingly, as requested by the Plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The fair value hierarchy levels of inputs that may be used to measure fair value are as follows:

- *Level 1* - Quoted prices in active markets for identical assets or liabilities.
- *Level 2* - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported on the open market. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

4. FAIR VALUE MEASUREMENTS (continued)

The Plan's investment in the Guaranteed Interest Account (GIA) is carried at contract value (Note 5). Such investments are not disclosed within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, by type, as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 47,388,977</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 47,388,977</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, by type, as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 35,718,891</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,718,891</u>

5. GUARANTEED INTEREST ACCOUNT

The Plan maintains a guaranteed interest account, ("account" or "contract") issued by Principal Life Insurance Company (the "account issuer" or "issuer"). The account is credited with contributions and with interest and charged for participant withdrawals and administrative expenses. The account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and participants. The account does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria of a guaranteed investment account and therefore is reported in the Plan's financial statements at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

5. GUARANTEED INTEREST ACCOUNT (continued)

The guaranteed minimum interest rate is based on a formula established by the issuer but may not be greater than 3% or less than 1%. The crediting rate is reviewed on a semiannual basis for resetting. The crediting interest rate as of December 31, 2023 and 2022, was 6.05% and 1.75%, respectively. The contract does not permit the account issuer to terminate the agreement prior to the scheduled maturity date.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, early withdrawal from the guaranteed interest account, and premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer or with Plan participants.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in all contributions.

7. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by Principal Life Insurance Company (the "pre-approved plan"). The IRS informed the pre-approved plan issuer by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Trustee retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
