Independent Auditors' Report

To the Trustees of
The CTC Academy, Inc. 403 (b) Plan
Oakland, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The CTC Academy, Inc. ("CTC") 403(b) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the financial statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Trustees of
The CTC Academy, Inc. 403(b) Plan

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Trustees of
The CTC Academy, Inc. 403(b) Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters (*Supplemental Schedule Required by ERISA*)

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

To the Trustees of
The CTC Academy, Inc. 403(b) Plan

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The CTC Academy, Inc. (“CTC”) 403(b) Plan (the “Plan”) is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established on November 1, 2003, as a tax deferred annuity plan for the purpose of providing eligible employees of The CTC Academy, Inc. (“CTC”) and their beneficiaries funds for retirement.

Effective January 1, 2022, the Plan was amended from the 12-month year ending December 31st, to the 12-month year ending June 30th.

Administration of the Plan

The general administration of the Plan and the responsibility for carrying out its provisions shall be placed on The CTC Academy Inc. CTC is the Plan sponsor and serves as the Plan Administrator and Trustee. CTC has engaged the services of an independent company to assist it with the performance of its duties. Alerus Financial, N.A (“Alerus”) serves as the plan custodian.

Eligibility

All employees are eligible to make salary reduction contributions, except union employees and non-resident aliens with no U.S. sourced income. An employee is considered eligible if they are an employee of The CTC Academy, Inc., provided they are not otherwise excluded from the Plan. Employees enter the Plan immediately upon their enrollment.

All employees who complete at least 12 consecutive months of service and reach a minimum of 750 hours or one year of service during the Plan year are eligible to receive employer matching contributions and employer discretionary contributions.

Contributions

Each year, participants may contribute pre-tax up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds.

CTC may elect to make discretionary matching contributions during the Plan year. For the years ended June 30, 2024 and 2023, the employer matching contributions equaled 30% of the deferred compensation, contributed by the participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The CTC Academy, Inc. 403(b) Plan
Notes to Financial Statements
June 30, 2024 and 2023

Per the Plan document, CTC may also elect to make a discretionary contribution. CTC did not make discretionary contributions for the Plan years ended June 30, 2024 and 2023.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer matching contributions, any discretionary contribution made and investment earnings. Participant accounts are charged with withdrawals and an allocation of investment income (losses) and administrative expenses that are paid by the Plan. The amount of investment income a participant's account earns is contingent upon the nature of the investments chosen by the participants.

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately in their contributions plus actual earnings thereon. Vesting in the CTC's contribution portion of accounts is based on years of continuous service and follows the chart below. Moreover, participants are fully and automatically vested in their accounts after becoming eligible for retirement, incurring a disability prior to termination, or upon death.

<u>Years of Service</u>	<u>Vested Percentage</u>
1 Year	20%
2 Years	40%
3 Years	60%
4 Years	80%
5 Years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balances or \$50,000 (reduced by the highest value of any outstanding loan balance in the preceding 12 months). The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Interest rates range from 4.25% to 9.5%. Principal and interest is paid ratably through payroll deductions.

The maximum number of loans available to a participant at any given time is two loans. Terms depend on the type of loan; a general loan must be repaid within five years, even for the purchase of a principal residence.

Payment of Benefits

On termination due to death, disability or retirement, a participant or his or her beneficiary will receive payment equal to the value of the participant's vested interest in his or her account through a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant has not begun taking distributions before the required beginning day for the distributions, the Plan generally must commence distributions as of such date. The required beginning date is April 1 following the end of the calendar year in which the participant attains age 72 or terminates employment, whichever is later.

In-Service Withdrawals

An active participant may withdraw all or a portion of their vested account balance on January 1st of the calendar year in which they attain the age of 59 ½. The participant is also entitled to withdraw all or a portion of their rollover account balance, if any, at any time. In the event a participant suffers financial hardship, as defined in the Plan, the participant may generally withdraw all or part of the vested portion of his/her account.

Forfeited Accounts

Forfeitures are the non-vested amounts in the accounts of participants who terminate service. In accordance with the Plan, forfeitures are used to reduce employer contributions or to pay administrative expenses. At June 30, 2024 and 2023, forfeited non-vested amounts totaled \$6,126 and \$4,189, respectively. During the years ended June 30, 2024 and 2023, employer contributions were reduced by \$24,323 and \$93,944, respectively. During the years ended June 30, 2024 and 2023, \$25,559 and \$780 of administrative fees were also paid using the forfeited account balance amounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the amounts of assets and liabilities, revenues and expenses and changes therein, and disclosures of contingent assets and contingent liabilities and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies using information provided by investment advisors and custodians. See Note 4 for fair value disclosure. Participant loans are valued at outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on an accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of June 30, 2024 and 2023. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by CTC. Expenses that are paid by CTC are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan's administrator has reviewed subsequent events and transactions that occurred after June 30, 2024, through the date of the independent auditors' report and the date the financial statements were available to be issued, March 7, 2025. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Management has determined that there are no nonrecognized subsequent events that require additional disclosure.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule and in Note 4, including investments and notes receivable from participants held at June 30, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years ended June 30, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus Financial (the custodian of the plan) are as follows:

	<u>2024</u>	<u>2023</u>
Statement of Net Assets Available for Benefits:		
Non interest bearing cash	\$ 4,000	
Investments	11,827,392	\$ 9,593,757
Notes receivable from participants	127,603	134,587
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	1,199,029	900,750
Dividends and interest income	356,743	34,531
Other	345	
Interest income on notes receivable from participants	12,145	4,657

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The CTC Academy, Inc. 403(b) Plan
Notes to Financial Statements
June 30, 2024 and 2023

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of June 30, 2024 and 2023:

	June 30, 2024	
	Level 1	Total
Mutual Funds	\$ 11,827,392	\$ 11,827,392
Total assets at fair value	<u>\$ 11,827,392</u>	<u>\$ 11,827,392</u>

	June 30, 2023	
	Level 1	Total
Mutual Funds	\$ 9,593,757	\$ 9,593,757
Total assets at fair value	<u>\$ 9,593,757</u>	<u>\$ 9,593,757</u>

5. Plan Termination

Although it has not expressed intent to do so, CTC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of the Plan termination or if employer contributions are permanently discontinued, the rights of the participants under the Plan will become fully vested and non-forfeitable. Should the Plan terminate at some future time, the assets of the Plan are to be distributed to the participants, their beneficiaries, or estates, in accordance with the value of the accounts as of the date of the termination of the Plan.

6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America, require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investments are managed by the custodian. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Additionally, CTC is the Plan sponsor and administrator, therefore is a party-in-interest to the Plan. However, there are no transactions with CTC, other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan. These transactions qualify as exempt party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
