## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
Philadelphia Marine Trade Association -  
International Longshoremen's Association  
Vacation & Welfare Fund  
Philadelphia, PA

### Opinion

We have audited the accompanying financial statements of Philadelphia Marine Trade Association - International Longshoremen's Association Vacation & Welfare Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and obligations of Philadelphia Marine Trade Association - International Longshoremen's Association Vacation & Welfare Fund as of September 30, 2024 and 2023, and the changes in its net assets available for benefits and of benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Reporting on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held at End of Year and Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**1. DESCRIPTION OF THE PLAN**

The following description of the Philadelphia Marine Trade Association - International Longshoremen's Association Vacation and Welfare Fund (the Plan) provides only general information. Participants should refer to the Plan for a more complete description of the Plan's provisions.

The Philadelphia Marine Trade Association - International Longshoremen's Association Vacation & Welfare Fund (the Plan) provides health and other benefits for eligible members of the International Longshoremen's Association who are employed as longshoremen throughout Philadelphia, Southern New Jersey and Delaware.

The Plan is a multiemployer welfare benefit plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established pursuant to various collective bargaining agreements.

The Plan provides weekly disability income, life insurance benefits and limited medical benefits. Medical benefits are provided only to retirees who have lost major medical coverage prior to obtaining Medicare eligibility. As discussed in Note 3, MHCTF provides dental, vision, medical and prescription drug benefits to eligible participants.

The participants in the Plan also receive two vacation benefit payments per year provided they have been credited with the required hours during the contract year and meet other eligibility requirements. The amount of the benefit is determined by the collective bargaining agreement.

Beginning in December 2013, eligible participants receive an annual holiday benefit payment. The amount of the benefit varies depending on work classification.

As of October 1, 2018, participants that are eligible for the Pension Fund "Window Incentive" will receive from the Vacation Fund a payment of \$16,000 per year for 5 years, beginning in the year where the participants are no longer eligible for Vacation Fund benefits based upon hours worked. In applying for the *Retirement Window Incentive Bonus Payment*, the Active Participant/Retiree agree not to return to the industry.

Reference should be made to the summary plan description for specific details on benefits and on eligibility and hours worked requirements.

*General*

Per a joint resolution by the PMTA – ILA Employee Benefit Fund's Board of Trustees, effective February 7, 2011, contributions are no longer allocated to the Vacation & Welfare Fund. However, all contributions related to participation agreements and the casual employee classification must still be paid at the current rates. In addition, approximately \$3,990,000 and \$3,900,000 was allocated from collective employer contributions to the Vacation & Welfare Fund during fiscal years ended September 30, 2024 and 2023, respectively.

For the years ended September 30, 2024 and 2023 the PMTA-ILA Employee Benefit Funds received \$460,000 and \$1,180,000, respectively, in assistance from CR-5 related to the retirement incentive program. In addition, the Board of Trustees allocated \$2,939,674 to the Vacation & Welfare Fund in 2024 and 2023 per year to support the holiday payout program and general financial health of the welfare plan. These funds were also received indirectly through the CR-5 container royalty program.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

*Contributions Receivable*

Employer contributions are recorded for hours worked through September 30<sup>th</sup> but collected subsequent to September 30<sup>th</sup>. No provision has been made for bad debts at September 30, 2024 and 2023 as management believes all receivables will be collected.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Benefit Obligations*

The vacation distribution payable in December is recorded for hours worked through September 30<sup>th</sup> and collected by December that have not been distributed in June or August. In addition, the year end benefit obligation includes the holiday payout which is based on eligibility as of September 30<sup>th</sup>. Any accumulated net assets at year end are available for distribution in the next scheduled distribution.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

*Risk and Uncertainties*

The assets for the Plan are primarily financial instruments which are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than do the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. Investments in funds are subject to risk conditions of the individual fund objectives, stock and bond market fluctuations, interest rate changes, economic conditions and world affairs.

*Cash and equivalents*

Cash and equivalents represents cash on hand, operating checking, and savings accounts.

The Fund maintains checking and savings balances in financial institutions located in the Philadelphia area. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At certain times, the amount of deposit may exceed the insured amount.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Subsequent Events*

Management has evaluated events and transactions occurring subsequent to September 30, 2024 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date these financial statements were available for issue.

**3. COMMITMENT WITH MANAGEMENT - ILA MANAGED HEALTH CARE TRUST FUND**

As a result of the collective bargaining agreement effective October 3, 1996, entered into between the employer associations in the Atlantic and Gulf ports, including the PMTA and ILA, ("the Master Contract") a new Management-ILA Managed Health Care Trust Fund (MHCTF) was established on March 19, 1997.

The Trustees of the MHCTF have established standards for managed health care, retiree Medicare Risk HMO and national pharmacy benefit programs to replace the individual port welfare programs covered by the Master Contract. The MHCTF Trustees have also established eligibility for health care and other welfare benefits. A local port's entitlement to benefits provided by the MHCTF is dependent on the former's adoption of these standards.

The PMTA-ILA Memorandum of Agreement dated November 12, 2004 states that should the Plan experience a shortfall in funding necessary to provide the current level of benefits, the PMTA and its employer members shall contribute additional money sufficient to maintain such benefits for the duration of the agreement. The Plan may apply for financial assistance and, upon approval, receive additional monies from the Management-ILA CFS Fund.

Effective January 1, 2011, dental and vision benefits are no longer provided by the Plan. Those benefits are provided under the MILA MHCTF.

**4. PLAN TERMINATION**

Upon dissolution or termination of the Plan by agreement of the parties or otherwise, the administrators shall continue to pay the expenses and provide benefits in effect to all eligible employees, beneficiaries and dependents until the Plan assets are exhausted.

**5. INVESTMENTS**

During 2024 and 2022 the Plan's investments appreciated (depreciated) in value by \$258,596 and (\$70,888), respectively.

**6. FAIR VALUE MEASUREMENTS**

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the higher priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. An asset's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under ASC 820 are as follows:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets.
- Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset.
- Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e. supported with little or no market activity).

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period:

Common stock, U.S. Treasury Notes and the money market mutual fund are valued at the closing price reported in the active market in which the individual security is traded.

Corporate bonds, government agency, and mortgage and asset backed securities, for which quoted market prices are not available, are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

**6. FAIR VALUE MEASUREMENTS (Continued)**

Investment securities measured at fair value on a recurring basis for which the Plan has elected the fair value option are summarized below:

	<u>Fair Value Measurements at Reporting Date Using:</u>			
	<u>Total Fair Value</u>	<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Significant Observable Inputs (Level 2)</u>	<u>Other Significant Unobservable Inputs (Level 3)</u>

<b><u>Total Investments</u></b>	<b>\$ 5,937,474</b>	<b>\$ 4,468,480</b>	<b>\$ 1,468,994</b>	<b>\$ -</b>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended September 30, 2024 and 2023, are included in net appreciation (depreciation) of investments.

**7. FEDERAL TAX STATUS**

The IRS has determined and informed the company by a letter that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. TAXABILITY OF BENEFITS**

The Vacation and Holiday benefits received by the participants of the Fund are taxable to them in the same manner as wages under federal and state laws. The fund is responsible for the taxes imposed under the same federal and state laws.

**9. RELATED PARTY TRANSACTIONS**

The Plan has three related organizations with whom it has some common trustees: the PMTA-ILA Pension Fund; the PMTA-ILA Defined Contribution Plan (Annuity Fund) and the PMTA-ILA Containerization Fund.
