## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
Philadelphia Marine Trade Association -  
International Longshoremen's Association  
Containerization Fund  
Philadelphia, Pennsylvania

### **Opinion**

We have audited the accompanying financial statements of Philadelphia Marine Trade Association - International Longshoremen's Association Containerization Fund (the Plan), which comprise the statements of net assets available for benefits and of benefit obligations as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and obligations of Philadelphia Marine Trade Association - International Longshoremen's Association Containerization Fund as of September 30, 2024 and 2023, and the changes in its net assets available for benefits and of benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Reporting on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Operating Expenses is presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule of Assets Held at Year End is presented for purpose of additional analysis and is not a required part of the basic financial statements but is required by the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

***1. DESCRIPTION OF THE PLAN***

The following description of the Philadelphia Marine Trade Association - International Longshoremen's Association Containerization Fund (the "Plan") provides only general information. Participants should refer to the Plan for a more complete description of the Plan's provisions.

*General*

The Plan was established as a result of a collective bargaining agreement between the Philadelphia Marine Trade Association and the Union (ILA) to compensate Union members who may lose compensation due to the technological advances made in off-loading cargo from oceangoing vessels in the Ports of Philadelphia. The contributions to the Fund are based on the tonnage of containerized cargo unloaded at the Ports. An annual distribution to eligible members is determined by a Board of Trustees which includes equal members of the PMTA and ILA.

*Benefits*

Effective March 4, 2010, the following eligibility rule amendments only affect new eligibility. All participants must be Basic Unit at the time of distribution.

Those that received a benefit payment in a prior year would be grandfathered in and would continue to receive a benefit payment in future years as long as they met the hours requirement. Every contract year, ending September 30, a participant must work at least 600 hours or have a combination of 700 hours; work, workmen's compensation, and/or disability credits (as defined in Article III as illness or injury credits) in order to receive a benefit payment the following March. For participants seeking eligibility for the first time they must meet the yearly hour requirement as well as have 8,000 credited hours in eight consecutive contract years or ten consecutive contract years if they do not attain in eight contract years. Should a participant lose Basic Unit status but regain it the following year, he/she will be eligible for a Container check if he/she meets the hours requirement. A participant who loses Basic Unit status and does not regain it the following year, must regain Basic Unit status and must achieve the 8,000 credited hours in his/her last eight (8) or ten (10) years.

Effective March 15, 2012, if the participant's 100% withdrawal from the PMTA-ILA Defined Contribution account was prior to September 30, 2011, then the casual hire status would be effective October 1, 2011 for Container Fund eligibility. If the date of the participant's 100% withdrawal from the PMTA-ILA Defined Contribution account was on or after October 1, 2011, then the casual hire status would be effective October 1, 2012. However, participants will be given eligibility for a container check if they have the hours work required (600 hours) or if they have the combination of work and Workers' Compensation and/or disability credits (700 hours).

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

*Contributions Receivable*

Employer contributions are recorded for tonnage reported through September 30th but collected subsequent to September 30th to be distributed as part of the annual distribution in December of the following fiscal year. No provision has been made for bad debt at September 30, 2024 and 2023 as management believes all receivables will be collected.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accruable basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Benefit Obligations*

The distributions payable December 2024 and 2023 are recorded for hours worked through September 30, 2024 and 2023.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

*Risk and Uncertainties*

The assets for the Plan are primarily financial instruments which are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than do the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. Investments in funds are subject to risk conditions of the individual fund objectives, stock and bond market fluctuations, interest rate changes, economic conditions and world affairs.

*Subsequent Events*

Management has evaluated events and transactions occurring subsequent to September 30, 2024 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date these financial statements were available for issue.

**3. PLAN TERMINATION**

Upon dissolution or termination of the Plan by agreement of the parties or otherwise, the administrators shall continue to pay the expenses and provide benefits in effect to all eligible employees, beneficiaries and dependents until the Plan's assets are exhausted.

**4. FEDERAL TAX STATUS**

The IRS has determined and informed the company by a letter that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**5. CONCENTRATION OF CREDIT RISK**

The Plan maintains its cash in a bank deposit account at a single financial institution. The balance, at times, may exceed federally insured limits.

**6. FAIR VALUE MEASUREMENTS**

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the higher priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. An asset's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under ASC 820 are as follows:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets.
- Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset.
- Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e. supported with little or no market activity).

INTERNATIONAL LONGSHOREMEN'S ASSOCIATION  
CONTAINERIZATION FUND  
NOTES TO FINANCIAL STATEMENTS**

**6. FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market mutual funds are valued at the closing price reported in the active market in which the individual security is traded, which is generally cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

Investment securities measured at fair value on a recurring basis for which the Plan has elected the fair value option are summarized below:

	<u>Fair Value Measurements at Reporting Date Using:</u>			
	Total	Quoted Prices In Active Markets	Significant Observable	Other Significant
	Fair Value	for Identical Assets (Level 1)	Inputs (Level 2)	Unobservable Inputs (Level 3)
	<u>                    </u>	<u>                    </u>	<u>                    </u>	<u>                    </u>

**8. CONTAINER ROYALTY CAP PROGRAM**

The PMTA-ILA Containerization Fund (Port of Philadelphia) received a subsidy payment in the amount of \$2,939,674, in both 2024 and 2023, from the CR5 Program which is calculated in accordance with the provision of Section 4, Article XI of the Master Contract. This subsidy cannot increase container benefits and will be transferred to another PMTA-ILA Benefit Fund. The 2024 and 2023 subsidy was allocated to the PMTA-ILA Vacation and Welfare Fund and transferred subsequently.

**9. CONTAINER ROYALTY PAYOUT PROCEDURE**

In accordance with an agreement between the International Longshoremen's Association (ILA) and the United States Maritime Alliance (USMX), the Container Royalty Central Collection Fund (CRCCF) will administer the collection and payouts for Container Royalties 1 and 3.

In addition, the terms of the USMX-ILA Master Contract stipulate the procedure that must be followed in determining the benefits payable to eligible participants. All funds in excess of the proscribed benefit obligation must be returned to CRCCF. Accordingly as of September 30, 2024 and 2023, \$6,852,833 and \$5,028,510, respectively, is recorded as a liability payable to CRCCF in the accompanying financial statements.
