Independent Auditors' Report

The Plan Administrator of American Limousine, LLC 401(k) Plan

Opinion

We have audited the accompanying financial statements of American Limousine, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

**The Plan Administrator of
American Limousine, LLC 401(k) Plan**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American Limousine, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following description of the American Limousine, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Effective August 24, 2020, the Plan changed its name from Addison Lee Group 401(k) Retirement Plan to American Limousine, LLC 401(k) Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering eligible employees of Addison Lee, American Limousine LLC and TriStar Worldwide (the "Companies" or "Employers"). Employees, excluding union, nonresident aliens, and leased employees, become eligible to participate in the Plan upon attaining age twenty-one and completing three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

Contributions

Upon completing the eligibility requirements, employees are automatically enrolled into the Plan at a rate of 4% of eligible compensation for pre-tax deferrals unless they affirmatively opt out. Employees may contribute a percentage of their eligible compensation, through payroll deductions made on a pre-tax basis or after-tax basis (Roth). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants may also contribute amounts representing distributions from other qualified plans.

The Companies make discretionary matching contributions in an amount equal to the lesser of 1% of a participant's eligible compensation or 25% of a participant's contributions, subject to Internal Revenue Service ("IRS") limitations. The Employers may make a discretionary profit sharing contribution to the Plan. For the year ended December 31, 2023, no profit sharing contributions were made to the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies discretionary matching and profit sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Regardless of the vesting schedule, a participant will become fully vested upon death or total and permanent disability.

1. Description of Plan (*continued*)

Participant Accounts

Each participants account is credited with the participant's contributions and allocations of (a) the Companies' contribution and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$215 and \$265. These accounts will be used to pay administrative expenses or reduce future Employer contributions. During 2023, forfeitures of \$899 were used to pay administrative expenses and no forfeitures were used to reduce employer contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate plus two percentage points. Principal and interest is paid ratably through payroll deductions. The loan must be repaid within a period not to exceed five years from the date the participant receives the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan may be repaid within a period in excess of five years. A participant may only have one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds and money market fund are valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will see the investment for an amount different than the reported NAV. The brokerage accounts are self-directed accounts and are valued based on the account's underlying investments held as of the end of the plan year. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The brokerage accounts consist of: mutual funds, common stocks and money market funds.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 25, 2025.

3. Investments (*continued*)

Common/Collective Trusts

The Plan invests in 5 common/collective trusts (the "Trusts"). Wilmington Trust, N.A. is the trustee of the Trusts. The NAV for each of these Trusts is determined each business day. Issuances and redemptions of units are transacted at the NAV of the Trusts determined as of the close of business each day. These Trusts have no unfunded commitments at December 31, 2023 and 2022.

4. Party-in-Interest Transactions

Certain investments of the Plan are managed by an affiliate of the Plan's custodian, Fidelity Personal Trust Company. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Companies contributions.

6. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated November 30, 2020 from the IRS stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
