REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

To the Plan Administrator
Cardo Windows, Inc. 401K Plan
Mt. Laurel , NJ

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cardo Windows, Inc. 401K Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cardo Windows, Inc. 401K Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cardo Windows, Inc. 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cardo Windows, Inc. 401K Plan ability to continue as a going concern one year after the date of the financial statements are available to be issued..

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cardo Windows, Inc. 401K Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cardo Windows, Inc. 401K Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at end of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARDO WINDOWS, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Cardio Windows, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan effective January 1, 2023, covering eligible employees and subject to the provisions of ERISA. Cardio Windows, Inc.'s regular full-time and part-time employees, are eligible to participate in the Plan after 3 months of service at age 18.

Contributions

Each year, participants may contribute up to 90% of their compensation to the Plan, not to exceed the maximum allowable IRC 402(g) limit of \$22,500 for 2023. The Plan has an automatic default arrangement of 3% of pre-tax compensation. Participants who have attained age 50 before the plan year's end are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans. Roth elective deferrals are permitted under the Plan.

The Company may make a discretionary matching contribution. For 2023, the company elected not to match. The maximum IRC 415 limit for total contributions made on behalf of a participant (deferrals and employer contributions) is \$66,000 for 2023. Catch-up contributions can be made in excess of this limit.

Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various pooled separate accounts and stable value account for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that were paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company matching contribution and nonelective contributions are based on a 1–4-year graded schedule.

Notes Receivable from Participants

Loans are not permitted under the Plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions. In-service withdrawals are permitted for hardship.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except fully benefit-responsive investment contracts, which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded in the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investments related expenses are included in net appreciation (depreciation) of the fair value of investments.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

<i>Level 1</i>	<i>Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.</i>
<i>Level 2</i>	<i>Inputs to the valuation methodology include</i> <ul style="list-style-type: none"><i>• quoted prices for similar assets or liabilities in active markets;</i><i>• quoted prices for similar assets or liabilities in inactive markets;</i><i>• inputs other than quoted prices that are observable for the asset or liability;</i><i>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</i> <p><i>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</i></p>
<i>Level 3</i>	<i>Inputs to the valuation methodology are unobservable and significant to the fair value measurement.</i>

CARDO WINDOWS, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Pooled separate accounts: are valued based upon the unit values of such pooled accounts held by the Plan at yearend. The pooled separate accounts are priced daily and participants transact at that price. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023:

	<u>Asset at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts		\$ 233,420	\$ -	\$ 233,420
Total asset at fair value	<u>\$ -</u>	<u>\$ 233,420</u>	<u>\$ -</u>	<u>\$ 233,420</u>

NOTE 5. TRANSAMERICA STABLE VALUE

The Plan invests in a fully benefit-responsive GIC with TFLIC, where TFLIC maintains the contributions in a general account ("Stable Fund"). TFLIC credits the account with participant contributions and earnings and charges the account for participant withdrawals and administrative expenses. The GIC issuer contractually must repay the principal and a specified interest rate that the issuer guarantees to the Plan. The Stable Fund consists of stable fund segments based on the date the Stable Fund receives contributions. TFLIC establishes a guaranteed rate of interest for each segment and credits a rate of interest at least equal to the guaranteed rate for that Stable Fund segment until the Stable Fund segment maturity date. On the Stable Fund segment maturity date, the guaranteed rate of interest for that Stable Fund segment will expire. Stable Fund segments mature at the end of each calendar year. Upon written notice, TFLIC will transfer the amount in that Stable Fund segment to any of the investment funds maintained under the contract. If TFLIC does not receive written notice from the contract holder prior to the Stable Fund segment maturity date, TFLIC will automatically transfer the amount in the Stable Fund segment to a successor Stable Fund segment. Quarterly, TFLIC declares an interest rate for the Stable Fund segment established for contributions received during the quarter and guarantees the interest rate until the end of the calendar year. At the end of the year, the Stable Fund combines the quarterly segments into one segment for that year. Annually, TFLIC declares an interest rate for the Stable Fund segments for each prior year that still has a balance.

CARDO WINDOWS, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 5. TRANSAMERICA STABLE VALUE (Continued)

The average yields for the Stable Fund are as follows:

Base in Actual Earnings:	2.01%
--------------------------	-------

Based on interest rate credited to participants:	2.10%
--	-------

The GIC is reported at contract value because it meets the criteria of a fully benefit-responsive contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Transfers from the Stable Fund elected by the Plan are subject to a market value adjustment. However, transfers from the Stable Fund at a Stable Fund segment maturity date will not be subject to a market value adjustment.

Certain events may limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include 1) the Plan no longer constituting a tax qualified plan according to Section 401(a) or 404(a) of the Code; 2) TFLIC determining that it can no longer continue to provide benefits under the contract because of a change in the Plan; 3) TFLIC does not receive deposits as described in the contract for three consecutive contract years; 4) TFLIC receives direction from the Plan to transfer assets outside of the contract, and such outside fund or funding vehicle is not available under the entities listed in the attachment to the contract; 5) deposits are made to any fund that is not included in the contract or is not available under the entities listed in the attachment to the contract; 6) TFLIC is informed that TRS has received, or has given, notice that TRS will no longer be providing services to the Plan; or 7) in the opinion of TFLIC, the Plan violates any provision of the contract. The Company does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

Either the Plan or TFLIC may suspend the contract by giving written notice. Upon receipt of such written notice, the contract is immediately suspended. TFLIC is not permitted to pay or transfer the value of the contract, without consent from the Plan, prior to the scheduled maturity date. Upon suspension of the contract the Plan shall elect, prior to the date of transfer, one of two options regarding payment of the value of the Stable Fund: (a) TFLIC will pay the value of each Stable Fund segment on each applicable Stable Fund segment maturity date. (b) TFLIC will pay the balance of the Stable Fund to the contract holder or designated payee in a single sum. Any such payment may be subject to a market value adjustment.

NOTE 6. NONPARTICIPANTS-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2023.

NOTE 7. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica Financial Life Insurance Company Inc... Transamerica Financial Life Insurance Company Inc.. is the Custodian for the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also made direct payments to third party administrators of \$6,047. The Plan Sponsor pays directly any other fees related to the plan's operations. The Plan Custodian receives fees from administration and investment management.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the rights under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100 percent vested in their employer contributions.

NOTE 9. TAX STATUS

The IRS has determined and informed the Company by letter August 17, 2021 in which the Internal Service stated that the Plan, is designed, in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified and tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
