SUPPLEMENTAL SCHEDULE

June 30, 2024 and 2023

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

The Senior Vice President, Administration and Chief Financial Officer and Other Individuals Charged with Governance of the Goodwill Industries of Northern New England 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Goodwill Industries of Northern New England 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

The Senior Vice President, Administration and Chief Financial Officer and Other Individuals Charged with Governance of the Goodwill Industries of Northern New England 403(b) Retirement Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Senior Vice President, Administration and Chief Financial Officer and Other Individuals Charged
with Governance of the Goodwill Industries of Northern New England 403(b) Retirement Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of Goodwill Industries of Northern New England 403(b) Retirement Plan as of June 30, 2023, were audited by Berry, Dunn, McNeil & Parker, LLC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated January 30, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 403(b) RETIREMENT PLAN

Notes to Financial Statements

June 30, 2024 and 2023

1. Description of Plan

The following description of Goodwill Industries of Northern New England 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Goodwill Industries of Northern New England (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan is available to all employees upon employment with the Company. There is no minimum age or service requirement to participate in the employee elective deferral or employer matching contributions.

Contributions

The Plan allows participant voluntary contributions of up to the maximum allowed as determined by the Internal Revenue Code (IRC). The Plan allows for an employer discretionary match calculated as the lesser of 50% of salary deferred or 3% of gross compensation for each payroll period.

Vesting

Participants are always 100% vested in all employee elective deferrals. Effective January 1, 2018, participants become fully vested in the employer match portion of their account balances based on a four-year vesting schedule.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's and employer's contributions and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses, and certain administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investments

Upon enrollment in the Plan, a participant may direct his or her account balance among the various investments offered by the Plan. The Plan offers investments in shares of mutual funds and a fixed account.

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 403(b) RETIREMENT PLAN

Notes to Financial Statements

June 30, 2024 and 2023

Payment of Benefits

Participants shall become eligible to receive their vested account balances upon termination, attainment of the normal retirement age, death, or disability. Participants may withdraw their account balances upon attaining age 59½. Participants may receive their benefit payments in a single lump-sum payment or a monthly annuity. Participants who terminate employment and had a vested account balance of less than \$1,000 will receive a lump-sum distribution of 100% of their vested benefits. Minimum distributions are required beginning April 1 of the calendar year following the later of the year in which the participant attains age 70½ or retires. In addition, participants may withdraw their pretax contributions upon demonstration to the plan administrator they are suffering from a hardship, as defined in Section 403(b) of the IRC.

Notes Receivable from Participants

Participants may borrow from their accounts. Any active participant may apply for a loan, not to be less than \$1,000 in any single loan. Only one loan may be outstanding per participant. These loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Participant forfeitures attributable to matching contributions not vested at the time of termination or withdrawal from the Plan are used to reduce the employer's contributions. There were \$33,830 and \$6,600 of forfeited nonvested accounts at June 30, 2024 and 2023, respectively.

Administrative Expenses

Recordkeeping expenses are paid by the Plan. Certain investment fees are reflected net of earnings of specific investments.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 403(b) RETIREMENT PLAN

Notes to Financial Statements

June 30, 2024 and 2023

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully-benefit responsive investment, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are classified as distributions based upon the terms of the plan document.

Subsequent Events

Management has considered transactions or events occurring through February 18, 2025, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 403(b) RETIREMENT PLAN

Notes to Financial Statements

June 30, 2024 and 2023

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the quoted market prices of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,177,770	\$ -	\$ -	\$ 6,177,770
Mutual funds - portfolio index funds	<u>7,969,330</u>	<u>-</u>	<u>-</u>	<u>7,969,330</u>
Total assets at fair value	<u>\$14,147,100</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$14,147,100</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,410,911	\$ -	\$ -	\$ 5,410,911
Mutual funds - portfolio index funds	<u>6,082,920</u>	<u>-</u>	<u>-</u>	<u>6,082,920</u>
Total assets at fair value	<u>\$11,493,831</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$11,493,831</u>

4. Investment Contract with Insurance Company

The Plan has entered into a guaranteed interest account with Voya Retirement Insurance and Annuity Company (Voya Insurance), provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of the account balance at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by Voya Insurance. Contract value represents contributions plus credited interest less participant withdrawals and fees.

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 403(b) RETIREMENT PLAN

Notes to Financial Statements

June 30, 2024 and 2023

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed-upon with the issuer, but it may not be less than 3.00%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate was 1.5% and 1.3% at June 30, 2024 and 2023, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuers.

5. Income Tax Status

The Plan adopted a volume submitter plan document that has been approved by the Internal Revenue Service (IRS) by a letter dated March 31, 2017. The Plan is required to operate in conformity with the IRS to maintain the tax-exempt status for plan participants under Section 403(b).

6. Information Prepared and Certified by the Trustee

The investments, investment transactions, notes receivable from participants, net appreciation in fair value of investments, and interest and dividends were obtained by management and agreed to, or derived from, the following information certified by Voya Institutional Trust Company (Voya), the trustee, as complete and accurate. This information is included in the following:

Statements of Net Assets Available for Benefits;
Statement of Changes in Net Assets Available for Benefits;
Schedule H, line 4i - Schedule of Assets (Held at End of Year); and

7. Party-in-Interest Transactions

Voya is the trustee and recordkeeper of the Plan. The trustee holds and manages the Plan's assets and makes distributions in accordance with the instructions of the Company. Some of these investments are shares of mutual funds and a fixed account managed by a related company of the trustee. Recordkeeping fees of \$51,728 were paid by the Plan. Certain distributions made by the trustee are in the form of loans to the Plan's participants. These transactions are also considered to be party-in-interest transactions.

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 403(b) RETIREMENT PLAN

Notes to Financial Statements

June 30, 2024 and 2023

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits in the accompanying financial statements at June 30, 2024 to Form 5500:

Net assets available for benefits per the financial statements	\$15,382,329
Excess contributions payable	<u>3,560</u>
Net assets available for benefits per the Form 5500	<u>\$15,385,889</u>

The following is a reconciliation of the net increase in net assets available for benefits in the accompanying financial statements for the year ended June 30, 2024 to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 2,710,651
Change in employer contribution receivable	12,761
Change in employee contribution receivable	36,753
Change in excess contributions payable	<u>(8,367)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 2,751,798</u>
