(1) Name: LEONARD, MULHERIN & GREENE, P.C.

(2) EIN: 04-3108635

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
New England Village, Inc. 403(b) Plan
Pembroke, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of New England Village, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**INDEPENDENT AUDITOR'S REPORT
(continued)**

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
June 30, 2024 and 2023

1 – DESCRIPTION OF THE PLAN

General

New England Village, Inc. 403(b) Plan (the "Plan") is a defined contribution plan that was established on January 1, 1998, for the benefit of employees of New England Village, Inc. (the "Organization"). The Plan is funded by contributions from its participants and the Organization and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility for Participation

Employees are eligible to make voluntary deferral contributions upon their date of hire and are eligible to receive employer matching contributions after completing two years of service with the Organization. A year of service is defined as a 12-month period measured from the date of hire, and each subsequent anniversary thereof, during which the employee works at least 1,000 hours.

Employee Elective Deferral Contributions

Employees participating in the Plan may elect to defer a percentage of their annual earnings as their contributions to the Plan, subject to the limitations outlined in the Internal Revenue Code. Employee contributions in the form of rollovers and transfers from other qualified retirement plans are allowed as defined in the Plan document.

Employer Matching Contributions

The Organization will make matching contributions to the Plan as follows:

- If an employee has completed two years of service and less than five years of service, the employer match is equal to 35% of the employee's voluntary contributions to the Plan that do not exceed 6% of the employee's compensation. Employee contributions that exceed 6% of their compensation will not receive a match.
- If an employee has completed five years of service and commenced a sixth year of service, the employer match is equal to 70% of the employee's voluntary contributions to the Plan that do not exceed 6% of the employee's compensation. Employee contributions that exceed 6% of their compensation will not receive a match.

Vesting

Participants are immediately vested in their voluntary contributions as well as all employer contributions plus actual earnings thereon.

Participant Accounts

Accounts are maintained for each participant. Accounts are increased for contributions, transfers, and for an allocation of investment income based on the relationship of each participant's account within each investment fund to the total fund. Accounts are decreased for withdrawals made by participants, administrative expenses, and for an allocation of investment losses based upon the relationship of each participant's account within each investment fund to the total fund.

1 – DESCRIPTION OF THE PLAN (continued)

Investment Options

The Plan was established with Teachers Insurance and Annuity Association of America (“TIAA”), College Retirement Equities Fund (“CREF”) and Fidelity Management Trust Company as its custodians. In accordance with investment elections specified by each participant, contributions to the Plan may be invested in a variety of investments offered by TIAA, CREF and Fidelity Investments.

Notes Receivable from Participants

As described below, the custodians allow notes receivable from participants in the form of Participant Loans and Plan Loans.

Participant Loans

Participants may borrow a Participant Loan from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participant Loans are secured by the balances in their accounts and bear interest at rates commensurate with local prevailing lending rates in accordance with the Plan’s Participant Loan policy. Principal and interest is paid ratably through payroll deductions. Participant Loans are deducted from participants’ accounts and reported on the Statements of Net Assets Available for Benefits as notes receivable from participants.

Plan Loans

Participants may borrow a Plan Loan from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, 45% of their combined TIAA and CREF accounts, or 90% of their TIAA Traditional Annuity Account. Participants are required to set aside an amount equal to 110% of the amount of their loans in their TIAA Traditional Annuity Account as security for the loans and may not make a withdrawal from such funds securing the loans. Plan loans bear interest at a commercially reasonable rate established by the Plan Administrator or under the terms of the applicable funding vehicle. Principal and interest are paid directly by the participants to the custodians.

Plan Loans are not deducted from participants’ accounts and, therefore, not reported on the Statements of Net Assets Available for Benefits. However, if a Plan Loan from a participant goes into default, then the related collateral is reported as a Plan asset and included in the Plan Loan Default Fund, which is reported in investments, at contract value, on the Statements of Net Assets Available for Benefits.

In-service Withdrawals

Participants may make withdrawals prior to termination of employment under the following circumstances:

- Hardship as defined in the Internal Revenue Code
- Upon attainment of age 59½

Retirement Benefits

The normal retirement age under the Plan is age 65. A participant who becomes disabled as defined in the Plan document is eligible for disability retirement.

1 – DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon termination of service from the Organization, a participant may elect to receive the balance of their account in the form of a single lump sum payment or any other form of settlement available from the manager of the investment fund in which the participant's account or portion thereof is invested. If upon termination of service, a participant's account balance is \$1,000 or less, the Plan Administrator is authorized to make a lump sum distribution of the account balance to the participant.

Timing of Distributions

Distributions described above shall be made as soon as reasonably practicable following the date the participant's application for distribution is received by the custodians.

As of June 30, 2024 and 2023, there were no distributions payable to participants.

Administrative Expenses

Substantially all administrative expenses incurred by the Plan are paid by the Organization.

Participant-Directed Contributions, Withdrawals and Transfers

The election to allocate contributions between the investment options, and any decision to change such allocation, is made by the participant as permitted by the custodians. Withdrawals and transfers are recorded at the time such transactions take place.

2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared utilizing the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

Other than as described below, investments are reported at fair value as described in Note 4. Security transactions are accounted for as of the date the securities are purchased or sold (trade date). Interest income is recorded as earned and, for money market instruments, includes amortization of discount and premium. Dividend income is recorded on the ex-dividend date or, for certain foreign securities, as soon as the investment funds are informed of the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

The Plan invests in a fixed rate annuity contract (TIAA Traditional Annuity), a portion of which is considered to be fully benefit responsive. As required by GAAP, the Statements of Net Assets Available for Benefits present the fair value of the investment in the fixed rate annuity contract for the non benefit responsive portion and contract value for the fully benefit responsive portion. See Notes 4 and 5 for additional information.

NEW ENGLAND VILLAGE, INC. 403(B) PLAN

Notes to Financial Statements

June 30, 2024 and 2023

2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Investments (continued)

Each participant's assets are jointly invested and the return on assets is allocated monthly among the participants and recorded as income or loss. The basis of allocation is the unit of participation method. Under this method, contributions and income result in an increase of units of participation while benefits paid and losses result in a decrease of units of participation.

Payment of Benefits

Benefits are recorded when processed and approved for payment.

Risks and Uncertainties

The Plan provides for various investment options in various accounts that are investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan Administrator evaluated events that occurred after June 30, 2024, the date of the Statement of Net Assets Available for Benefits, but before the date the financial statements were available to be issued March 5, 2025, for potential recognition or disclosure in the financial statements. The Plan Administrator did not identify any subsequent events that had a material effect on the accompanying financial statements.

3 – INFORMATION CERTIFIED BY CUSTODIANS

Unaudited information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year) was prepared by the Plan's custodians and furnished to the Plan Administrator and includes all Plan assets (except for the effects of participant and employer contributions receivables, if any) and all investment transactions. The Plan Administrator has obtained certifications from the custodians that such information is complete and accurate.

4 – FAIR VALUE MEASUREMENTS

The Plan applies the provisions of GAAP, which establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), a lower priority to significant other observable inputs (Level 2 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these provisions are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Fidelity Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NEW ENGLAND VILLAGE, INC. 403(B) PLAN

Notes to Financial Statements
June 30, 2024 and 2023

4 – FAIR VALUE MEASUREMENTS (continued)

CREF Variable Annuity Accounts

These accounts invest principally in equity securities, fixed-income instruments, and short-term instruments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost. Each account determines its unit value each day, which are published by National Association of Securities Dealers Automated Quotations ("NASDAQ").

TIAA Pooled Separate Account

The Pooled Separate Account invests in the TIAA Real Estate Account ("REA"), which consists of real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day and published by NASDAQ.

TIAA Access Annuity Accounts

The TIAA Access Annuity Accounts consist of a variable annuity product that is funded through the TIAA Separate Account VA-3 ("VA-3"), a separate investment account of TIAA which is registered with the U.S. Securities and Exchange Commission as an investment company under the Investment Company Act of 1940. VA-3 invests in proprietary and nonproprietary mutual funds through various subaccounts. Subaccount unit values are calculated daily and are published by TIAA. The underlying investments are generally valued using market quotations obtained from independent pricing services.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TIAA Insurance Investment Account

The TIAA Insurance Investment Account consists of the non benefit responsive portion of the TIAA Traditional Annuity Account and is reported at contract value. The contract value of the TIAA Traditional Annuity Account equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals and transfers, if any. The TIAA Traditional Annuity Account is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable; however, contract value provides a reasonable approximation of fair value.

NEW ENGLAND VILLAGE, INC. 403(B) PLAN

Notes to Financial Statements
June 30, 2024 and 2023

4 – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of June 30, 2024 and 2023.

Description	Total 2024	Level 1	Level 2	Level 3

5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The TIAA Traditional Annuity is a fixed rate annuity contract that is fully and unconditionally guaranteed by TIAA. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3% and the potential for additional interest if declared by TIAA.

Additional interest, when declared, remains in effect for the “declaration year”, which begins each March 1. Additional interest is not guaranteed for future years. When the contract value accumulation (plan asset) of the TIAA Traditional Annuity is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation. The crediting rate is supported by the investment performance of a large, diversified portfolio (TIAA’s General Account), is correlated with the highest quality debt security yields, and is adjusted for contract liquidity. The TIAA Traditional Annuity is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA.

6 – NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants at June 30 consisted of the following:

Participant Loans

	Participants	Various Due Dates Through	Interest	Amount
2024	2	4/15/2029	9.50%	\$10,818

As described in Note 1, Participant Loans are deducted from participants’ accounts and reported on the Statements of Net Assets Available for Benefits as notes receivable from participants. There were no Participant Loans outstanding at June 30, 2023.

Plan Loans

	Participants	Various Due Dates Through	Interest	Amount
2024	2	10/01/2025	5.28% – 5.33%	\$ 6,054
2023	3	10/01/2025	4.78% - 5.18%	\$11,732

As described in Note 1, Plan Loans are not deducted from the participants’ accounts and, therefore, not reported on the Statements of Net Assets Available for Benefits.

7 – PLAN TERMINATION

Although it has not expressed intent to do so, the Organization has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

NEW ENGLAND VILLAGE, INC. 403(B) PLAN

Notes to Financial Statements
June 30, 2024 and 2023

8 – INCOME TAX STATUS

The Organization has adopted the Angell Pension Group, LLC (“Angell”) Volume Submitter 403(b) Basic Plan Document #007 for its Plan document. Angell obtained an advisory letter from the Internal Revenue Service indicating its Volume Submitter 403(b) Basic Plan Document #007 is acceptable under Internal Revenue Code Section 403(b).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments consist of shares of various accounts managed by TIAA, CREF and Fidelity Investments. TIAA, CREF and Fidelity Management Trust Company, a subsidiary of Fidelity Investments, are the custodians of the Plan’s assets and, therefore, these transactions qualify as party-in-interest.

The Organization provides certain administrative services at no cost to the Plan. The Organization also pays for certain administrative costs of the Plan.
