## Independent Auditor's Report

To the Participants and Plan Administrator  
Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

# Independent Auditor's Report

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

## Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

### Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

### 1. Description of Plan

The following description of the Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's provisions.

#### **General**

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC) and is administered by Short-Elliott-Hendrickson, Inc. (Plan Administrator or the Company). Fidelity Management Trust Company is the Trustee of the Plan.

The Plan is a defined contribution plan generally covering all employees of the Company. To be eligible to participate in the profit sharing portion of the Plan, one year of eligible service is required. Immediate participation in the 401(k) portion of the Plan is available to all employees.

Effective March 17, 2023, the Plan was amended to make SEH of Michigan, LLC a participating employer within the Plan.

Effective March 1, 2024, the Plan was amended to make RAM Companies, LLC a participating employer within the Plan.

#### **Contributions**

Each year, participants may contribute up to 60 percent of eligible compensation, as defined by the Plan and subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also provides for an automatic enrollment of participants at 6% unless a participant elects a different percentage or opts out of the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment options daily.

The Company contributes 25% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed, at the discretion of the Company's Board of Directors, to all participants of the Plan. Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution, the Company's contribution, and the allocation of Plan earnings or losses. Each participant's account is charged an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions, employer profit sharing contributions, and earnings thereon are subject to a graded vesting schedule and are fully vested after six years of service.

#### **Forfeited Accounts**

Forfeitures are available to reduce future employer contributions to the Plan or to be allocated among the accounts of eligible participants. Approximately \$120,000 of forfeitures were used to reduce employer contributions during the year ended June 30, 2024. At June 30, 2024 and 2023, forfeited non-vested accounts totaled approximately \$42,000 and \$24,000, respectively.

Notes to the Financial Statements

June 30, 2024 and 2023

## 1. Description of Plan (Continued)

### **Payment of Benefits**

Benefits may be withdrawn from the Plan upon termination of employment, retirement, death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the vested balance in their account or annual or more frequent installments over a period not to exceed the participant's life expectancy or the joint and last survivor life expectancy of the participant and their designated beneficiary. Benefits may also be withdrawn upon attaining the age of 59½ or incurring a qualified financial hardship. In addition, a participant may withdraw any contributions that were rolled or transferred into the Plan at any time.

The distribution will be in the form of a lump sum payment if the participant's vested benefit is \$5,000 or less, unless the participant elects a direct rollover or distribution of their vested account balance. The distribution will be automatically rolled over to an individual retirement account in accordance with the IRC if the participant's vested benefit is greater than \$1,000 (but less than \$5,000) unless the participant elects, within the applicable period, to have the distribution paid to them or rolled over to another IRA or other eligible plan able to receive rollovers.

### **Notes Receivable From Participants**

Participants are permitted to borrow from their funded account up to 50 percent of their account balance, with a minimum of \$1,000 and up to a maximum loan amount of \$50,000. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest.

## 2. Summary of Significant Accounting Policies

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

### **Investment Valuation and Income Recognition**

The Plan's investments (with the exception of the common collective trust) are stated at fair value. Fair value is the price that would be received to sell an asset in an ordinary transaction between market participants and at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices. Common stocks are valued at quoted market prices. Options are recorded at the last trade price on the date of valuation. Options and common stocks are included in the self-directed brokerage accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in the value of investments.

### **Payment of Benefits**

Benefit payments are recorded when paid.

### **Excess contributions payable**

Amounts payable to participants for contributions in excess of the amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employee contributions. The Plan distributed the 2023 excess contributions to the applicable participants in December 2023.

## Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

### 2. Summary of Significant Accounting Policies (Continued)

#### **Diversification Transfers**

During the year ended June 30, 2024, approximately \$1,447,000 was transferred into the Plan in the form of a diversification transfer from the Short-Elliott-Hendrickson Employee Stock Ownership Plan. Participants of the Short-Elliott-Hendrickson Employee Stock Ownership Plan are eligible to diversify their funds if they are over the age of 55 and have at least 10 years of participation within the Short-Elliott-Hendrickson Employee Stock Ownership Plan.

#### **Administrative Expenses**

Trustee fees and other Plan administrative expenses are primarily paid by the Company. Certain advisory fees and fees related to participant initiated transactions are paid directly by the Plan.

#### **Notes Receivable**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

#### **Accounting Estimates**

Plan management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

#### **Fair Value of Financial Instruments**

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

**Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Self Directed Brokerage:** The self-directed brokerage accounts includes mutual funds, common stock, options and interest-bearing cash which are all publicly traded.

## Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

### 2. Summary of Significant Accounting Policies (Continued)

#### Fair Value of Financial Instruments (Continued)

Interest-bearing cash: Consists of a money market fund valued at fair market value. The carrying amount of the interest-bearing cash approximates fair value because of the short maturity of the instrument.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

#### Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through December 27, 2024, the date which the financial statements were available to be issued.

### 3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (the "Trustee") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investment at contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of June 30, 2024 and 2023.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2024.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024.

At the direction of the Plan Administrator, the Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

### 4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

### 5. Investment at Contract Value

During 2024 and 2023, the Plan held an interest in the Fidelity Managed Income Portfolio. As of June 30, 2024 and 2023, Fidelity Managed Income Portfolio had a balance of approximately \$3,881,000 and \$3,661,000, respectively. This fund is a common collective trust fund with underlying investments in investment contracts that carry a “benefit responsiveness” feature, which among other things, guarantees that participant-initiated withdrawals from the fund will be covered at contract value. This fund invests in investment contracts issued by insurance companies and other financial institutions (wraps), fixed income securities, and money market funds. As of June 30, 2024 and 2023, there were no reserves against the wrap contracts’ carrying values due to minimal credit risks of the issuers. Interest rates are reviewed on a monthly basis for resetting. Certain events could limit the ability of the Plan to transact at contract value with the issuers of the contracts held by the Fidelity Managed Income Portfolio. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions, substantive modification to the Fidelity Managed Income Portfolio or the administration of the Fidelity Managed Income Portfolio, change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow, transfer to a competing investment option, and failure of the Plan to qualify under the applicable sections of the Internal Revenue Code, as amended. Withdrawals initiated by the Plan will normally be provided at contract value as soon as practicable within twelve months following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan’s ability to transact at contract value with participants, is probable.

### 6. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### 7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market fund and a common/collective trust fund managed by Fidelity Investments, an affiliate of the Trustee, and therefore, these are party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

## Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

### 8. Tax Status

The Plan adopted the Fidelity Management & Research Co. volume submitter plan document. This volume submitter plan obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received an advisory letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 10. Secure 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

## Independent Auditor's Report

To the Participants and Plan Administrator  
Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

# Independent Auditor's Report

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

## Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

### Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

### 1. Description of Plan

The following description of the Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's provisions.

#### **General**

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC) and is administered by Short-Elliott-Hendrickson, Inc. (Plan Administrator or the Company). Fidelity Management Trust Company is the Trustee of the Plan.

The Plan is a defined contribution plan generally covering all employees of the Company. To be eligible to participate in the profit sharing portion of the Plan, one year of eligible service is required. Immediate participation in the 401(k) portion of the Plan is available to all employees.

Effective March 17, 2023, the Plan was amended to make SEH of Michigan, LLC a participating employer within the Plan.

Effective March 1, 2024, the Plan was amended to make RAM Companies, LLC a participating employer within the Plan.

#### **Contributions**

Each year, participants may contribute up to 60 percent of eligible compensation, as defined by the Plan and subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also provides for an automatic enrollment of participants at 6% unless a participant elects a different percentage or opts out of the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment options daily.

The Company contributes 25% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed, at the discretion of the Company's Board of Directors, to all participants of the Plan. Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution, the Company's contribution, and the allocation of Plan earnings or losses. Each participant's account is charged an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions, employer profit sharing contributions, and earnings thereon are subject to a graded vesting schedule and are fully vested after six years of service.

#### **Forfeited Accounts**

Forfeitures are available to reduce future employer contributions to the Plan or to be allocated among the accounts of eligible participants. Approximately \$120,000 of forfeitures were used to reduce employer contributions during the year ended June 30, 2024. At June 30, 2024 and 2023, forfeited non-vested accounts totaled approximately \$42,000 and \$24,000, respectively.

# Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

## 1. Description of Plan (Continued)

### **Payment of Benefits**

Benefits may be withdrawn from the Plan upon termination of employment, retirement, death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the vested balance in their account or annual or more frequent installments over a period not to exceed the participant's life expectancy or the joint and last survivor life expectancy of the participant and their designated beneficiary. Benefits may also be withdrawn upon attaining the age of 59½ or incurring a qualified financial hardship. In addition, a participant may withdraw any contributions that were rolled or transferred into the Plan at any time.

The distribution will be in the form of a lump sum payment if the participant's vested benefit is \$5,000 or less, unless the participant elects a direct rollover or distribution of their vested account balance. The distribution will be automatically rolled over to an individual retirement account in accordance with the IRC if the participant's vested benefit is greater than \$1,000 (but less than \$5,000) unless the participant elects, within the applicable period, to have the distribution paid to them or rolled over to another IRA or other eligible plan able to receive rollovers.

### **Notes Receivable From Participants**

Participants are permitted to borrow from their funded account up to 50 percent of their account balance, with a minimum of \$1,000 and up to a maximum loan amount of \$50,000. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest.

## 2. Summary of Significant Accounting Policies

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

### **Investment Valuation and Income Recognition**

The Plan's investments (with the exception of the common collective trust) are stated at fair value. Fair value is the price that would be received to sell an asset in an ordinary transaction between market participants and at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices. Common stocks are valued at quoted market prices. Options are recorded at the last trade price on the date of valuation. Options and common stocks are included in the self-directed brokerage accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in the value of investments.

### **Payment of Benefits**

Benefit payments are recorded when paid.

### **Excess contributions payable**

Amounts payable to participants for contributions in excess of the amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employee contributions. The Plan distributed the 2023 excess contributions to the applicable participants in December 2023.

## Short-Elliott-Hendrickson, Inc. Profit Sharing and 401(k) Plan

Notes to the Financial Statements

June 30, 2024 and 2023

### 2. Summary of Significant Accounting Policies (Continued)

#### **Diversification Transfers**

During the year ended June 30, 2024, approximately \$1,447,000 was transferred into the Plan in the form of a diversification transfer from the Short-Elliott-Hendrickson Employee Stock Ownership Plan. Participants of the Short-Elliott-Hendrickson Employee Stock Ownership Plan are eligible to diversify their funds if they are over the age of 55 and have at least 10 years of participation within the Short-Elliott-Hendrickson Employee Stock Ownership Plan.

#### **Administrative Expenses**

Trustee fees and other Plan administrative expenses are primarily paid by the Company. Certain advisory fees and fees related to participant initiated transactions are paid directly by the Plan.

#### **Notes Receivable**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

#### **Accounting Estimates**

Plan management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

#### **Fair Value of Financial Instruments**

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self Directed Brokerage: The self-directed brokerage accounts includes mutual funds, common stock, options and interest-bearing cash which are all publicly traded.

### 2. Summary of Significant Accounting Policies (Continued)

#### Fair Value of Financial Instruments (Continued)

Interest-bearing cash: Consists of a money market fund valued at fair market value. The carrying amount of the interest-bearing cash approximates fair value because of the short maturity of the instrument.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

#### Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through December 27, 2024, the date which the financial statements were available to be issued.

### 3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (the "Trustee") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investment at contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of June 30, 2024 and 2023.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2024.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024.

At the direction of the Plan Administrator, the Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

### 4. Fair Value Measurements

### 5. Investment at Contract Value

During 2024 and 2023, the Plan held an interest in the Fidelity Managed Income Portfolio. As of June 30, 2024 and 2023, Fidelity Managed Income Portfolio had a balance of approximately \$3,881,000 and \$3,661,000, respectively. This fund is a common collective trust fund with underlying investments in investment contracts that carry a “benefit responsiveness” feature, which among other things, guarantees that participant-initiated withdrawals from the fund will be covered at contract value. This fund invests in investment contracts issued by insurance companies and other financial institutions (wraps), fixed income securities, and money market funds. As of June 30, 2024 and 2023, there were no reserves against the wrap contracts’ carrying values due to minimal credit risks of the issuers. Interest rates are reviewed on a monthly basis for resetting. Certain events could limit the ability of the Plan to transact at contract value with the issuers of the contracts held by the Fidelity Managed Income Portfolio. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions, substantive modification to the Fidelity Managed Income Portfolio or the administration of the Fidelity Managed Income Portfolio, change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow, transfer to a competing investment option, and failure of the Plan to qualify under the applicable sections of the Internal Revenue Code, as amended. Withdrawals initiated by the Plan will normally be provided at contract value as soon as practicable within twelve months following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan’s ability to transact at contract value with participants, is probable.

### 6. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### 7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market fund and a common/collective trust fund managed by Fidelity Investments, an affiliate of the Trustee, and therefore, these are party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

### 8. Tax Status

The Plan adopted the Fidelity Management & Research Co. volume submitter plan document. This volume submitter plan obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received an advisory letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 10. Secure 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

### 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 as of June 30.
