Independent Auditor's Report

Plan Administrator
National Machinery LLC Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of National Machinery LLC Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 29, 2023, the related statement of changes in net assets available for benefits for the year then ended, the statement of accumulated plan benefits as of December 29, 2022, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 29, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 financial statements.

Emphasis of Matter—Plan Termination and Subsequent Events

As discussed in Note 6 to the financial statements, the Board of Directors of the Plan Sponsor entered into a resolution to terminate the Plan effective May 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 29, 2023, and reportable transactions for the year ended December 29, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

We have audited the 2022 financial statements, and in our report dated October 16, 2023, we expressed an unmodified opinion on those 2022 financial statements.

National Machinery LLC Retirement Plan and Trust

Notes to Financial Statements

Note 1. Plan Description

The following brief description of National Machinery LLC Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a noncontributory defined benefit plan, which covers substantially all employees of The National Machinery Company who completed 18 months of service and attained age 21 prior to the Plan being frozen on October 31, 1999, as defined in the Plan. During 2002, National Machinery LLC (the Company) acquired substantially all of the assets of The National Machinery Company and assumed sponsorship of the Plan. The Plan provides for retirement and certain disability benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Pension Protection Act of 2006 (PPA), the Worker, Retiree and Employer Recovery Act of 2008 (WREERA), the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010 (PRA), the 2012 Pension Relief Act, the Highway and Transportation Funding Act of 2014 (HTFA), the Moving Ahead for Progress in the 21st Century Act (MAP-21), the Bipartisan Budget Act of 2015, the Pension Protection Act of 2016, and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) and Secure 2.0 Act of 2022.

Pension benefits: The Plan provides for a monthly benefit at retirement that is the actuarial equivalent of a benefit payable for life with a guarantee of 120 monthly payments. Benefits under the Plan may also be paid on a joint and survivor basis or on a lump-sum basis. The monthly amount payable to a participant who retires at age 65, the normal retirement age under the Plan, is the greater of benefit amounts determined under four formulas based upon average monthly compensation. For purposes of the Plan, the average monthly compensation is one-twelfth of the average of the highest five consecutive calendar years' compensation. Participants may retire at age 60 or later with an unreduced accrued benefit. Benefits to participants retiring prior to age 60 are reduced based upon years of credited service in relation to years of service at normal retirement age. On January 1, 1995, the Plan was amended to provide a monthly temporary supplement for all employees who were participants in the Plan on that date and who were age 55 or older during 1995. The supplement varies by year of birth and is only paid to employees who retire from active employment or their widows and is payable from the date of retirement to age 65. New employees are not permitted to enter the Plan and future lump-sum benefit payments to participants will be computed using a discount rate no greater than 5.54%, the discount rate as of December 31, 1998. All benefits and compensation upon which benefits are based may not exceed the maximum annual limitations as defined in the Internal Revenue Code (IRC). See Note 6.

Administrative and investment management expenses: Certain trustee and professional fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the net appreciation (depreciation) in fair value of investments reported by the Plan. All other expenses of the Plan are paid by the Company.

Vesting: Participants are 100% vested in their monthly retirement benefit, attributable to their actual periods of employment with the Company. Active participants who are not currently age 60 or older may become eligible for early retirement subsidies, which vest only upon the acceptance of early retirement by the participants under the terms of the Plan.

National Machinery LLC Retirement Plan and Trust

Notes to Financial Statements

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates. It is reasonably possible that a significant change may occur in the near term for the estimates of actuarial present value of accumulated plan benefits.

Risks and uncertainties: The Plan invests in various investments including stocks, money market funds, pooled separate accounts and other investment securities. The underlying investment securities are exposed to various risks, such as interest rate, liquidity, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Investment valuation and income recognition and valuation of derivative instruments: The Plan's investments and derivative instruments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held, during the year.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan Benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits payable under the Plan are calculated as described in Note 1.

The actuarial present value of accumulated plan benefits is determined by an actuary by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial information is as of December 30, 2022, the most recent benefit information date. Had the valuation been performed as of December 29, 2022, there would be no material differences.

National Machinery LLC Retirement Plan and Trust

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

The significant actuarial assumptions used in the valuation as of December 29, 2022, were as follows:

Life expectancy of participants:	
Mortality (disabled lives):	Pri-2012 Combined Mortality Table Projected by MP-2021
Mortality (healthy lives):	Pri-2012 Combined Mortality Table Projected by MP-2021
Long-term rate of return:	4.90%
Retirement rates (based on age):	10% retirement rate at ages 60 and 61, 30% retirement rate at age 62, 20% retirement rate at ages 63 and 64, and 100% at age 65
Participant benefits:	75% of benefits are projected to be distributed in lump sums
Lump-sum interest rate assumed:	4.75%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. There have been no changes to the present value of accumulated plan benefits as of December 30, 2022, for the resolution to terminate the Plan as discussed in Note 6 was made subsequent to the plan year ending December 29, 2023.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2024, the date the financial statements were available to be issued.

Note 3. Funding Policy

The Company's funding policy is to make annual contributions to the Plan in amounts that meet the minimum funding requirements. The Plan met the minimum funding requirements of ERISA for the years ended December 29, 2023 and 2022.

Note 4. Information Certified by Principal Life Insurance Company

The following is a summary of the Plan's asset information as of and for the year ended December 29, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, a qualified institution.

Investments at fair value:	
Pooled separate accounts	<u>\$ 8,322,913</u>

Principal Life Insurance Company also certified to the completeness and accuracy of \$935,819 of net appreciation in the fair value of investments for the year ended December 29, 2023.

National Machinery LLC Retirement Plan and Trust

Notes to Financial Statements

Note 5. Fair Value Measurements

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments and derivative instruments held by the Plan.

Exchange-traded funds: The fair value of American depository receipts, exchange-traded funds and common stocks investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market deposit accounts: Fair values of money market deposit account balances are based upon the deposit account balances with no discounts for credit quality (Level 2 inputs). The Plan's investments in money market deposit accounts occasionally exceed federally insured balances.

Pooled separate accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan. The investments allow one transfer per 30-day period. The transfer restriction applies to all transfers out of this investment. Once the number of allowed transfers out is met, the Plan is not allowed to transfer back into this investment option until the holding period elapses. Contributions into the investment option are not impacted.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plans assets at fair value as of December 29:

	2023			
	Level 1	Level 2	Level 3	Total
Money market deposit accounts	\$ -	\$ 9,094	\$ -	\$ 9,094
Exchange-traded funds	272,038	-	-	272,038
Total assets in fair value hierarchy	<u>\$ 272,038</u>	<u>\$ 9,094</u>	<u>\$ -</u>	<u>281,132</u>
Investments measured at net asset value (a)				8,322,913
Investments at fair value				<u>\$ 8,604,045</u>

	2022			
	Level 1	Level 2	Level 3	Total
Money market deposit accounts	\$ -	\$ 228,241	\$ -	\$ 228,241
Exchange-traded funds	43,735	-	-	43,735
Total assets in fair value hierarchy	<u>\$ 43,735</u>	<u>\$ 228,241</u>	<u>\$ -</u>	<u>271,976</u>
Investments measured at net asset value (a)				8,085,118
Investments at fair value				<u>\$ 8,357,094</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfers relative to total net assets available for benefits.

Note 6. Plan Termination and Subsequent Events

On February 29, 2024, the Board of Directors of the Plan Sponsor voted to terminate the Plan effective May 31, 2024, in accordance with the Plan's provisions. Participants remained fully vested in their benefits. In March 2024, a Notice of Intent to Terminate and Notice to Interested Parties advising that an application was to be filed were distributed to Plan participants. In addition, the Application for Determination for Terminating Plan was filed with the IRS in April 2024; and a Notice of Plan Benefits was distributed to Plan participants in July 2024. The Plan Sponsor also filed the Standard Termination Notice with the Pension Benefit Guaranty Corporation in July 2024. The Plan has not yet received a final determination letter from the IRS. The Notice of Plan Benefits is a statement of participant's accrued benefit under the Plan. All participants in the Plan will receive a lump sum distribution of their vested benefits or have their benefits transferred to an insurer (benefit in the form of an annuity), generally within 12-24 months after the effective date of the termination, subject to regulatory notices and approvals.

Notes to Financial Statements

Note 6. Plan Termination and Subsequent Events (Continued)

As of December 29, 2023, management had not yet determined liquidation to be imminent as all regulatory approvals had not yet been obtained. The Plan is in the process of determining what the impact of adopting Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 205, Presentation of Financial Statements—Liquidation Basis of Accounting, will be on the Plan's subsequent financial statements. Therefore, the Plan's financial statements for the year ended December 29, 2023, are prepared on an accrual basis of accounting as a going concern and do not include any adjustments that might result from the Plan termination. The termination is also not reflected in the accumulated benefit information as of December 30, 2022, the most recent benefit information date as described in Note 2. During 2024, approximately \$3,076,000 has been distributed to participants in the form of lump sum distributions, and approximately \$5,300,000 has been transferred to two insurers to fund benefits in the form of two group annuity contracts. The Plan is anticipating its full liquidation by late 2024 or early 2025.

Note 7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated December 28, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The plan has been amended since the receipt of the determination letter. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt. The Plan filed an Application for Determination for Terminating the Plan in April 2024 due to the decision to terminate the Plan as discussed in Note 6. The Plan has not yet received a final determination letter from the IRS.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 29, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 8. Party-In-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Various professional fees for the administration of the Plan were paid from Plan assets. Fees paid to parties in interest for the years ended December 29, 2023 and 2022, were approximately \$72,000 and \$59,000, respectively.

Certain fees were paid on behalf of the Plan by the Company.

Certain Plan investments are units of participation in pooled separate accounts issued by Principal Life Insurance Company. At December 29, 2023 and 2022, Plan investments of \$8,322,913 and \$8,085,118, respectively, were invested in units of participation in pooled separate accounts. Money market deposit accounts of \$9,094 and \$228,241 were held at Wells Fargo Bank, N.A. as of December 29, 2023 and 2022, respectively.

Notes to Financial Statements

Note 9. Form 5500 Reconciliation

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 29, 2023, to Form 5500:

Benefits paid to participants per the financial statements	\$ 1,552,795
Less amounts allocated to withdrawing participants at December 29, 2022	<u>(783,706)</u>
Benefits paid to participants per Form 5500	<u>\$ 769,089</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.
