INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Macomb-Oakland Regional Center 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Macomb-Oakland Regional Center 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 18, 2024 (liquidation date) and December 31 2023 (in liquidation), and the related statement of changes in net assets available for benefits in liquidation for the period January 1, 2024 through September 18, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 18, 2024 and December 31, 2023 and for the period January 1, 2024 through September 18, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Macomb-Oakland Regional Center 403(b) Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 7 to the financial statements, the Board of Directors of the Macomb-Oakland Regional Center, Inc., the Plan's sponsor, voted to terminate the Plan effective September 30, 2023, and management determined liquidation was imminent. In accordance with accounting principles generally accepted in the United States of America, the Macomb-Oakland Regional Center 403(b) Plan used the liquidation basis of accounting in presenting the 2023 and 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Macomb-Oakland Regional Center 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Macomb-Oakland Regional Center 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

MACOMB-OAKLAND REGIONAL CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 18, 2024 AND DECEMBER 31, 2023

Note 1 – Description of the Plan

General

The Plan is a defined contribution plan that was established on June 1, 1996, by Macomb-Oakland Regional Center, Inc. (the “Organization”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan’s provisions.

Administration

The Plan Sponsor and named Plan Administrator is Macomb-Oakland Regional Center, Inc. Effective October 1, 2022, the Plan Sponsor merged with another non-profit organization, Easterseals of Michigan, to form Easterseals MORC. Refer to Note 7 for discussion regarding Plan termination and liquidation.

The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan’s investment offerings and monitors investment performance and fees. The Plan’s Investment Custodian is VALIC Trust Company Inc. The Investment Custodian holds all of the Plan’s assets and executes all of the Plan’s transactions. The Organization has also retained VALIC Retirement Services to provide participant recordkeeping and administration services.

Eligibility

The Plan covers all employees of the Employer. Employees are eligible to participate in the Plan as soon as administratively possible after their date of hire. There are no minimum age or service requirements to become eligible to participate.

Contributions to the Plan

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the plan document, through payroll withholdings. The Plan also allows participants to make after-tax Roth contributions. Participants who have attained age 50 before the end of the year are eligible to make ‘catch-up’ contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers). No employer contributions are allowed.

In conjunction with the Plan’s termination described in Note 7, participant elective contributions were not permitted subsequent to the September 29, 2023 payroll run.

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled at a deferral rate of 4% unless they affirmatively elect not to participate. Auto-enrollment contributions are invested in a designated target-date fund until changed by the participant.

Participants direct the investment of their individual contributions into the various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

MACOMB-OAKLAND REGIONAL CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 18, 2024 AND DECEMBER 31, 2023

Participant Accounts

Each participant's account is credited with the participant's contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balance, subject to certain Department of Labor and IRS requirements. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined in the plan document.

Principal and interest were paid ratably through payroll deductions each pay period, through the September 30, 2023 plan termination date. After this date, participants with outstanding loan balances were required to establish Automated Clearing House (ACH) payment arrangements to continue remitting scheduled loan payments. Participants who did not establish ACH payments were subject to loan default. In July 2024, participants were given several options to address their outstanding loan balances: 1) Pay off the remaining loan balance in full via ACH; 2) Make a partial rollover of their account balance to the Plan Sponsor's 401(k) plan, which allowed them to take out a new loan from that plan to pay off their remaining loan balance; or 3) Allow the loan to default, resulting in the outstanding loan balance being treated as a distribution.

Distribution of Benefits

On termination of service, participants with vested account balances of \$1,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants whose vested account balances are \$5,000 or less may elect a lump sum distribution or rollover of their account balance to another qualified account. Participants whose vested account balances exceed \$5,000 are paid in the form of a joint and survivor annuity if a participant is married or as a life annuity if the participant is single. Alternatively, a participant may elect a lump sum distribution, periodic equal installment payments, a partial withdrawal, or a rollover of their account balance to another qualified account. However, all forms of distributions are subject to the Qualified Joint and Survivor Annuity requirements as defined in the plan document. Additionally, they may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59 1/2 for all deferral contributions and rollover contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from vested account balances.

Vesting

Participants are immediately vested in their contributions (deferrals and rollovers) and earnings thereon.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

In accordance with accounting principles generally accepted in the United States of America (GAAP), the financial statements are prepared using the liquidation basis of accounting. Accordingly, the statements of net assets available for benefits in liquidation as of September 18, 2024 and December 31, 2023, and the statement of changes in net assets available for benefits in liquidation for the period January 1, 2024 through September 18, 2024 have been prepared on the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash or other consideration expected to be collected in settling or disposing of those assets in carrying out the liquidation plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 18, 2024 or December 31, 2023. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

MACOMB-OAKLAND REGIONAL CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 18, 2024 AND DECEMBER 31, 2023

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including March 5, 2025, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Investment Information Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by VALIC Trust Company Inc. as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits in liquidation as of September 18, 2024 and December 31, 2023;
2. All investment activity reflected in the statement of changes in net assets available for benefits in liquidation for the period January 1, 2024 through September 18, 2024; and
3. Notes receivable from participants as of September 18, 2024 and December 31, 2023 and the related income on notes receivable from participants for the period January 1, 2024 through September 18, 2024.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**MACOMB-OAKLAND REGIONAL CENTER
403(b) PLAN**

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 18, 2024 AND DECEMBER 31, 2023**

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at September 18, 2024 and December 31, 2023.

Mutual Funds

The Plan investments measured at fair value consist solely of mutual funds that are measured on a recurring basis using Level 1 inputs. Mutual Funds are valued at daily closing prices as reported by the fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual Funds held by the Plan are deemed to be actively traded.

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive investment contract with VALIC Retirement Services with regard to the VALIC Fixed Interest Option. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and set in response to specific characteristics, plan specific elections and other factors.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administration expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

In the event that the full value of the account could not be paid upon demand, such as amounts subject to the Fixed Income Account Market Value Adjustment, the “fair value” estimates are based upon the “demand value” for the contract. The “demand value” is the amount due to the contract holder under the surrender provisions of the contract. The Plan’s termination described in Note 7 did not result in a market value adjustment.

Certain events may limit the ability of the Plan to transact at contract value with VALIC. Such events include: 1) amendments to the plan document, including complete or partial termination or merger of the Plan, 2) activity such as bankruptcy that causes significant withdrawals from the Plan or contract, and 3) the failure of the Plan to continue to qualify for tax-exempt status. The Plan’s termination described in Note 7 did not limit the Plan’s ability to transact at contract value with participants.

MACOMB-OAKLAND REGIONAL CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 18, 2024 AND DECEMBER 31, 2023

Interest is credited to the Fixed Interest Option using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a monthly basis for resetting but may not be less than 1.5 percent.

Note 6 – Party-in-Interest Transactions

Certain plan investments are managed by VALIC Trust Company Inc., who is the Plan's Investment Custodian. During the period January 1, 2024 through September 18, 2024, the Plan paid direct compensation to the Investment Custodian for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits in liquidation) is paid to the Investment Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 7 – Plan Termination and Liquidation

Effective September 30, 2023, the Board of Directors of the Plan Sponsor voted to terminate the Plan. Participants had the option of withdrawing their balances from the Plan as a cash distribution or a rollover into an individual retirement plan or the Easterseals MORC 401(k) Plan. The distributions related to the plan termination were completed, and the Plan was fully liquidated as of September 18, 2024.

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a volume submitter plan, which has been filed with the IRS and has received a favorable opinion letter dated April 5, 2018 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and is tax-exempt.

The plan document was most recently amended for plan termination, effective September 30, 2023.

The Plan permitted provisions of SECURE Act 2.0 during the period January 1, 2024 through September 18, 2024 and the year ended December 31, 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
