INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Linwood Center, Inc. 401(k) Profit Sharing Plan
Ellicott City, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Linwood Center, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Linwood Center, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Linwood Center, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Linwood Center, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Linwood Center, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Linwood Center, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Effective October 1, 2023, the Plan the Plan appointed a new trustee and recordkeeper - Principal Financial Group (Principal) held and managed the Plan assets until October 1, 2023, at which point most of the plan assets were transferred to the new trustee Transamerica Life Insurance Company, Inc. (Transamerica). A small balance remained with Principal until October 2024 when it was transferred to Transamerica.

Eligibility

All employees, except union employees, non-resident aliens and independent contractors, who have completed 90 days of service by the next plan entry date, are eligible to participate in the Plan. Eligible employees may enter the Plan on January 1st or July 1st.

Effective October 1, 2023, eligible employees may enter the plan on the first day of each quarter, after completing the 90 days service requirement.

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to the statutory limitations established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various common collective trust funds as investment options for participants.

The Company may make matching, discretionary profit sharing and other qualified nonelective contributions to eligible employees at the option of the Company's Board of Directors. The Company's matching contributions can be up to a maximum of 5% of the participant's plan compensation. The Company determines each year the amount (if any) of the discretionary profit sharing and other qualified nonelective contributions. These contributions are allocated based on the total annual compensation for each eligible participant who has over 1,000 hours of service in the Plan year and who is employed on the last day of the Plan year.

NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and investment earnings or losses, and charged with an allocation of any administrative expenses paid by the plan. Investment earnings or losses are based on actual results of the participant-directed investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their account is based on years of continuous service. After two years of service, a participant becomes 20% vested in employer contributions in the Plan; the vesting percentage increases by 20% each year until the participant becomes fully vested in his or her account after six years of service.

Notes Receivable from Participants

Participants in the Plan may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the balance of any prior loans from the Plan) or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50% at June 30, 2024, and ranging from 5.25% to 10.25 at June 30, 2022. Note terms range from one to five years, or longer for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, retirement, death, or attaining age 65 with 5 years of service, a participant may elect to receive a lump-sum amount or annuity equal to any or all of their vested account balance. In-service distributions are available to Plan participants for rollover contributions, the attainment of age 59 ½, or qualified hardship event.

Forfeited Accounts

In the event a participant separates from service with less than fully vested benefits, the non-vested portion of the account is forfeited and used to reduce future employer contributions.

Forfeited nonvested accounts totaled \$9,344 and \$208 as of June 30, 2024 and 2023, respectively. During the years ended June 30, 2024 and 2023, forfeitures of nonvested accounts were used to reduce employer contributions by \$14,403 and \$18,478, respectively, and to pay administrative expenses in the amounts of \$13 and \$12 respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (FBRIC). Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for FBRIC, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants for loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

Contributions

Contributions from Plan participants and the associated Company contributions are recorded in the year in which the employee contributions are withheld from compensation

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Transaction charges (for loan and benefit payment transactions) are paid by the Plan by reducing the balances of those participants initiating the transactions. Investment-related expenses are included in net appreciation in fair value of investments.

LINWOOD CENTER, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 - CERTIFIED INFORMATION

Information regarding investments and notes receivable from participants held at June 30, 2024 and 2023, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, disclosed in the accompanying financial statements, and the investment information included in the supplemental schedule of assets (held at end of year) as of June 30, 2024, is derived from statements which have been certified as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as follows:

- by Principal Trust Company and Principal Life Insurance Company on behalf of Principal Global Investors Trust Company (collectively referred to as Principal) as of and for the years ended June 30, 2024 and 2023;
- by Transamerica Life Insurance Company Inc (Transamerica) as of June 30, 2024 and for the period October 1, 2023 through June 30, 2024;
- Notes receivable from participants as of June 30, 2023 and the related interest income on notes receivable from participants for the period July 1, 2022 through September 30, 2023, are not certified.
- Notes receivable from participants as of June 30, 2024 and related interest income on notes receivable from participants for the period October 1, 2023 through June 30, 2024, are certified by Transamerica.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 1 and Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts (PSA's)

Valued daily at the net asset value (NAV) of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities, which is an observable input. The PSA invest mainly in domestic stocks and mutual funds which have observable level 1 quoted pricing inputs. The NAV of the PSA is not publicly quoted but is available to participants via the Employer website or when Plan participants access their account values. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. The Plan has concluded that the NAV as adjusted and reported by the insurance company, denotes readily determinable fair value.

Collective Investment Trusts (CITs)

The plan invests in collective investment trusts operated and maintained by Wilmington Trust and Principal Global Investors Trust Company. The CITs are valued at the net asset value (NAV) of the units held by the Plan. The NAV is not a publicly quoted price in an active market but is available to current investors via the plan custodian website or when plan participants access their account values. Participant transactions (purchases and sales) may occur daily. Therefore, those investments are considered to have a readily determinable fair value. If the Plan initiates a full redemption of the CITs, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

NOTE 5 - GROUP ANNUITY CONTRACT (FBRIC)

The Plan has a fully benefit-responsive group annuity contract with Transamerica Financial Life Insurance Company (Transamerica). The assets under the contract are held by the general account of Transamerica and - Transamerica Stable Value Core Account (TSVCA). The TSVCA is a non-tradable obligation of Transamerica, whereby participant principal and interest are backed by the entire general account assets of Transamerica. Any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency.

The TSVCA is not considered a Guaranteed Interest Contract or Common Collective Trust and there is no stated minimum or maximum interest rate. The TSVCA is a deposit liability of Transamerica with no underlying assets, no direct investments on behalf of the plan and no defined maturities, and therefore underlying investment yields would not be under consideration in determining fair value. Because of those considerations the TSVCA fair value is the contract value.

The TSVCA credits interest daily to the group contract holder on a portfolio basis. Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six-month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The credited rate applies to all money deposited in the group contract holder's account regardless of when it was deposited. Contract charges may reduce this return.

The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan. Because the group annuity contracts with Transamerica is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the TSVCA. The TSVCA is presented on the face of the statements of net assets available for benefits at contract value.

The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable—for example, a significant decline in creditworthiness of Transamerica, the TSVCA may no longer be considered fully benefit-responsive. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's assets include investments in funds managed by Principal (as of and for the years ended June 30, 2024 and 2023) and Transamerica (from October 1, 2023 through June 30, 2024), and therefore, these transactions qualify as party-in-interest transactions.

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the plan. There were no financial transactions recorded between the Company and the Plan other than contributions made. Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype non-standardized profit-sharing plan document sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Effective October 1, 2023, the Plan adopted a prototype non-standardized profit-sharing plan document sponsored by TAG Resources LLC. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 17, 2021, which states that the prototype plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for the statutory period; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Effective January 1, 2025, the plan document was amended to change the Plan fiscal year to coincide with the calendar year (plan year ending December 31, 2025). As a result, the Plan will have a short plan year beginning July 1, 2024, and ending December 31, 2024.

Subsequent events have been evaluated through March 27, 2025, which is the date the financial statements are available to be issued.
