## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Iron Workers Local 399 Annuity Fund  
Hammonton, New Jersey

### **Opinion**

We have audited the accompanying financial statements of Iron Workers Local 399 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Iron Workers Local 399 Annuity Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Report on Supplemental Information and Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of administrative expenses is presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule of assets held for investment purposes at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**1. DESCRIPTION OF THE PLAN**

The following brief description of Iron Workers Local 399 Annuity Fund is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

*General*

The Plan was established under an Agreement and Declaration of Trust. The Iron Workers Local 399 Annuity Fund was formed for the purpose of providing Annuity Fund benefits for all employees covered by the Collective Bargaining Agreement. The Annuity Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Participants Accounts*

Members' accounts are credited for the amount of contributions received. Contributions are remitted by employers based on the number of hours paid. Allocations of Plan earnings are in accordance with the member's investment direction and allotted based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are immediately vested in their contributions plus actual earnings thereon.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting*

The financial statements of the Plan are prepared using the accrual method of accounting.

*Contributions*

The Plan agreement provides that contractors of Iron Workers Local 399 make weekly contributions to the Plan for each hour paid in accordance with their collective bargaining agreement. Contributions to the Plan for the years ending June 30, 2024 and 2023 are based on a rate of \$9.00 and \$7.75 per hour, respectively.

Contributions are based on remittances received during the year plus those received during the normal cut-off period. No provision has been made for delinquent contractors' contributions based on the uncertainty of collection.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Payment of Benefits*

Benefits are recorded when paid.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Cash*

The Fund maintains cash deposits in a financial institution located in the southern New Jersey area. Accounts at this institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. At certain times, the amount of deposit exceeded the insured amount.

*Tax Status*

The Internal Revenue Service has determined and informed the Fund that the Fund is qualified and the trust established under the Fund is tax-exempt, under the appropriate sections of the Code. The Plan administrator and outside counsel believe that the Fund is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Fund was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles, generally accepted in the United States of America, requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

*Plan Termination*

The Board of trustees may terminate, amend, modify or suspend the Plan in whole or in part at any time. However, in any such event, the participants' rights to their accrued benefits are nonforfeitable.

*Subsequent Events*

Management has evaluated events and transactions occurring subsequent to June 30, 2024 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date these financial statements were available for issue.

**3. FAIR VALUE MEASUREMENTS**

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. An asset's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under ASC 820 are as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets.

Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset.

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e. supported with little or no market activity).

The Plan's investments are reported at fair value on a recurring basis in the accompanying statement of net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period.

Registered investment companies (Mutual Funds) are valued at the closing price reported in the active market in which the individual security is traded.

Collective investment trusts are valued at unit values provided by the respective Trustees of those trusts based on the estimated fair value of underlying investments held by the trust as determined by the Trustees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

The following table presents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of June 30, 2024 and 2023.
