INDEPENDENT AUDITORS' REPORT

The Board of Directors of The Fortune Society, Inc. as Sponsor of
The Fortune Society Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Fortune Society Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE FORTUNE SOCIETY TAX SHELTERED ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of The Fortune Society Tax Sheltered Annuity Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Fortune Society, Inc. is the “Plan Sponsor” or “Employer” as well as the “Administrator”.

- A. **General** — The Plan is a defined contribution 403(b) retirement plan covering common-law employees performing services for the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments.
- B. **Contributions** — An employee may make voluntary contributions by filing an elective deferral agreement with the Employer. The amount may be changed once a year and the agreement may be terminated at any time. A participant may deposit into the Plan distributions the participant received from other plans and certain individual retirement accounts (“IRAs”), provided such distributions are legally qualified to be rolled over into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment and deferral provision whereby the Plan Sponsor will automatically withhold from all participants’ compensation, unless the participant makes a contrary election. Effective July 1, 2015, as of the beginning of the Plan year, the Employer withholds from a participant’s compensation each payroll period the Automatic Deferral percentage below that corresponds to the number of the Plan year(s) (or partial Plan years) to which the Participant has been subject to the Automatic Deferral arrangement including the current Plan year. Automatic deferral percentages range from 1% to 5%, for one to five Plan years of automatic deferral. The Employer will contribute a discretionary amount to the participant’s account if the employee has completed two years of eligible service and is 21 years of age or older. Over the last several years, the discretionary amount has been \$1,500 a year paid at \$125 a month.

Contributions are subject to certain limitations as prescribed by the Internal Revenue Service (“IRS”).

- C. **Participant Accounts** — Each participant’s account is credited with the participant and Employer contributions Plan earnings and is charged with an allocation of Plan expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- D. **Vesting** — Participants are 100% vested immediately in their elective deferrals, rollover contributions and Employer contributions.
- E. **Notes Receivable from Participants** — A participant may borrow from the Plan a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear interest at 4.25% - 9.50%, which is commensurate with rates available for similar loans from commercial lending institutions and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to ten years). Principal and interest are paid ratably through monthly payroll deductions. A loan that is considered in default is reported as a deemed distribution, which is a taxable event for the participant.
- F. **Distributions** — On or after termination of service due to disability, retirement or separation, a participant may elect to receive 100% of the value of his or her account either in one lump-sum amount or in annuities over various periods depending on the distribution option that he or she elects. As of January 1, 2018, newly eligible employees are permitted to elect permissible withdrawals of all eligible automatic contribution arrangement (“EACA”) automatic deferrals.
- G. **Hardship Distribution/Withdrawal** — A hardship distribution from a participant’s elective deferral may be obtained by the participant to satisfy certain immediate and heavy financial need. Any hardship distribution from elective deferrals will be limited to the participant’s total elective deferrals to date, reduced by the amount of any previous distributions made to the participant from a participant’s elective deferral account.

THE FORTUNE SOCIETY TAX SHELTERED ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

- H. **Regulatory Compliance Affecting Retirement Plans** - The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0 Act) became law on December 20, 2019. The SECURE Act made major changes to the Required Minimum Distribution (“RMD”) rules, increasing the age from 70 ½ to 72 to participants over 72 after January 1, 2020. Plans were required to be formally amended for certain other changes if adopted on or before the last day of the 2023 plan year.

The SECURE Act 2.0 (SECURE 2.0) was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act of 2019, which altered the rules around how employees can save and withdraw money from their retirement accounts. SECURE 2.0 further increased the age of RMDs, increased the catch-up contributions for older workers and required automatic enrollment for new plans. The SECURE 2.0 Act increased the age at which individuals must begin taking RMDs to 73 from 72, beginning January 1, 2023, as well as other increases starting in 2030. The SECURE 2.0 Act increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable years beginning after December 31, 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. **Basis of Accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- B. **Use of Estimates** – The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C. **Notes Receivable from Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
- D. **Investment Valuation and Income Recognition** – Investments are reported at fair value (except for the fully benefit-responsive investment contract). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fully benefit-responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

- E. **Administrative Expenses** – The Employer pays certain expenses related to the Plan. The administrative expenses incurred by the funds that the Plan is invested in are paid out of investor assets and are therefore netted into net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.
- F. **Payment of Benefits** – Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 – INVESTMENTS - INFORMATION PREPARED AND CERTIFIED BY EMPOWER AND RELIANCE TRUST COMPANY AS COMPLETE AND ACCURATE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Empower, and was not subjected to any auditing procedures performed by the independent auditors except for comparing such information to information included in the Plan's financial statements.

Empower has certified to the completeness and accuracy of the investments included in the financial statements as of December 31, 2023 and 2022, and investment activity included in the financial statements for the years then ended as summarized below:

	<u>2023</u>	<u>2022</u>
Investments - mutual funds – at fair value	\$ 9,109,807	\$ 6,762,382
Fully benefit-responsive investment contracts – at contract value	<u>1,210,749</u>	<u>1,158,005</u>
Total Investments	<u>\$ 10,320,556</u>	<u>\$ 7,920,387</u>

Interest and dividend income was \$203,235 and \$93,207 for the years ended December 31, 2023 and 2022, respectively. For the years ended December 31, 2023 and 2022, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in value by \$1,309,912 and (\$1,705,743), respectively.

Notes receivable from participants of \$223,367 and \$180,693 as of December 31, 2023 and 2022, respectively, and interest income on notes receivable from participants of \$14,544 and \$4,550 for the years ended December 31, 2023 and 2022, respectively, have also been certified by the custodians.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments carried at fair value at December 31 are classified by level within the fair value hierarchy as follows:

	<u>Level 1</u>	<u>Total 2023</u>
Investments at fair value:		
Mutual funds	<u>\$ 9,109,807</u>	<u>\$ 9,109,807</u>
Total Investments at Fair Value	<u>\$ 9,109,807</u>	<u>\$ 9,109,807</u>
	<u>Level 1</u>	<u>Total 2022</u>
Investments at fair value:		
Mutual funds	<u>\$ 6,762,382</u>	<u>\$ 6,762,382</u>
Total Investments at Fair Value	<u>\$ 6,762,382</u>	<u>\$ 6,762,382</u>

NOTE 5 – FULLY BENEFIT- RESPONSIVE INVESTMENT CONTRACTS WITH INSURANCE COMPANY

There was one fully benefit-responsive investment contract with Mass Mutual which amounted to \$1,210,749 and \$1,158,005 as of December 31, 2023 and 2022, respectively. The contract is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer and may result in a deferral of the payment at contract value for up to 12 months. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary that cause a significant withdrawal from the Plan), or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at the contract value with participants are probable of occurring.

The actual crediting rate amounted to 2.1% and 1.4% for the years ended December 31, 2023 and 2022, respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all accounts shall then be disposed of, to or for the benefit of each participant or beneficiary, as if the termination date was his or her settlement date.

THE FORTUNE SOCIETY TAX SHELTERED ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 7 – TAX STATUS

On March 31, 2017, the IRS stated that the volume submitter adopted by the Plan, as then designed, qualified under the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED-PARTY TRANSACTIONS (PARTY-IN-INTEREST)

Certain Plan investments are shares of mutual funds and a guaranteed interest account managed by Empower, the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Dividend income received by the Plan is net of fees charged to the mutual funds by the recordkeeper and custodians. Fees incurred by the Plan for the custodian services provided to the Plan are reflected as administrative expenses in the accompanying financial statements and amounted to \$60,861 and \$85,715 for the years ended December 31, 2023 and 2022, respectively.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PROHIBITED TRANSACTION – PARTICIPANTS' CONTRIBUTIONS

In accordance with the Department of Labor's Regulation 2510.3102, an employer is required to segregate participants' contributions from its general assets as soon as practical, but in no event more than the 15th business day following the period in which amounts are contributed by participants or withheld from their wages. The Employer failed to remit participants' contributions withheld in a timely manner for two of twenty-six pay periods during the year ended December 31, 2023. The reported contributions amounting to \$38,781 and \$38,288 were transferred three and four days, respectively, outside the expected timeframe.

Additionally, during 2023, plan management determined that certain participants did not have the correct deferral amount withheld from their paychecks. Plan management is reviewing 2023 and 2024 deferral with their attorneys and will make any necessary corrective contributions to the Plan.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated, for potential recognition and disclosure, events subsequent to the date of the statement of net assets available for benefits through March 26, 2025, the date the financial statements were available to be issued.
