Independent Auditor's Report

The Plan Administrator
The New Interdisciplinary School Profit Sharing Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The New Interdisciplinary School Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. The New Interdisciplinary School Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The New Interdisciplinary School Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a non-contributory defined contribution plan covering substantially all employees of The New Interdisciplinary School, Inc. (NIS, Plan Sponsor, Plan Administrator, or Employer). Employees are eligible to participate if they are at least 21 years of age, have completed a year of service (defined as 800 hours of service during the Plan year), and be employed on the last day of the Plan year. The Plan excludes members of collective-bargaining units with which NIS has bargained in good faith for retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, NIS Board of Directors determines the amount of the employer contribution. The Plan does not allow participant contributions. The Plan does accept rollover contributions.

Participant Accounts

Active employees are required to work 800 hours on an annual basis and be employed by NIS on the last day of the calendar year in order to have their accounts credited for their allocated portion of the Employer's contribution and participant forfeitures. For employees who worked 800 hours on an annual basis but were no longer employed at NIS on the last day of the calendar year, their participant accounts are credited for only their allocated portion of the Plan's net earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Plan contributions are invested in Nationwide Trust Company, FSB and Nationwide Life Insurance Company (collectively, Nationwide) accounts based on each participant's choice of funds. Each account invests its assets in an underlying fund, and the name of each account reflects the name of the corresponding underlying fund. Each account is a "variable option" because the participant has the investment risk that their account value in the fund will increase or decrease based on the investment performance of the underlying fund.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The New Interdisciplinary School Profit Sharing Plan

Notes to Financial Statements

Vesting

Participants are 100% vested in all contributions and earnings in their account if they retire at or after normal retirement age (65 years of age with five years of participation), become disabled, or die. If a participant terminates employment for any reason other than retirement, disability, or death, they are entitled to all or part of the employer contributions and related earnings in their plan account based on their years of service with the Employer, as shown in the following table:

Years of Service	Vested (%)
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) $\frac{1}{2}$ of the present value of the non-forfeitable accrued benefit of the participant or if greater, the total accrued benefit up to \$10,000. A participant may not have more than one loan outstanding at any time. These loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan Administrator at the time of the loan based on current commercial rates. The interest rate on loans outstanding at December 31, 2023 and 2022 ranged from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. The term of the loans shall not exceed five years unless the loan is for the purchase of a principal residence.

Payment of Benefits

The value of the participant's account is payable to the participant at the occurrence of one of the following events: retirement, disability, termination of employment, or to the participant's beneficiary if death occurs during employment. In addition, the Plan provides a minimum required distribution upon an inactive participant's attainment of age 70 $\frac{1}{2}$. Active participants who have attained the age of 70 $\frac{1}{2}$ may elect not to receive the minimum distribution.

Forfeitures

Forfeitures are allocated among the remaining eligible participants of the Plan. There were no unallocated forfeitures at December 31, 2023 and 2022.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The New Interdisciplinary School Profit Sharing Plan

Notes to Financial Statements

Use of Estimates

The preparation of the Plan's financial statements, in conformity with GAAP, requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses, as well as the disclosure of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan. Administrative expenses paid by the Employer for the Plan are excluded from these financial statements. Transaction fees, such as distribution, loan fees, and investment buying or selling fees, are paid by the Plan and charged directly to the participants.

Contribution Receivables

Contributions that were pending transfer to Nationwide, as of December 31, 2023 and 2022, of \$75,000 and \$200,000, respectively, had been recorded as contribution receivables to the Plan in the statements of net assets available for benefits.

3. Investment Contract

The Plan has a benefit-responsive investment contract with Nationwide Life Insurance Company. Contributions are maintained in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and

The New Interdisciplinary School Profit Sharing Plan

Notes to Financial Statements

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, for the year ended December 31, 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide, a qualified institution.

5. Fair Value Measurements

GAAP establishes a three-level hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The following is a description of the methodology used for assets measured at fair value. There have been no changes in the methodology at December 31, 2023 and 2022.

The New Interdisciplinary School Profit Sharing Plan

Notes to Financial Statements

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded. These investments are classified as Level 1, in accordance with the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,054,664	\$ -	\$ -	\$ 2,054,664
Total Investments, at fair value	\$ 2,054,664	\$ -	\$ -	\$ 2,054,664

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,805,957	\$ -	\$ -	\$ 1,805,957
Total Investments, at fair value	\$ 1,805,957	\$ -	\$ -	\$ 1,805,957

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2023 and 2022.

6. Plan Termination

Although it has not expressed intent to do so, NIS has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

7. Income Tax Status

The Internal Revenue Service (IRS) has determined by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). As an adopting employer of the prototype plan, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The New Interdisciplinary School Profit Sharing Plan

Notes to Financial Statements

8. Related Party and Party-in-Interest Transactions

Nationwide is the custodian and recordkeeper for the Plan and the Plan assets are invested in Nationwide products. Long Island Employee Benefits Group is the third-party administrator for the Plan and is an agent for Nationwide. Notes receivable from participants also qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

There have been no material subsequent events that occurred through February 28, 2025, that would require disclosure in these financial statements as of or for the year ended December 31, 2023.
