**INDEPENDENT AUDITOR'S REPORT**

Board of Trustees  
U.A.P.P. Local Union No. 142  
Welfare Fund  
San Antonio, Texas

**Opinion**

We have audited the accompanying financial statements of U.A.P.P. Local Union No. 142 Welfare Fund (the Fund), which comprise the statements of benefit obligations and net assets available for benefits as of June 30, 2024 and 2023 and the related statement of changes in benefit obligations and net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the benefit obligations and net assets available for benefits of the Fund as of June 30, 2024 and 2023, and the changes in its benefit obligations and net assets available for benefits for the year ended June 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Trustees for the Financial Statements**

The Trustees are responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

The Trustees are also responsible for maintaining a current plan instrument, including all plan amendments; administering the Fund; and determining that the Fund's transactions that are presented and disclosed in the financial statements are in conformity with the Fund's provision, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

## **Auditor’s Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Local’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Supplemental Schedules Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of June 30, 2024 and reportable transactions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund’s Trustees and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion, the information in the accompany schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures and ERISA.

NOTE A      DESCRIPTION OF FUND

U.A.P.P. Local Union No. 142 Welfare Fund ("the Fund") was established for the purposes of providing for medical (hospital, surgical, major medical), vision, health care, disability, sickness, accident and prescription drug benefits for eligible participants and their dependents. Payments are subject to the determination of the Trustees concerning the particular type or types of benefits to be provided. The Fund was created to comply with the requirements of Section 302 (C)(5)(A)(B) of the Labor Management Relations Act of 1947, as amended and with the Employee Retirement Income Security Act of 1974 (ERISA), relating to welfare benefits.

It is intended that the Fund shall continue in perpetuity. However, the Fund may be terminated when there is no longer in effect an agreement between any of the employers and any Local Union which requires employer payments for the purposes provided in the Trust Agreement.

In the event of termination of the Fund, the Trustees shall abide by the termination provisions of ERISA and may, should the Trustees feel it advisable, petition the proper court for the appointment of an independent trustee. No part of the Fund shall ever revert to or be payable to any employer or other party hereto, nor to any employee except in the form of benefits equivalent or similar to those provided in the Trust Agreement.

NOTE B      REPORTING AND SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies followed by the Fund are as follows:

Accounting Records – The accounting records of the Fund are maintained on the accrual basis for financial reporting purposes. Interest and dividend income are recognized when earned.

Employers' Contributions – Employers' contributions are payable to the Fund by employers of members of affiliated unions based on the number of hours of covered employment worked by each member. The contribution rate is \$6.33 per hour worked for Journeymen and Apprentices and \$3.16 per hour worked for Unindentured Apprentices. During the year ended June 30, 2024 two employers' contributions amounted to approximately \$5,400,000 or 46% of total contributions.

Employee Contributions – A Self-Pay employee who has less than 145 hours in their Hour Bank pays the Self-Pay premium contribution amount to continue their coverage. All Self-Pay premium contributions are determined periodically by the Fund's consultant, Ryan Benefits.

Medical Benefits – Covered medical benefits are paid on behalf of eligible members and their dependents as provided for in the Fund Document. A general description of covered medical and disability benefits is included in Note A.

Eligibility Requirements – Eligibility requirements are determined by the Joint Board of Trustees. Basic month-to-month eligibility requirements in effect during the year ended June 30, 2024 are summarized as follows:

Initial eligibility is established on the first day of the first insurance period immediately following the month during which the member has worked at least 435 hours of covered employment.

NOTE B      REPORTING AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Hours are accumulated in a member's hour bank based on hours of covered employment worked in excess of 145 hours during a qualifying month. A member's hour bank is limited to a maximum of 1,040 hours.

Continued eligibility is maintained by a member working 145 hours of covered employment during subsequent months. If the member does not work 145 hours of covered employment, the member may utilize covered employment hours accumulated in the member's hour bank. If the member has less than the 145 required hours, he may elect to pay the required self-payment premium to retain eligibility.

Contributions Receivable – Employers' contributions receivable are recognized for contributions for payroll periods prior to the fiscal year end of the Fund but not received by the Fund until after fiscal year end.

Valuation of Investments – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of benefit obligations and net assets available for benefits and the changes in the net investment gain or loss are reflected in the statement of changes in benefit obligations and net assets available for benefits.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires the Fund Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. See significant estimates relating to Benefit Obligations in Note C.

Risks and Uncertainties – The Fund invests in various securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of benefit obligations and net assets available for benefits and the statement of changes in benefit obligations and net assets available for benefits.

Fund contributions are made, and the benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, employee demographics and medical claim costs, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Concentration of Market Risk – Contributions paid to the Fund are directly affected by the level of construction activity within San Antonio, Texas area. Therefore, the Fund could suffer the risk of loss of contributions should the San Antonio area suffer an economic downturn.

NOTE B      REPORTING AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events – The Fund has evaluated subsequent events through March 20, 2025, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at June 30, 2024.

NOTE C      BENEFIT OBLIGATIONS

Claims Incurred but not Reported – The 2024 benefit obligations for claims incurred but not reported (IBNR) were estimated by the Fund’s consultant, Ryan Benefits. The IBNR estimate was based upon the claims experience of the Fund during the years ended June 30, 2024 and 2023. The Fund has obtained stop loss insurance coverage for individuals with annual claims exceeding \$150,000. During the year ended June 30, 2024 there were approximately \$1,309,000 in medical claims that exceeded stop loss amounts.

Estimated Eligibility Liability – Participants are allowed to accumulate up to 1,040 hours in an “hour bank” based on hours worked in excess of 145 hours per month that can provide future eligibility. A liability has been recorded to reflect insurance premiums and claims payable in the future based on hour bank accumulated eligibility.

The value of the above liabilities is based on Ryan Benefits projections of the costs that are expected to exist during the eligibility period that immediately follows the end of the Fund year. This is true even though the actual payouts for benefit accruals for at least some participants are likely to take place during a later period. The projections do not take into account any interest earnings or interest costs during the payout period and therefore, do not represent a present value estimate. Ryan Benefits considered Present Value Calculations and other adjustments and determined that they are not applicable. Any such adjustments would be of a magnitude smaller than the expected error in their calculations of the obligation and because of their immateriality, they are not applicable.

NOTE D      INCOME TAX STATUS

The Internal Revenue Service has ruled that the Fund qualifies under Section 501(c)(9) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws. The Fund received a favorable determination letter dated May 8, 1973 from the Internal Revenue Service. The Fund has been amended since receiving the determination letter. The Trustees are of the opinion that the Fund continues to be exempt from federal income taxes and continues to conform to the requirements of ERISA.

The Fund believes that all significant tax positions utilized by the Fund will more likely than not be sustained upon examination. As of June 30, 2024, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the fiscal year 2021 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in benefit obligations and net assets available for benefits.

NOTE F PARTIES-IN-INTEREST

Fees paid during the year for legal, accounting, administrative and other professional services were rendered by parties-in-interest.

NOTE G FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three levels listed below:

Level 1 – Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

NOTE G FAIR VALUE DISCLOSURES (CONTINUED)

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the techniques used during fiscal 2024 and 2023.

Mutual funds and money market funds are valued at the net asset value of shares held by the Fund at year end or quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at June 30, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2024</u>
