Independent Auditors' Report

Board of Trustees of Lincoln School 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lincoln School 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lincoln School 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lincoln School 403(b) Retirement Plan**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lincoln School 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lincoln School 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Board of Trustees of
Lincoln School 403(b) Retirement Plan**

Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lincoln School 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lincoln School 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lincoln School 403(b) Retirement Plan

Notes to Financial Statements
June 30, 2024

1. Description of Plan

The following description of the Lincoln School 403(b) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Lincoln School (the “School”) who meet the eligibility requirements of the Plan. The Plan became effective on January 11, 1956, for the purpose of providing benefits to participants upon retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was subsequently amended to comply with the Internal Revenue Service (“IRS”) final regulations for 403(b) Plans.

Eligibility

All eligible employees are immediately eligible to participate in the Plan on their first day of employment with the School. Employees who have completed one year of service and are age twenty-one or older are eligible to receive employer matching contributions.

Contributions

Participants may elect to contribute a percentage of their annual pre-tax compensation to the Plan subject to certain limitations as allowable under the Internal Revenue Code (“IRC”). These contributions and earnings thereon, are not subject to federal income taxes until withdrawn from the Plan. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 at the end of the Plan year are eligible to make catch-up contributions. All contributions to a participant’s account are allocated among the various investments based on each participant’s elections.

The School has the option of making a discretionary matching contribution to the Plan for eligible Plan participants. The School makes a discretionary matching contribution equal to 5% of each contributing participant’s eligible compensation, provided the participant defers a minimum of 3.5% of their eligible compensation to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the School’s contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments are participant directed.

Vesting

A participant is 100% vested in their accounts including allocated earnings thereon at all times.

1. Description of Plan (*continued*)

Plan Loans / Collateralized Assets

Participants may borrow from the Plan's custodian, Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF"), an amount up to the lesser of \$50,000 or 50% of the participant's account balance less any current outstanding loan balance, subject to a minimum of \$1,000. Loans must be repaid over a period not to exceed 5 years. Plan loans are issued directly from funds owned by TIAA and are secured by the balance in the participant's account. Principal and interest are remitted by the participant directly to TIAA and not made through regular payroll deductions. At June 30, 2024 and 2023, participants had 14 and 23 plan loans outstanding with principal balances of \$37,169 and \$63,725. These loans are payable to TIAA directly and are not considered assets of the Plan and as such, are not included in the accompanying statements of net assets available for plan benefits. Effective January 1, 2022 plan loans will no longer be offered.

Included in the TIAA Traditional Annuity – non benefit responsive account at June 30, 2024 and 2023 are 2 defaulted loans amounting to \$9,685 and \$9,215 that are held in suspense by TIAA until such time as the participant withdraws their participant balance from the Plan and TIAA can collect on the defaulted loan.

Notes Receivable from Participants

Participants may borrow from their account an amount up to the lessor of \$50,000 or 50% of their account balance, reduced by the highest outstanding balance in the participant's account during the previous 12-month period, subject to a minimum of \$1,000. Notes must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence. Participants may have up to three loans outstanding at any time. The notes are secured by the balance in the participant's account and bear interest commensurate with the local prevailing rates as determined by the plan administrator. Principal and interest is paid directly by participants on at least a quarterly basis.

Payment of Benefits

Upon retirement from service, total and permanent disability, termination of employment or death, participants will receive the value of their account balance in a lump sum distribution, installments or one of various annuity options, in accordance with the provisions of the Plan. In-service withdrawals are permitted in the case of demonstrated financial hardship. In the event of death, benefits are payable to the participant's surviving spouse or designated beneficiary.

Plan Expenses

Certain administrative functions are performed by employees of the School. No such employee receives compensation from the Plan. Certain other expenses are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses.

1. Description of Plan (*continued*)

Revenue Credit Account

The Plan and TIAA and CREF entered into a revenue sharing arrangement whereby a portion of the revenue earned by the custodians for certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay for Plan expenses, the Plan created a Revenue Credit Account. The Revenue Credit Account is an account within the Plan that is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Revenue Credit Account balance was \$25,280 and \$27,379 as of June 30, 2024 and 2023. During 2024, \$12,953 was used to reduce Plan expenses from the Revenue Credit Account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts and transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies held by the Plan are valued at fair value based on the daily closing price as reported by the funds and are deemed to be actively traded. All of the registered investment companies are open-ended and are registered with the Securities and Exchange Commission. These registered investment companies are required to publish their daily NAV and transact at that price. The TIAA Real Estate Account is a pooled separate account that is valued at the NAV of shares held by the Plan at year end, which is considered to be readily determinable, as determined by the issuer. The NAV for the TIAA Real Estate account is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of the Plan are paid by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain other fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 4, 2025.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments held at June 30, 2024 and 2023, and net appreciation in value of investments and interest and dividends for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

Notes to Financial Statements

4. Investments (*continued*)

TIAA Traditional Annuity Account

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity, the Supplemental Retirement Annuity and the Retirement Choice Plus (“RCP”) contracts. The non benefit responsive contracts are: the Group Retirement Annuity, Retirement Annuity and Retirement Choice (“RC”) contracts. The Plan utilizes the RCP contract, which is reported at contract value and the RC contract, which is reported at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan’s contracts and transfers in (if any), less any withdrawals and transfers out (if any). Contract value approximates a discounted cash flow value calculated using a risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity’s historical crediting rates. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: RCP – 3.50% - 6.25% and RC – 4.25% - 7.00%.

Under RC contracts, lump-sum withdrawals are subject to a 1.5% surrender charge. All other withdrawals and transfers must be paid in 60 monthly installments (5 years). The plan administrator does not believe that any events would limit the Plan’s ability to transact at contract value.

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 26% and 24% of the Plan’s net assets available for benefits as of June 30, 2024 and 2023 and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody’s Investors Service (Aa1 as of September 2023), Standard and Poor’s (AA+ as of October 2023), A.M. Best (A++ as of July 2023) and Fitch (AAA as of August 2023).

5. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA, by action of its Board of Trustees.

Lincoln School 403(b) Retirement Plan

Notes to Financial Statements
June 30, 2024

6. Tax Status

The School has adopted an Internal Revenue Service (“IRS”) approved volume submitter plan that received an IRS opinion letter dated March 31, 2017. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Substantially all investments are managed by TIAA and CREF. TIAA is the record-keeper and a custodian and CREF is a custodian for the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions. Additionally, the Plan receives revenue credits from certain investment holdings that are accumulated in a Revenue Credit Account, with such credit reported as other additions in the accompanying statement of changes in net assets available for benefits.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to June 30, 2024 are not reflected in these financial statements.
