FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Operating Engineers Vacation-Holiday
Savings Trust
100 Corson Street
Pasadena, California 91103

Members of the Board:

Opinion

We have audited the accompanying financial statements of Operating Engineers Vacation-Holiday Savings Trust (the "Trust"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended and schedule in support of statement of net assets available for benefits as of June 30, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Trust as of June 30, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE TRUST

The Operating Engineers Vacation-Holiday Savings Trust (the "Trust") was established by International Union of Operating Engineers, Local Union No. 12, the Associated General Contractors of California, Inc., Building Industry Association of California, Inc., Engineering Contractors' Association, Inc., Associated General Contractors of America, San Diego Chapter, Inc., San Diego Building Contractors Association and Engineering and General Contractors Association. The Trust is a multi-employer employee benefit plan, that receives contributions from employers and distributes them to participants.

The Trust is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Trust agreement includes detailed rules for each situation. Participants should refer to the Trust agreement and any amendments regarding specific provisions of the Trust.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Trust's financial statements have been prepared on the accrual basis of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of cash deposited with financial institutions in checking and savings accounts.

D. Employer Contributions

Employer contributions as reported are contributions made by employers for hours worked by active employees during the year. Employer contributions receivable is estimated based on contributions received subsequent to the end of the year. No allowance is provided for uncollectible accounts.

E. Employer Payroll Compliance Program

Employer remittance reports were accepted as submitted, without examination or verification of employers' payroll records. The system of internal control provides for examination of employers' records under an employer payroll compliance program.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Investment Valuation and Income Recognition

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs are generally unobservable and typically reflect management’s estimates of assumptions that market participants would use in pricing the asset or liability.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Short-Term Investment Fund – Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables represent the Trust’s fair value hierarchy for its financial assets measured at fair value on a recurring basis:

	Total	Level 1	Level 2	Level 3
Short-Term Investment Fund	\$ 9,202,477	\$ 9,202,477	\$ -	\$ -

Level 1 investments consist of a short-term investment fund.

Valuations are furnished by the investment manager and custodian. Purchases and sales of investments are recorded on the transaction trade date. Interest and dividends are recorded on the accrual basis. Realized gain or loss from sale of investments and unrealized appreciation or depreciation in the fair values of investments are reported as net appreciation (depreciation) of investments.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Operating Engineers Funds, Inc. (the "Corporation") was organized in order to provide a method for handling the collection of employer contributions on behalf of the participating Trust Funds and pays expenses such as accounting, legal, and other expenses. Specific identifiable expenses are charged to the respective trust, all other expenses are based upon allocation percentages periodically approved by the Board of Trustees. For the years ended June 30, 2024 and 2023, the Trust incurred expenses of \$729,730 and \$870,285, respectively.

The Operating Engineers Trust Funds Joint Contribution Committee collects delinquent contributions as well as liquidated damages and related interest.

Effective in March 2022 and ending in March 2024, the Southern California Labor Management Operating Engineers Contract Compliance Trust Fund paid for administrative expenses incurred by the Trust. The total expenses paid on behalf of the Trust during the years ended June 30, 2024 and 2023 were as follows:

	June 30, 2024	June 30, 2023
Operating Engineers Funds, Inc. Services	\$ 410,047	\$ 757,229

NOTE 4 - EMPLOYER CONTRIBUTIONS

For the years ended June 30, 2024 and 2023, the Trust received contributions from the majority of employers for each hour worked by participants at the following rates:

July 1, 2022 to June 30, 2024 - \$3.85 (California employers)
July 1, 2022 to June 30, 2024 - \$3.35 (Nevada employers)

NOTE 5 - RECONTRIBUTION OF BENEFITS

Vacation and supplemental benefits that remain with the Trust unclaimed for two years, shall be included as recontributed benefits, which is income to the Trust. Recontributed benefits were as follows:

	July 1, 2023 to June 30, 2024	July 1, 2022 to June 30, 2023
Vacation and Supplemental Benefits	<u>\$255,839</u>	<u>\$258,822</u>

NOTE 6 - PRIORITIES UPON TERMINATION

Except as may be otherwise provided by law, in the event of termination of the Agreement and declaration of Trust, the Trust provides that any and all monies remaining in the Trust after payment of all expenses and obligations of the Trust shall be expended and used for the continuance of purposes of the Trust, until such monies are exhausted.

NOTE 7 - TAX-EXEMPT STATUS

No provision for federal or state income tax is made. The Trust has received tax-exempt status from the federal government under Internal Revenue Code Section 501(c)(9) and the state of California under Revenue and Taxation Code Section 23701(i).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Trust and recognize a tax liability if the Trust has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Trust invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through April 3, 2025, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.

Members of the Board:

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
