ADVISORY TAX AUDIT

INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Building Service 32BJ Health Fund:

Opinion

We have audited the financial statements of the Building Service 32BJ Health Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, which comprise the statements of net assets available for benefits and benefit obligations as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, information regarding the net assets available for benefits and benefit obligations of the Building Service 32BJ Health Fund as of June 30, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Building Service 32BJ Health Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Building Service 32BJ Health Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Building Service 32BJ Health Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. PLAN DESCRIPTION AND FUNDING

The following description of the Building Service 32BJ Health Fund (the "Plan") is provided for general information purposes only. Participants should refer to the Plan's summary plan description for a complete description of the Plan's provisions.

General

The Plan is a multiemployer, employee welfare benefit plan that was established under the terms of collective bargaining agreements between 32BJ SEIU (the "Union"), the Realty Advisory Board on Labor Relations, Inc. ("RAB") and certain employers. The Plan provides health and other benefits to eligible participants employed in the building service industry who are covered under collective bargaining agreements, or participation agreements covering the participant. The Plan is administered by a Board of Trustees ("Trustees") with equal representation by the employers and the Union. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Benefits

The Plan provides health benefits (i.e., medical, hospital, prescription, dental, vision, mental/behavioral health and substance abuse services), death benefits for certain pensioners of the Building Service 32BJ Pension Fund, life insurance, accidental death and dismemberment benefits and long-term and short-term disability benefits to its participants and their eligible dependents (if provided for in the collective bargaining or participation agreement), in accordance with the controlling plan documents. Generally, coverage becomes effective the first day of employment after the completion of 90 consecutive days of covered employment as long as the participant remains in covered employment working more than two days a week.

Certain retired employees are entitled to certain health benefits until they become eligible for Medicare or until reaching age 65, whichever comes first, provided they meet certain requirements. In addition, participants who lose their health care coverage due to a change in active work status or a reduction in work hours are entitled to continue their coverage under the Consolidated Omnibus Budget Reconciliation Act ("COBRA"). COBRA coverage can continue for up to 18, 29, or 36 months depending on the COBRA qualifying event, as defined in the summary plan description, at the participant's expense. Certain participants who became disabled while working in covered employment may continue coverage for up to 30 months, at the Plan's expense.

Plan Funding

The Plan's primary sources of income are earnings from investments and contributions made by contributing employers in accordance with collective bargaining agreements or participation agreements, including applicable side letters and addenda. These agreements provide that the employers contribute to the Plan at a fixed rate on behalf of each covered employee.

Insured Benefits

The Plan fully insures the life insurance benefits (basic, supplemental, and dependent), accidental death and disability benefits (basic, supplemental, and spousal), long-term disability benefits and certain health benefits. The Plan purchases annual insurance contracts for these insured benefits.

Self-Insured Benefits
All other Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. Ultimate responsibility for payments to providers and participants is retained by the Plan. The Plan uses a pharmacy benefit manager ("PBM"), which periodically issues rebates to the Plan based on the Plan's actual utilization pattern of specific drugs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies followed by Plan:

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and benefit obligations, including claims incurred but not reported ("IBNR"), and disclosure of contingent assets and liabilities at the date of the financial statements and changes therein during the reporting period. Actual results could differ from those estimates.

Cash Equivalents
Highly liquid investments with a maturity of three months or less, when acquired, are considered cash equivalents.

Employers' Contributions Receivable
The Plan reports as employers' contributions receivable any contributions due that relate to work completed on or before June 30. Management of the Plan evaluates participating employers' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of June 30, 2024 and 2023, there was no allowance for uncollectible amounts established.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by its investment advisors and custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Property and Equipment
Property and equipment are carried at cost and presented net of accumulated depreciation and amortization. Expenditures for maintenance and repairs are expensed as incurred, while the cost of additions and improvements that extend the life of the asset are capitalized.

Depreciation and amortization are provided on the straight-line method over the estimated useful lives of the related assets. The estimated useful lives are as follows:

Description	Estimated Life (Years)
Building and improvements	10-39
Office furniture and equipment	10-20
Computer equipment and software	5-10

Recognition of Benefits
Benefits are recognized when paid.

Payment of Benefits
Premiums paid are recorded as group insurance premiums on the accompanying statements of changes in net assets available for benefits. Premiums not yet paid at year-end are included as an amount currently payable on the accompanying statements of benefit obligations.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are included in accounts payable and accrued expenses on the accompanying statements of net assets available for benefits.

Rebates
Prescription rebates due from the Plan's PBM are recorded when earned. Rebates due at year-end are recorded as a receivable on the statements of net assets available for benefits, with the offset being netted against claims paid. Pharmacy rebates totaled $96,323,579 and $84,416,035, for the years ended June 30, 2024 and 2023, respectively, and have been netted against claims paid on the accompanying statements of changes in net assets available for benefits.

Expenses
Expenses incurred in connection with the administration of the Plan are recorded as deductions on the accompanying statements of changes in net assets available for benefits. Certain investment-related expenses are included in net appreciation in fair value of investments and are not readily available. Payments to or for participants and group insurance premiums represent amounts paid to or for participants for benefits. Benefits administrative fees and administrative expenses represent costs not directly related to health benefits but are associated with the general operation of the Plan.

Recently Adopted Accounting Standards
In June 2016, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") 2016-13, Financial Instruments – Credit Losses (Topic 326), amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost.

The Plan adopted the new standard effective July 1, 2023, using the modified retrospective approach. Upon adoption, there was no cumulative-effect adjustment to the opening balance of net assets.

Subsequent Events
In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after June 30, 2024 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through March 5, 2025, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

3. BENEFIT OBLIGATIONS

Estimated Liability for Claims Payable and Claims Incurred but Not Reported
The estimated liability for claims payable and claims incurred but not reported is based on estimates provided by the Plan's independent consulting actuary, which are determined by applying a combination of lag factors developed from the Plan's actual experience and standardized industry lag factors to actual claims paid.

Estimated Liability for Active Participants' Continuing Eligibility
The estimated liability for active participants' continuing eligibility represents the Plan's estimated liability for health benefits to be provided in future periods arising from prior participant service for which contributions have been received.

Estimated Future Benefits to Retirees and Postretirement Benefits
The amounts reported as the postretirement benefit obligation represent the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's actuary in accordance with accepted actuarial principles. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan's participating employers and from existing Plan assets.

Further, there is no liability for the Plan to provide payment over and beyond the amounts in the Plan collected and held for such purpose. The Trustees have the right to change or discontinue the types and amounts of benefits under the Plan and the eligibility rules including the rules for extended or continuing eligibility.

On December 8, 2003, the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the "Act") for employers sponsoring postretirement health care plans that provide prescription drug benefits was signed into law. Under the Act, a federal subsidy is provided to sponsors of retiree health care benefit plans that provide a prescription drug benefit to Medicare-eligible retirees. The Plan does not provide prescription drug benefits to Medicare eligible retirees. Accordingly, the Plan is not entitled to any Medicare subsidy.

For measurement purposes, the following health care cost trend rates were assumed in the valuations as of June 30, 2024 and 2023:

	2024	2023
Medical	6.50% in 2025 graded to 4.5% over 8 years	6.50% in 2024 graded to 4.5% over 9 years
Prescription drug	7.50% in 2025 graded to 4.5% over 12 years	7.75% in 2024 graded to 4.5% over 13 years
Vision and Dental	2%	2%

The effect of a 1% increase in the assumed health care cost trend rates would cause the postretirement benefit obligations at June 30, 2024 and 2023 to increase by $32,127,433 and $34,908,345, respectively.

The significant actuarial assumptions used in the valuations as of June 30, 2024 and 2023 were as follows:

- Discount rate – 5.25% for 2024 and 4.90% for 2023
- Administrative expense increase rate - 2% for 2024 and 2023
- Postretirement mortality rates:
  - Healthy – Pri-2012 Blue Collar Healthy Annuitant Headcount-Weighted Mortality Table with generational projection using Scale MP-2021 from 2012 for 2024
  - Disabled – Pri-2012 Disabled Retiree Headcount-Weighted Mortality Table with generational projection using Scale MP-2021 from 2012 for 2024
  - Healthy – Headcount-weighted RP-2006 Blue-Collar Healthy Annuitant Mortality Table projected forward generationally using Scale MP-2017 for 2023
  - Disabled – Headcount-weighted RP-2006 Disabled Annuitant Mortality Table projected forward generationally using Scale MP-2017 for 2023
- Rates of retirement:

Age	Rate of Retirement
55 - 61	1%
62	16%
63 - 65	10%
66 - 67	20%
68 - 69	15%
70 - 71	50%
71 & older	100%

In developing the Plan's benefit obligations as of June 30, 2024, the following changes in actuarial assumptions were made from the assumptions used for the June 30, 2023 benefit obligations:

- The discount rate was increased from 4.90% to 5.25%.
- The valuation-year per capita health costs were revised based on recent experience.
- The mortality for healthy lives was changed from the RP-2006 Blue-Collar Employee and Annuitant mortality tables (sex-specific), projected forward generationally using scale MP-2017.
- The mortality for disabled lives was changed from the RP-2006 Disabled Annuitant mortality tables (sex-specific) and projected forward generationally using scale MP-2017.
- The disability rates were reduced to half of the previous rates.
- The retirement rates for actives and inactive vested participants were changed.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the Plan's benefit obligations.

4. RISKS AND UNCERTAINTIES

Due to various risks (e.g., interest rate, market, credit) associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

Financial instruments that potentially subject the Plan to concentrations of credit risk include cash, accounts receivable and investments. While management of the Plan attempts to limit any financial exposure by maintaining accounts at high quality financial institutions, cash and investment balances exceed the federally insured limit of $250,000 and $500,000, respectively. Any loss incurred or lack of access to such funds could have a significant adverse impact on the Plan's financial condition results of operations, and cash flows. The Plan has not experienced any such losses on federally insured accounts. Credit risk associated with accounts receivable is considered limited due to the large number of employers that make up the receivable balance and the historically high collection rate of receivables.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended June 30, 2024 and 2023, there were no transfers in or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value. The valuation methodologies were not changed during the years ended June 30, 2024 and 2023.

Registered Investment Companies: Shares in registered investment companies are valued based on closing quoted market prices in active markets in which the securities are traded.

Short-Term Investments: Shares in short-term investments are stated at cost, using a constant price (or amortized cost) of $1 per unit of participation, which approximates fair value.

Annuity Contract: The annuity contract is invested in equity funds and is valued based on quoted market prices in inactive markets.

Collective Investment Funds: Shares in collective investment funds are valued based on the net asset value of the units of participation owned by the Plan at year end as determined by the trustees of the collective investment fund based on the fair value of the underlying investments of the fund. Net asset value is used as a practical expedient to estimate fair value.

Limited Partnerships: Ownership in limited partnerships is valued based on the net asset value of the partnership interests owned by the Plan at year-end, as determined by the respective general partners of the limited partnerships based on the fair value of the underlying investments of the limited partnerships. The net asset value, as provided by the investment advisor, is used as a practical expedient to estimate fair value. In establishing the fair value of partnership investments, general partners take into consideration information from the financial statements of the companies in which they invest, as well as the currency in which the investments are denominated.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

	2024

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of the investments held by the Plan with a reported fair value based on net asset value as of June 30, 2024 and 2023:

The objectives of the limited partnerships are as follows:

a. The partnership's investment objective is to outperform the MSCI Emerging Markets Index, net of dividend withholding taxes, by investing in a portfolio of non-U.S., emerging market equities.

b. The partnership's investment objective is to maximize total returns by investing primarily in debt securities issued by highly leveraged companies (i.e., high-yield companies). The fund may invest in debt securities of U.S. and non-U.S. (other than emerging markets) corporate issuers, although all securities must be U.S. dollar denominated. The fund does not invest in sovereign debt or employ leverage or margin.

6. PROPERTY AND EQUIPMENT

At June 30, 2024 and 2023, property and equipment consisted of the following:

	2024	2023
Land	$ 11,030,920	$ 11,030,920

7. RELATED PARTY TRANSACTIONS

The Plan shares office space, payroll, certain computer equipment and software, and certain administrative expenses with affiliated funds and the Union. Shared expenses are allocated in proportion to the benefit derived by each entity based on an analysis of the related expenses. The common administrative expenses allocated to the related organizations totaled $34,847,848 and $29,222,376, for the years ended June 30, 2024 and 2023, respectively.

At June 30, 2024 and 2023, the Plan had the following amounts due from and due to affiliated entities:

During the years ended June 30, 2024 and 2023, certain Plan office space was used by affiliated funds and the Union. Cost sharing reimbursements from affiliated funds and rental income from the Union totaled $6,720,763 and $6,614,348, for the years ended June 30, 2024 and 2023, respectively, and are reflected as a reduction of administrative expenses on the statements of changes in net assets available for benefits.

8. EMPLOYEE BENEFIT PLANS

Defined Benefit Plans

Certain employees who are represented by the Office & Professional Employees International Union, Local 153 (“Local 153”) under a collective bargaining agreement are covered under the Local 153 Pension Fund upon meeting the eligibility requirements. The pension benefit is based on age and years of service. Non-represented employees of the Plan are covered under the Building Service 32BJ Pension Fund upon meeting the eligibility requirements. Pension benefits are based on age and years of service.

The risks of participating in these multiemployer plans are different from single-employer plans in the following aspects:

a. Assets contributed to a multiemployer plan by one employer may be used to provide benefits to employees of the other participating employers.

b. If a participating employer stops contributing to a multiemployer plan, the unfunded obligations of a multiemployer plan may be borne by the remaining participating employers.

c. If the Plan chooses to stop participating in a multiemployer plan, the Plan may be required to pay the multiemployer plan an amount based on the underfunded status of the multiemployer plan, referred to as withdrawal liability.

The Plan’s participation in multiemployer pension plans for the annual periods ended June 30, 2024 and 2023 is outlined in the table below: The “EIN/Pension Plan Number” column provides the Employer Identification Number (“EIN”) and the three digit plan number. The 2023 and 2022 Pension Protection Act (“PPA”) zone status, for the years beginning July 1, 2023 and 2022 for the Building Service 32BJ Pension Fund and January 1, 2023 and 2022 for the Local 153 Pension Fund, is based on information reported on the Form 5500 for that year. Among other factors, plans in the red zone are generally less than 65% funded or projected to have a deficit in their funding standard account within four years, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "RP Implemented" column indicates whether a rehabilitation plan (“RP”) has been implemented. The last column lists the expiration date of the collective bargaining agreement to which plan contributions are subject.

There were no changes that affect the comparability of the Plan's contributions for the years ended June 30, 2024, and 2023. The Plan contributed more than 5% of total plan contributions to the Local 153 Pension Fund for the years ended December 31, 2023 and 2022 and less than 5% of total plan contribution to the Building Service 32BJ Pension Fund for the years ended June 30, 2024 and 2023.

The Plan's employees and their eligible dependents are also participants in the Plan. The Plan contributed $6,620,092 and $6,783,465 in 2024 and 2023, respectively, on behalf of its employees.

Defined Contribution Plan

Employees of the Plan who meet eligibility requirements participate in the Building Service 32BJ Supplemental Retirement Savings Plan (the "SRSP"), a defined contribution plan. Under the SRSP, employees may elect to have a portion of their compensation directed into the SRSP on a pre-tax basis. The Plan contributes at a fixed rate per week or a percentage of compensation in accordance with the employees' respective collective bargaining agreement or participation agreement. Employees are immediately vested in both their voluntary and employer contributions plus actual earnings and losses thereon. The Plan contributed $1,300,243 and $1,073,759 for the years ended June 30, 2024 and 2023, respectively, on behalf of covered employees.

9. TAX STATUS

The Internal Revenue Service (the "IRS") has recognized the Plan as exempt from federal income taxation under Section 501(a) of the Internal Revenue Code (the "IRC"), as described at Section 501(c)(9), as stated in its determination letter dated September 18, 1981. The IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken and recognize an income tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has evaluated the tax positions taken by the Plan and concluded that as of June 30, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. In addition, there have been no tax-related interest or penalties for the periods presented in these financial statements.

10. RENTAL INCOME

The Plan has a lease agreement with the Union for the Union's allocable share of the office, as a result of the Plan's purchase of the office space on June 30, 2016. The lease terminates on June 30, 2031. Rental income of $6,720,763 and $6,614,348, respectively, for the years ended June 30, 2024 and 2023, offsets against building operating expenses, which is included in administrative expenses on the statements of changes in net assets available for benefits. The cost and accumulated depreciation of assets held under lease is $132,674,282 and $26,170,249, respectively at June 30, 2024 and $128,361,150 and $22,757,255, respectively at June 30, 2023. Depreciation expense for leased assets totaled $3,358,137 and $3,311,555 for the years ended June 30, 2024 and 2023, respectively.

The following is a schedule of minimum lease rental income expected to be received during the years ending June 30 through the end of the lease agreement:

2025	$ 3,420,926
2026	3,420,926
2027	3,735,686
2028	3,735,686
2029	3,735,686
Thereafter	7,471,376
	$ 25,520,286

11. PLAN TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect. However, the Plan may be terminated in the manner prescribed by the governing documents in accordance with applicable law. In the event that the Plan terminates, the net assets of the Plan will be used for the payment of benefits and administrative expenses as prescribed by ERISA and its related regulations and will not revert to any employer, the Union or any other union under any condition.

The Trustees have the right to change or discontinue the types and amounts of benefits under the Plan and the eligibility rules, including the rules for extended or continuing eligibility.

12. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

In accordance with accounting principles generally accepted in the United States of America, the Plan's allocable portion of the land is reported at cost and the building spaces are reported at cost less accumulated depreciation in these financial statements. For purposes of Form 5500, the allocable portion of the land and the building spaces are reported at fair value as determined by the Trustees.
