## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
The Lowell School Defined Contribution Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Lowell School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Lowell School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Lowell School Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Lowell School Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Lowell School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Lowell School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTE 1. DESCRIPTION OF PLAN**

The following description of The Lowell School Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**A. GENERAL:**

The Plan is a defined contribution plan covering eligible employees of The Lowell School (the “Organization”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

**B. ELIGIBILITY:**

An employee of the Organization becomes eligible to participate in the Plan upon completing one year of service. A year of eligible service is based on 500 hours of service in the first twelve months of employment, or any subsequent plan year. A participant enters the Plan for employer matching contribution purposes on the date the employee satisfies the eligibility requirements. A participant enters the Plan for non-elective employer contribution purposes on the first day of the plan year in which the eligibility requirements are met.

**C. CONTRIBUTIONS:**

The Plan does not permit employee elective contributions or rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled accounts and an insurance investment contract as investment options for participants. Changes to investment elections are permitted semi-annually. The Organization contributes 50% of the participant’s elective contribution to the Organization’s 403(b) plan up to a maximum matching contribution of 3% of base salary. Additional discretionary amounts may be contributed at the option of the Organization’s Board of Directors. Discretionary contributions for the year ended June 30, 2024 was \$0. Contributions are subject to certain IRS limitations.

**D. VESTING:**

A participant who reaches normal retirement age or terminates employment due to death or disability becomes 100% vested and has a non-forfeitable interest in his/her participant account. A participant who terminates employment prior to normal retirement age for any other reason is subject to the vesting schedule below.

<u>Years of Service</u>	<u>Vested Interest</u>

**NOTE 1. DESCRIPTION OF PLAN (continued)**

E. PARTICIPANT ACCOUNTS:

Each participant's account is credited with Organization matching contributions, allocations of the Organization's discretionary contributions, if any, Plan earnings (losses), and charges of administrative expenses that are paid by the Plan. Allocations are based on compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. PAYMENT OF BENEFITS:

Upon leaving the Organization for any reason including termination, death, disability, or retirement, participants may receive the balances in their accounts as a single lump-sum payment or in substantially equal monthly, quarterly, semi-annual or annual cash installments over a certain period that does not extend beyond the participant's life, or the life of his or her designated beneficiary; if the participant's account balance is in excess of \$1,000, the participant and the participant's spouse must consent. The normal retirement age under the Plan is the date that the employee attains age 65. Under certain circumstances, the Plan may permit hardship withdrawals.

G. PARTICIPANT LOANS:

Loans to participants are not permitted.

H. FORFEITED ACCOUNTS:

At June 30, 2024 and 2023, forfeited non-vested cash accounts totaled \$2,991 and \$857, respectively. Under the terms of the Plan, forfeited balances will be used to reduce future employer contributions and to pay Plan expenses. Also, for the year ended June 30, 2024, employer contributions were reduced by \$1,459 from forfeited nonvested accounts.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. BASIS OF ACCOUNTING:

The accompanying financial statements are prepared on the accrual basis of accounting.

B. ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. INVESTMENT VALUATION AND INCOME RECOGNITION:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

**THE LOWELL SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024**

---

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

- C. INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED):  
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- D. PAYMENT OF BENEFITS:  
Benefits are recorded when paid.
- E. EXCESS CONTRIBUTIONS PAYABLE:  
Amounts payable to the Organization for excess contributions resulting from failure to pass the ADP/ACP test are recorded as a liability with a corresponding reduction to contributions. The Plan refunded the 2023 excess contributions to the Organization on February 27, 2024.
- F. EXPENSES:  
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.
- G. SUBSEQUENT EVENTS:  
The Plan has evaluated events and transactions that occurred through February 27, 2025, the date the financial statements were available to be issued.

**NOTE 3. CERTIFIED INVESTMENTS**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 30, 2024 and 2023, and appreciation in fair value of investments and interest for the year ended June 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company of New York, the trustee of the Plan.

**NOTE 4. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.

**THE LOWELL SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024**

---

**NOTE 4. FAIR VALUE MEASUREMENTS (continued)**

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

*Pooled accounts:* Valued at the net asset value (NAV) of shares held by the Plan at year end.

As the plan invests in pooled accounts which trade at the net asset value (NAV) per share practical expedient of the funds, these pooled accounts totaling \$2,879,301 and \$2,517,706 at June 30, 2024 and 2023, respectively, are not categorized within the fair value hierarchy.

*Guaranteed accounts:* Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Board of Directors evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

Pooled accounts	\$ 2,517,706	n/a	Daily	30 days

**NOTE 5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS**

Certain Plan investments are pooled separate accounts managed by John Hancock Life Insurance Company of New York, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were \$20,577 for the year ended June 30, 2024.

**NOTE 6. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2024**

**NOTE 7. TAX STATUS**

The Internal Revenue Service ("IRS") has determined and informed the Organization by a letter dated September 21, 2015, that the Plan and related trust are qualified in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
