INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Trustees
Yosemite Pathology 401(k) Profit Sharing Plan
Modesto, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Yosemite Pathology 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and March 31, 2023, and the related statement of changes in net assets available for benefits for the period April 1, 2023 to December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Yosemite Pathology 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and March 31, 2023, and for the period April 1, 2023 to December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Yosemite Pathology 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yosemite Pathology 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Yosemite Pathology 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yosemite Pathology 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes and schedule of delinquent participant contributions as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

YOSEMITE PATHOLOGY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Yosemite Pathology 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering employees of Yosemite Pathology Medical Group, Inc. (the “Group”) who have at least 1 year of service and are age twenty one years or older. The Plan was established on April 1, 1979 and restated for the Cycle 3 Restatement effective April 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions and Vesting:

Eligible employees of the Group may elect to contribute to the Plan pre-tax contributions or after-tax Roth contributions up to the maximum limit established annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions and earnings are fully vested and non-forfeitable at all times.

The Group makes safe harbor matching contributions equal to 100% of the participant’s elective deferral that does not exceed 3% of compensation, plus 50% of the participant’s elective deferral that exceeds 3% of the participant’s compensation but does not exceed 5% of the participant’s compensation. The Plan also provides for employer contributions on a discretionary basis as determined by the Group. The Group’s discretionary nonelective employer contributions are vested at 20% per year over five years. A participant is 100% vested after 5 years of credited service, after reaching normal retirement age or upon death or disability.

Participant Accounts:

Each participant’s account is credited with (a) participant contributions and employer contributions, and (b) the allocation of investment earnings, gains, and losses, and expenses, based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All amounts in participant accounts are participant-directed. The participant directs the investment of their account into various investment options offered by the Plan. Participants also have the option to direct their investments through a self-directed brokerage account.

YOSEMITE PATHOLOGY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance at a reasonable rate of interest. Loans are secured by the vested balance in the participant's account. Loans bear interest at a rate equal to the prime rate plus 2%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest received is credited directly to the borrower's account.

Payment of Benefits:

Upon separation of service or other conditions as defined in the Plan, the participants or their beneficiaries are entitled to a lump sum distribution equal to the value of the participant's vested interest in his or her account, or various options as defined in the Plan. The Plan permits a hardship distribution to a participant in accordance with the Plan's hardship policies.

Administrative Expenses:

Plan investment and trust management fees paid are charged against the Plan's assets, unless otherwise paid by the Group. These fees are allocated to the participants' accounts in the same manner as the allocation of income and loss. Expenses related to specific participant transactions are charged to the respective participant's account. The annual audit and tax fees are paid directly by the Group and are not included in the accompanying financial statements.

Forfeited Account:

At December 31, 2023 and March 31, 2023, forfeited non-vested accounts totaled \$3,999 and \$3,930, respectively. Amounts accumulated in the forfeiture account will be used to reduce future employer contributions and administrative fees of the Plan. Forfeitures of \$6 and \$0 were used to reduce employer contributions or administrative fees during the period April 1, 2023 to December 31, 2023 and the year ended March 31, 2023, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

YOSEMITE PATHOLOGY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments presented on the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note is recorded as a benefit payment based upon the terms of the plan document.

Benefits Paid to Participants:

Benefits are recorded when paid.

Use of Estimates:

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America. Those standards require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

YOSEMITE PATHOLOGY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Cont.)

Date of Management's Review of Subsequent Events:

The Plan has evaluated subsequent events through March 21, 2025, the date on which the financial statements were available to be issued.

Effective January 1, 2024, the Plan was restated to reflect certain changes. As part of the restatement, the Plan's year-end was changed from March 31 to December 31, beginning with the period April 1, 2023 to December 31, 2023. Additionally, the Plan was amended to implement automatic enrollment with automatic escalation, whereby newly eligible employees will be automatically enrolled at a default deferral percentage of 3 percent, with an annual increase of one percent up to ten percent unless they opt out. Furthermore, the Plan no longer permits participant contributions to be directed into self-directed accounts. Finally, the Plan changed its recordkeeper and third-party administrator to Human Interest, Inc.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 measurements are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Investments in registered investment companies (mutual funds) are stated at the respective fund's NAV, which is determined based on market values at the closing price on the last business day of the year. The NAV is a quoted price in an active market and classified within the Level 1 hierarchy.

Investments in self-directed brokerage accounts consist primarily of common stocks, mutual funds and exchange traded funds that are valued daily based on their quoted market prices in active markets and classified within the Level 1 hierarchy.

**YOSEMITE PATHOLOGY
401(k) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Cont.)

Level 2 Fair Value Measurements

The fair values of the pooled separate accounts are based on the market value of the underlying assets plus income accrued but not yet received less operating expenses accrued but not yet deducted, if any. These investments are classified as Level 2.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and March 31, 2023:

Note 4. Summary of Information Certified by the Plan's Qualified Institution

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 26 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified as custodian that the following data included in the accompanying financial statements and supplemental schedule of assets held for investment purposes at end of year is complete and accurate:

Investments, at fair value as of December 31, 2023 and March 31, 2023.

Investments, at contract value as of December 31, 2023 and March 31, 2023.

Net appreciation in fair value of investments for the period April 1, 2023 to December 31, 2023.

Interest and dividends for the period April 1, 2023 to December 31, 2023.

Interest income on notes receivable from participants for the period April 1, 2023 to December 31, 2023.

The plan assets and investment activity in self-directed brokerage accounts are not covered by a certification.

Note 5. Investment in Fixed Annuity Contract with Insurance Company

The Plan is in a group annuity contract with Principal Life Insurance Company ("Principal Life"). The Plan holds a fully benefit-responsive group annuity investment contract ("Principal Fixed Income Guaranteed Option") issued by Principal Life to Principal Trust Company ("Principal") as custodian. Principal maintains the contributions in a general account. The account is charged for participant withdrawals and administrative expenses, plus interest credited. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment in Fixed Annuity Contract with Insurance Company (Cont.)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events may limit the Plan's ability to transact at contract value with Principal Life.

The methodology for calculating the interest crediting rate is based on the composite weighted average of underlying guarantees provided in the contract. The interest crediting rate is reset semiannually (May 31 and November 30). The crediting interest rates averaged 1.67% and 1.56% at December 31, 2023 and March 31, 2023, respectively.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Group has the right to terminate the Plan at any time subject to the provisions set forth in ERISA and the Internal Revenue Code. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balances.

Note 7. Related Party and Party-in-Interest Transactions

Certain investments in the Plan are issued by an affiliate of Principal, and therefore, these transactions qualify as party-in-interest transactions. Also, during the period April 1, 2023 to December 31, 2023 and during the March 31, 2023 plan year, the trustee of the Plan provided participant-level services as defined by the Plan and, therefore, these transactions qualify as party-in-interest. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code.

Participants may borrow from their vested account balance. Such loan transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA and the Internal Revenue Code.

Note 8. Income Tax Status and Plan Amendments

The Plan is a non-standardized pre-approved plan. The Internal Revenue Service has determined and informed the sponsor of the non-standardized pre-approved plan by a letter dated June 30, 2020, that the plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has not received an individual determination letter, the plan administrator and management believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code; and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

Note 8. Income Tax Status and Plan Amendments (Cont.)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three to four years for income tax examination.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Prohibited Transactions

During the period April 1, 2023 to December 31, 2023, the Group inadvertently failed to deposit \$43,506 of participant contributions, loan repayments and lost earnings within the required timeframe stated by the Department of Labor. The delinquent participant contributions, loan repayments and lost earnings have since been corrected by the Group. The lost earnings were made from the Group's assets and not from Plan assets.
