Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the December 31, 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Oxford House, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Oxford House, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the December 31, 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the December 31, 2023 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the December 31, 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the December 31, 2023 Financial Statements section of our report. We are required to be

- Continued -

independent of Oxford House, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the December 31, 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oxford House, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the December 31, 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the December 31, 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oxford House, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Continued -

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oxford House, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the December 31, 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

December 31, 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the December 31, 2022 Financial Statements

The December 31, 2022 financial statements of Oxford House, Inc. as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated January 8, 2024, indicated that, in their opinion (a) the amounts and disclosures in the December 31, 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the December 31, 2022 financial statements related to assets held by and certified to by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the December 31, 2022 supplemental schedule, other than the information in the December 31, 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the December 31, 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OXFORD HOUSE, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. Description of Plan

The following description of the Oxford House, Inc. ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution 401(k) plan, which includes a Roth 401(k) elective deferral, covering all employees over age 21 of Oxford House, Inc. ("Company"), excluding non-resident aliens, leased, and union employees. Employees become eligible to participate after completing three months of service. Entry to the Plan for employees occurs immediately upon date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute to the Plan 1% to 100% of their total compensation as defined by the Plan, subject to Internal Revenue Code limits. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined-benefit or defined-contribution plans. The Company may contribute additional amounts at the option of the Board of Directors. Currently, the Company contributes a matching contribution equal to 100% of the participant's contribution up to 3% of eligible compensation. The Company may also make an annual discretionary contribution. There were no discretionary employer contributions for 2023 or 2022.

Participant Accounts: Each participant's account is credited with the participant's contribution, Company matching contributions, and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 2 years of service. Additional qualified non-elective contributions may be made at the discretion of the Company. Vesting for non-elective contributions is graded per the following schedule:

0-2 years of service	0%
2-3 years of service	20%
3-4 years of service	40%
4-5 years of service	60%
5-6 years of service	80%
6 or more years of service	100%

Payment of Benefits: Upon termination of service due to death, disability, or attainment of retirement age, each participant or their beneficiaries shall be entitled to receive his vested interest in his accrued benefits account. Payment shall be made as a single lump-sum payment in cash, or in installments as permitted for required minimum distributions. Distributions upon termination will be made as soon as administratively feasible. Participants may elect to receive the distribution or to roll over the distribution to another retirement plan. Account balances less than \$5,000 are automatically distributed. Account balances greater than \$5,000 require written consent.

OXFORD HOUSE, INC.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023

1. Description of Plan - Continued

Normal Retirement Date: The Plan defines the normal retirement date as the anniversary date coinciding with or next following the date of the participant's 65th birthday.

Early Retirement Date: There is no early retirement age under the Plan.

Retirement Benefits: At the applicable retirement date, each participant shall be entitled to receive their vested interest in their account.

Hardship Distributions: Hardship distributions are permitted from participant's elective deferral accounts.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates determined at the time of loan application. Principal and interest are paid primarily through payroll deductions.

Forfeitures: The nonvested account of a participant will be forfeited at the time the participant ceases to be an employee of the Plan sponsor. All forfeitures are allocated as of the last day of the Plan year in which such forfeitures arise or are applied to reduce the employer contribution made after the forfeitures are determined. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$14,070 and \$7,197, respectively.

Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions in any of the available investment options made available. Participants may change their investments daily.

2. Summary of Accounting Policies

Basis of Accounting: The Plan prepares its financial statements on the accrual basis whereby revenue is recognized when earned and expenses are recognized when incurred.

Estimates: The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value as determined by Matrix Trust Company using generally accepted accounting principles and applicable laws. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on the trade-date basis, as are the earnings on investment accounts. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies - Continued

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Administrative Expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. The expenses paid using the Plan's assets will generally be allocated among the accounts of participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balance or as an equal dollar amount based on the number of participants in the Plan.

Evaluation of Subsequent Events: Management has evaluated subsequent events through March 20, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Plan Trustees (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (the trustee of the Plan):

Investments at fair value	
Mutual funds	\$ 1,064,008
Exchange traded funds	\$ 384,152
Cash and cash equivalents	\$ 27,218
Notes receivable from participants	\$ 46,530
Dividend income	\$ 32,905
Interest income on participants loans	\$ 1,941
Net appreciation of investments	\$ 211,445

4. Fair Value Measurements (Unaudited)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "*Fair Value Measurements and Disclosures*", defines fair value, establishes a framework for measuring fair value, and expands disclosures regarding fair value measurements. The standard establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

OXFORD HOUSE, INC.

4. Fair Value Measurements (Unaudited) - Continued

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or 2 inputs are not available.

Level 1 inputs are based on quoted prices in active markets for identical assets that the Plan has the ability to access at year-end. Level 1 investments include mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

No Level 2 or 3 inputs were used for valuation at December 31, 2023 or 2022.

The Plan's investments are reported at fair value in the statements of net assets available for benefits as follows:

Input Levels by Investment Category:

5. Parties-in-interest

401GO, Inc. is the contract administrator. 401GO, Inc. is a service provider of the Plan, therefore, transactions qualify as party-in-interest transactions. Fees paid by the Plan totaled \$5,462 for the year ended December 31, 2023.

5. Parties-in-interest - Continued

WellsColeman performs the audit for the Plan. WellsColeman is a service provider of the Plan, therefore, transactions qualify as party-in-interest transactions. There were no fees paid by the Plan to the firm for the year ended December 31, 2023.

Matrix Trust Company is the Plan trustee and provides recordkeeping services to the Plan. These transactions qualify as party-in-interest transactions. There were no fees paid by the Plan to Matrix Trust Company for the year ended December 31, 2023.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the prototype Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

10. Employer and Employee Contributions Receivable

As of December 31, 2023, the Plan's financial statements include employer and employee contributions receivable of \$9,251 and \$4,665, respectively, related to the final remittance of the year. The timing differences arises due to differences in the payroll processing and contract administrator reporting period compared to the reporting period of the trust. Contributions withheld from employees and the corresponding employer contributions for the final payroll period were remitted to the Plan subsequent to year-end per the trust reporting period.
