Independent Auditors' Report

Board of Trustees
St. Louis Graphic Arts Joint Health & Welfare Fund
St. Peters, Missouri

Opinion

We have audited the accompanying financial statements of St. Louis Graphic Arts Joint Health & Welfare Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at End of Year) and Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Additional Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The additional Schedules of Administrative Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the additional information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following description of the St. Louis Graphic Arts Joint Health & Welfare Fund (the "Plan") provides only general information. Participants of the Plan should refer to the plan document and the summary plan description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution health and welfare plan. The Plan was established and is maintained pursuant to a collective bargaining agreement ("CBA") between Graphic Communications Conference International Brotherhood of Teamsters St. Louis Local 6-505M (the "Union") and contributing employers (the "Employers") to provide a Health Reimbursement Arrangement ("HRA") and subsidy of premiums in circumstances related to disability, as well as medical and prescription drugs to medicare retirees. Additionally, pursuant to a participation agreement, office employees of the Plan are eligible to participate in the Plan. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of the Plan is the responsibility of the Board of Trustees (the "Trustees") and is governed by a joint board consisting of equal representation from the Employers and the Union.

Eligibility

Participants are eligible for HRA allocations and disability continuation coverage based on the terms set forth in the SPD. Eligibility is tied to enrollment in a welfare plan maintained pursuant to a CBA bound to the Plan or retirement from such employment. Retired employees are eligible for medical and prescription drug benefits based on terms set forth in the SPD.

Retirees are eligible if at the time of retirement, the employee was enrolled in a group health plan maintained to an agreement between Local 6-505M and an employer that at the time agreed to be bound to the Plan's Trust agreement, and the retiree is eligible for and enrolled in Medicare.

Contributions

The reserves of the Plan as of September 1, 2018 were established through Employer contributions and Employee share of premiums paid pursuant to Agreements with the Union, self-pay contributions from participants, COBRA participants, and Retirees, and investment income. Effective with work performed in August 2018, the obligation for Employer and Employee contributions for medical, prescription and other benefits provided by the Plan through August 31, 2018 ceased. Those reserves are being used first to pay claims incurred prior to September 1, 2018, then to pay administrative expenses of the Plan, and finally to provide the benefits set out in this SPD. In the future there may be additional Employer contributions paid pursuant to Agreements with the Union. The Trustees will continue to invest any reserves not currently needed for administering the Plan and providing benefits.

Retired participants are required to make contributions for their benefits.

Benefits

The Plan provides a HRA account for each eligible employee, which can be used for reimbursement of out-of-pocket expenses for covered medical, dental and vision expenses including amounts paid to the deductible, co-payments, and co-insurance.

The Trustees determine the amount of yearly HRA allocations, generally occurring on or about January 1. Allocations made to eligible participants on January 1, 2024 and 2023 were \$1,750 for participants individual/single coverage or \$2,500 for participants with family/dependent coverage.

Any amounts in the participant's HRA accounts for which reimbursement is not sought by the end of March following the end of the calendar year, shall be returned to the general assets of the Plan.

The Plan also offers medical and prescription drug benefits for medicare retirees through as a fully insured benefit.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Refunds

Medical claims refunds totaled \$3,930 for the year ended June 30, 2023 and is recorded as medical claims refunds on the statements of changes in net assets available for benefits.

Property and Equipment

Property and equipment is stated at cost. Major additions and improvements are capitalized, while maintenance and repairs are expensed as incurred. When assets are sold or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts. Any gain or loss arising from such disposition is included as additions or deductions in the year of disposition.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

The estimated lives for computing depreciation on property and equipment are:

<u>Classification</u>	<u>Years</u>
Furniture and Equipment	5-10

Payment of Benefits

Premiums paid are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. HRA reimbursements are recorded as benefits paid directly to/for participants in the accompanying statement of changes in net assets available for benefits.

Administrative Expenses

The Plan permits the payment of Plan expenses from Plan assets. Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Health Reimbursement Arrangement

Included in net assets available for benefits are amounts available to reimburse participants for certain health care expenses under the HRA arrangement. As of June 30, 2024 and 2023, these net assets totaled \$210,449 and \$472,470, respectively.

Subsequent Events

The Plan has evaluated subsequent events through March 27, 2025, the date on which the financial statements were available to be issued.

3. Change in Accounting Principle

Effective July 1, 2023, the Company adopted ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended. FASB ASC 326 replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss ("CECL") methodology. CECL requires an estimate of future credit losses for the remaining estimated lives of financial assets based on relevant information about historical experience, current conditions, and reasonable and supportable financial forecasts that affect the collectibility of the reported amounts. The measurement of expected credit losses under CECL is applicable to financial assets measured at amortized cost. Such assets are presented at the net amount expected to be collected over their remaining contractual lives using an allowance for credit losses. The adoption of FASB ASC 326 resulted in no change in the allowance from credit losses.

4. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets.
Level 2	Inputs to the valuation methodology to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 investments consist of money market funds, certificate of deposits, and registered investment companies (mutual funds). Money market funds are valued at cost plus accrued interest. Mutual funds are recorded at the closing price recorded by the fund. These are open ended mutual funds and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 investments consist of corporate bonds and U.S. government and agency bonds. Corporate bonds and U.S. government and agency bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Property and Equipment

Property and equipment at June 30, is as follows:

	2024	2023
Furniture and Equipment	\$ 37,696	\$ 37,696
Less: Accumulated depreciation	(37,512)	(37,141)
	<u>\$ 184</u>	<u>\$ 555</u>

Depreciation expense for each of the years ended June 30, 2024 and 2023 totaled \$371 for each of the years ended.

6. Retirement Plans

The Plan has a 401(k) profit sharing plan (the "401(k) Plan") covering all office employees. The contributions are made by the Plan for employees in the amount of 3% of each employee's salary. The Plan's share of 401(k) Plan contributions amounted to \$2,100 for both years ended June 30, 2024 and 2023.

St. Louis Graphic Arts Joint Health & Welfare Fund
Notes to Financial Statements
June 30, 2024 and 2023

Employees of the Plan are covered through the Central States Health and Welfare Fund. Total contributions made to the Central States Fund for health and welfare coverage amounted to \$20,108 and \$13,757 during the years ended June 30, 2024 and 2023, respectively.

7. Plan Amendments

Effective January 1, 2023 the plan was amended to cover hearing aid repair.

The Plan was amended to extend the January 2022 HRA deadline to March 31, 2023 and all future years of filing HRA claims to March 31st.

8. Plan Termination

Although they have not expressed any intent to do so, the Trustees have the right under the Plan to modify the benefits provided to eligible active employees. The Plan may be terminated only by joint agreement between the Employers and the Union, subject to the provisions set forth in ERISA.

Should the Plan determine to terminate, any assets remaining shall be used solely for purposes of providing benefits and defraying the reasonable cost of administering the Plan. No assets shall revert to the contributing employers.

9. Tax Status of Plan

The Internal Revenue Service has determined and informed the Trustees by a letter dated May 6, 1980, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Management has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2024 and 2023, there were no uncertain positions taken, or expected to be taken, that would require the recognition of a liability or disclosure in the financial statements. Management believes the Plan is no longer subject to income tax examinations prior to 2020. The Plan is also subject to routine audits by the Department of Labor generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

10. Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.
