Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 30, 2024 and 2023

1. Description of the Plan

The following description of the Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan created on April 1, 1992, and most recently restated on July 1, 2022, for the purpose of providing to eligible employees of Witte Brothers Exchange, Inc. (the Company) a means for long-term savings or the accumulation of retirement income, and is subject to the provisions of ERISA. In order to be eligible to participate in the Plan, employees must be at least 21 years of age and must have completed 12 months of service.

Contributions

Participants may elect to contribute to the Plan the lesser of 100% of their salary or the limits in the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified Plans. The Plan also permits Roth contributions.

The Company matches 20% of the employee contribution up to 10% of the employees' wages. The Company may make discretionary non-elective contributions. The Company made no non-elective contributions for the year ended June 30, 2024. All contributions are subject to maximum amounts as permitted by the Internal Revenue Service (the IRS).

Participant Accounts

All Plan investments are participant directed. Plan participants have the option of having their contributions invested in a variety of pooled separate accounts. Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions, (b) Plan earnings or losses (including plan expense reduction amounts), and (c) charged with administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-3 years, or longer for a hardship or the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate of interest as published by the Wall Street Journal on the date of the loan, plus 1 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan permits in-service and hardship withdrawals under certain conditions.

Vesting

All participant contributions and rollovers are fully vested. Employer matching and non-elective contributions vest based upon a graduated six-year vesting schedule.

Forfeited Accounts

The non-vested portion of a participant's account that is forfeited on or after termination of employment may be allocated to other participants, used to defray the administrative expenses of the Plan, or considered as part of the Employer's contribution, as defined in the Plan document. Forfeitures are maintained in a cash account.

The Plan's cash account had a balance of \$6,500 and \$11,314 as of June 30, 2024 and 2023 respectively. Forfeitures were used to pay Plan expenses in the amount of \$13,612 and to reduce employer contributions in the amount of \$1,066 for the year ended June 30, 2024.

Administrative Expenses

Substantially all the costs of administering the Plan are paid by the Plan, although certain costs are paid by the Company. Eligible expenses are allocated to participant accounts based on balances

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

or transactions, as applicable. Administrative expenses include investment management fees, audit fees, recordkeeper fees and other transaction fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the employer contribution portion of their account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. All dividends or interest from the underlying mutual funds held within the pooled separate accounts are reinvested in additional shares of the underlying mutual funds. Accordingly, the unit value is adjusted daily to reflect these transactions. Net investment income reported in the financial statements includes the effects of dividends received, interest earned, and net appreciation on the Plan's pooled separate accounts bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expense and are expensed when they

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

are incurred. No allowance for credit losses has been recorded as of June 30, 2024 and 2023. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses and other administrative costs are allocated to participants based on their account balances. Certain investment expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants in August 2024.

Reclassification

Certain amounts in the 2023 financial statements and footnotes have been reclassified to conform to current year reporting. Such reclassifications had no impact on the net assets available for benefits or the changes in net assets available for benefits.

3. Investment Information Certified by Insurance Company

All investment information disclosed in the accompanying financial statements and schedules, including investments and participant notes receivable held at June 30, 2024 and 2023, and net investment income and interest from participant notes receivable for the year ended June 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the insurance company. All investments are participant directed.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts are valued at the net asset value (NAV) of units of the separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily and there are no restrictions on redemptions. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The pooled separate accounts other than the Stable Value Fund each invest in a single, open-ended mutual fund which is generally identified in the name of the separate account. The investment strategies of the separate accounts are consistent with each of the mutual funds identified in the name of the fund. The Stable Value Fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

All Plan investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been categorized in the fair value hierarchy.

5. Income Tax Status

On June 30, 2020, the Internal Revenue Service determined by letter that the non-standardized prototype Plan is designed in accordance with and qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Administration of Plan Assets

The Plan's assets are held by the custodian of the Plan. Employee and employer contributions are held and managed by the custodian, which invests cash received, interest, and dividend income and makes distributions to participants. The pooled separate accounts are managed by John Hancock Life Insurance Company, the custodian of the Plan.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

7. Related Party Transactions

As noted in Notes 1 and 6, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

Witte Brothers Exchange, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

7. Related Party Transactions (continued)

During the year ended June 30, 2024, the Plan administrator identified that participant contributions and loan repayments totaling \$12,086 related to one payroll were remitted to the plan in violation of Department of Labor (DOL) regulations. The Plan administrator funded this amount to the Plan in 2024.

8. Subsequent Events

Management has evaluated all subsequent events through January 21, 2025, which represents the date the financial statements were available to be issued.

Plan Authorization

Again for 2023 and 2024, all forms 5500 and attachments must be filed electronically.

One method is for the Plan to get its own signature credentials, and review the filing through a portal, applying an electronic signature upon approval.

The other method is to have the returns filed by the Third-Party Administrator, who must then provide a paper copy of the return, which is then signed and scanned in the electronic return. This would appear the easier solution for most plans.

If you would like to have Integrated Capital Systems manage the filing process, we must have written authorization.

I/we hereby appoint Integrated Capital Systems to manage the filing of the 5500 forms for:

Witte Bros. Exchange, Inc.

Plan Year End to which the filing applies: June 30, 2024

This authorization shall be applicable to all such 5500 forms of the employer to be filed for the Plan Year.

Integrated Capital agrees to electronically file the required 5500 or 5500-SF forms and attachments thereto, on behalf of the plan, and to notify the Plan of any communications received by Integrated Capital relating to the Plan.

Integrated Capital Systems will supply the Plan a paper copy of the return for signature and filing with the electronic return.

It should be understood that the signed copy of the return will be posted on the DOL website for public inspection.
