Plan Administrator
Money Purchase Pension Plan of Wake Forest University Health Sciences
Winston-Salem, North Carolina

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2024 financial statements of Money Purchase Pension Plan of Wake Forest University Health Sciences (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Money Purchase Pension Plan of Wake Forest University Health Sciences Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Money Purchase Pension Plan of Wake Forest University Health Sciences, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Money Purchase Pension Plan of Wake Forest University Health Sciences' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Money Purchase Pension Plan of Wake Forest University Health Sciences

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Money Purchase Pension Plan of Wake Forest University Health Sciences internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Money Purchase Pension Plan of Wake Forest University Health Sciences' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor’s Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the June 30, 2023, financial statements of Money Purchase Pension Plan of Wake Forest University Health Sciences. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated November 14, 2023, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Money Purchase Pension Plan of Wake Forest University Health Sciences

Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

MONEY PURCHASE PENSION PLAN OF WAKE FOREST UNIVERSITY HEALTH SCIENCES
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Money Purchase Pension Plan of Wake Forest University Health Sciences (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan of Wake Forest University Health Sciences (the School) for the benefit of eligible employees of the School. The Plan is a money purchase pension plan under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2012, the Plan was frozen to new entrants and contributions were no longer made beyond this date for all participants in the Plan. All active participants as of December 31, 2011 were immediately vested in their accounts.

Participant Accounts

Each participant's account is credited with Plan earnings based on the participant's investment fund choices and performance of those funds. Such earnings are net of any third-party fees charged to the plan participants in connection with their investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their account balance into various investment options offered by Teachers Insurance and Annuity Associate of America (TIAA) and College Retirement Equities Fund (CREF), State Street Bank and Trust Company (SSBT) and Transamerica Financial Life Insurance Company (TFLIC), (collectively the Custodians). The Plan currently offers various mutual funds and insurance investment contracts as investment options for participants.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, the participant (or beneficiary, if applicable) may elect distribution of their vested account balance in the form of either a joint and survivor annuity, a life annuity, a single lump-sum payment, an alternative form of annuity or equal installments. A participant who attains the age 65 may elect to receive in-service distributions of the participant's vested account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 3 for the description of valuation methodology.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold and held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the School.

Subsequent Events

For the year ended June 30, 2024, the School has evaluated subsequent events for potential recognition and disclosure through April 4, 2025, the date the financial statements were available to be issued.

3. FAIR VALUE

The Plan's investments are reported at fair value and the assets are categorized based upon whether the inputs used to determine fair values are observable or unobservable. Observable inputs are inputs that are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumption about pricing the asset or liability, based on the best information available under the circumstances.

The fair value of all assets and liabilities recognized or disclosed at fair value is classified based on the lowest level of significant inputs. Assets and liabilities that are measured at fair value are disclosed and classified in one of three categories. Category inputs are defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets on the reporting date.

Level 2 - Inputs other than quoted market prices included in Level 1 that are observable for the asset, either directly or indirectly. If the asset has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs that are unobservable for the asset for which there is little or no market data.

The following section describes the valuation methodologies the Plan uses to measure financial assets and liabilities at fair value:

Mutual Funds: The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares as reported by the funds. The registered investment companies held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The registered investment companies held by the Plan are considered to be actively traded.

Pooled Separate Accounts: The fair value of the pooled separate account, which represents the TIAA Real Estate Account Fund, is based on the fund's daily unit value. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion.

Level 3 Fair Value Measurements: The TIAA Traditional Annuity holdings within the RA contracts have liquidity restrictions and are non-benefit responsive. Accordingly, they are presented in the financial statements at fair value. This account, including fair value measurement, is more fully described in Note 4. However, due to the contractual nature of the account, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs which meets the description of level 3 measurement. The value of TIAA Traditional Annuity account balances approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

The fair values of financial assets that are measured on a recurring basis by the level of significant inputs as of June 30, 2024 and 2023 are as follows:

	<u>June 30, 2024</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

TIAA Traditional

The TIAA Traditional Annuity is a fixed-rate annuity contract. Contributions buy a contractual or guaranteed amount of future benefits for the investing participant. The contracts guarantee principal and a minimum interest rate (currently between 1.0% - 3.0% during the accumulation phase), and provide the opportunity for additional amounts in excess of the guaranteed rate. Allocations to the TIAA Traditional Annuity are backed by TIAA's claims paying ability. Any additional amounts, when declared by the TIAA Board of Trustees, remain in effect for the declaration year, which begins each March 1, and are not guaranteed for future years.

The TIAA Traditional Annuity holdings within the Retirement Annuity (RA) contracts have liquidity restrictions and are non-benefit responsive. The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over a period of 10 annual installments. The TIAA Traditional Annuity holdings within the Group Supplemental Retirement Annuity (GSRA) and Supplemental Retirement Annuity (SRA) contracts contain no liquidity restrictions and are fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

New York Life Insurance Company Guaranteed Interest Account (NYLIC)

The Plan has entered into a fully benefit-responsive group annuity contract with NYLIC. NYLIC maintains the contributions in its general account. The Plan's contract investment balance is credited with earnings based upon contractually determined interest rates, dividends (if any) and charged for plan withdrawals and administrative expenses. NYLIC establishes an effective interest rate semiannually. In no event will such effective annual interest rate, minus the deductions for expenses, be less than the minimum interest rate as defined by the contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's guaranteed interest contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. These conditions are defined in Section 1.5 (Payments to the Contract Holders), Section 1.6 (Transfer to Other Funding Media) and Section 1.7 (Limitations on Withdrawals and Transfers) of the contract and includes events initiated by the plan

sponsor including, but not limited to, total or partial plan termination, mergers, spinoffs, layoffs, early retirement incentive programs and sales or closing of all or part of the plan sponsor's operations.

The contract specifies the circumstances under which the issuer may terminate the contract with a written notice to the contract holder at least 30 days but not more than 60 days prior to the intended termination date. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

5. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIANS

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians, Teachers Insurance and Annuity Associate of America (TIAA) and College Retirement Equities Fund (CREF), State Street Bank and Trust Company (SSBT) and Transamerica Financial Life Insurance Company (TFLIC), as of June 30, 2024 and 2023, and for the year ended June 30, 2024. Certification also extends to investments which TIAA, FSB, a federal saving association, from the beginning of the Plan's reporting period through July 14, 2023 and thereafter TIAA Trust, N.A., a national trust bank, held as a directed trustee or custodian that were recordkept by TIAA. Certified information is as follows:

	<u>2024</u>	<u>2023</u>
Statements of net assets available for benefits		
Investments, at fair value	\$ 496,118,675	\$ 470,770,383
Investments, at contract value	7,532,277	7,888,599
Statements of changes in net assets available for benefits		
Interest and dividends	\$ 11,706,166	
Net appreciation in fair value of investments	46,526,572	
Other income	352,779	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of guaranteed investment contracts, pooled separate accounts and mutual funds managed by TIAA, SSBT and TFLIC. These groups are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest and are denoted as such on the Supplemental Schedule of Assets (Held at End of Year).

7. TAX STATUS

The Internal Revenue Service (IRS) issued a favorable determination letter dated June 24, 2015, which stated that the Plan is qualified and its underlying trust is tax-exempt under the applicable requirements of the Internal Revenue Code. It is the opinion of management that the Plan has no uncertain tax positions that would be subject to change upon examination.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be

sustained upon examination by taxing authorities. It is the opinion of the Plan sponsor that the Plan has no uncertain tax positions that would be subject to change upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax filings are generally subject to examination for three years after they are filed.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the School may choose to terminate the Plan subject to the provisions of ERISA and the Plan document.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investments that are exposed to several risks, such as interest rate, market risks and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
