INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Prevailing Multiple Employer Plan - Diversified Protection Corporation

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Prevailing Multiple Employer Plan - Diversified Protection Corporation, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Prevailing Multiple Employer Plan - Diversified Protection Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Prevailing Multiple Employer Plan - Diversified Protection Corporation's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Prevailing Multiple Employer Plan - Diversified Protection Corporation's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Prevailing Multiple Employer Plan - Diversified Protection Corporation's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Emphasis of Matter – Plan Termination

During 2024, the Plan Sponsor made the decision to terminate the Open MEP, effective on December 31, 2024. Substantially all plan assets, with the exception of an immaterial amount of terminated participants' account balances, were transferred out of the Open MEP and to the DPC Retirement Plan in June 2024. All remaining plan assets were transferred out of the Open MEP in December 2024. On December 31, 2024, the Plan was terminated. Our opinion is not modified with respect to this matter.

PREVAILING MULTIPLE EMPLOYER PLAN - DIVERSIFIED PROTECTION CORPORATION

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan

General

The following is a description of the Prevailing Multiple Employer Plan - Diversified Protection Corporation (the “Plan”) and is provided for general information purposes only. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan’s provisions.

The Plan is a defined contribution plan that was established on January 1, 2015 by Diversified Protection Corporation (the “Company”, “Plan Sponsor” and “Employer”). The Company is a participating employer in the Prevailing Multiple Employer Plan, which functions as an “Open Multiple Employer Plan” (an “Open MEP”), a multiple employer arrangement whereby the participating employers have no relationship. The participating employers within the Prevailing Multiple Employer Plan are considered to be separate plans; therefore, the Plan reports as a separate plan subject to its own compliance and filing requirements.

Administration

The named Plan Administrator is Prevailing Asset Management, LLC. The Plan Administrator and Plan Sponsor are responsible for oversight of the Plan. The Plan Administrator and Investment Committee determine the appropriateness of the Plan’s investment offerings, monitor investment performance and fees, and report to the Plan’s Trustee. The Plan’s Trustee and Investment Custodian is Matrix Trust Company. The Investment Custodian holds all of the Plan’s assets and executes all of the Plan’s transactions. The Company has retained Pentegra Services, Inc. to provide participant recordkeeping and administration services.

Eligibility

The Plan covers all employees of the Plan Sponsor, except non-resident aliens with no U.S. income, leased employees, or union employees in which the collective bargaining agreement requires retirement contributions be made to another tax qualified plan. All eligible employees may begin participating in the Plan immediately upon hire. The Plan also covers employees working under the terms of prevailing wage contracts that provide for employer prevailing wage contributions, who are eligible immediately upon hire to receive employer prevailing wage contributions.

Contributions to the Plan

Each year, participants may contribute up to 100% of eligible compensation, as defined in the plan document, through payroll withholdings to several investment alternatives as directed by the participant. Participants who have attained age 50 before the end of the period are eligible to make additional ‘catch-up’ contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

The Plan also allows employees to make Roth 401(k) deferrals on an after-tax basis.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The Employer makes prevailing wage contributions for eligible participants who perform services subject to the Service Contract Act, Davis-Bacon Act, or similar federal, state, or municipal statutes. Each participant's prevailing wage is equal to the balance of fringe benefit payments for health and welfare premiums (after deducting the cost of cash differential payments for the participant), based on designated hourly contribution rates for each participant's employment classification. Prevailing wage contributions are subject to special rules that apply without regard to any other provisions under the Plan and are not subject to any minimum age or service requirements or allocation conditions. Employer prevailing wage contributions of \$1,197,870 were made for the year ended December 31, 2024.

There were no qualified non-elective contributions made for the year ended December 31, 2024.

Participants direct the investment of both their individual contributions plus their share of employer matching contributions into the various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and any employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

As soon as administratively feasible after 45 days have elapsed following termination of service, participants with vested account balances of \$1,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants whose vested account balances exceed \$1,000 may elect a lump sum distribution, substantially equal installments, or partial withdrawals of \$1,000 or more. Additionally, they may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59 1/2 for all deferral contributions, any employer contributions, and rollover contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from vested account balances.

Vesting

Participants are immediately vested in their contributions (deferrals and rollovers), any employer prevailing wage contributions and earnings thereon. Participants also become 100% vested upon death, disability, or attainment of normal retirement age.

Asset Transfers

During the year ended December 31, 2024, assets of \$27,189 were transferred out of the Plan to another participating employer of the Prevailing Multiple Employer Plan.

During the year ended December 31, 2024, assets of \$8,920,812 were transferred out of the Plan to the DPC Retirement Plan in conjunction with the Plan's termination as discussed in Note 6.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Investment Custodian and investment advisor. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including April 7, 2025, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Investment Information Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Matrix Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023; and
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market account: Valued at amortized cost, which approximates fair value.

Common/collective trust funds: Valued at fair value based on the Net Asset Value (NAV) of units held of the collective fund. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	As of December 31, 2023			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 1,713,666	\$ 1,713,666	\$ -	\$ -
Money market account	<u>19,951</u>	<u>19,951</u>	<u>-</u>	<u>-</u>
Total assets in the fair value hierarchy	1,733,617	<u>\$ 1,733,617</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value ^(a)	<u>8,463,789</u>			
Investments, at fair value	<u>\$ 10,197,406</u>			

- a) The common/collective trust funds are measured using NAV as a practical expedient. These investments have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023:

	As of December 31, 2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Lafayette Advisors Aggressive Class A ^(b)	<u>\$ 236,915</u>	N/A	Daily	None
Lafayette Advisors Conservative Class A ^(c)	<u>\$ 25,369</u>	N/A	Daily	None
Lafayette Advisors Mdrtd Cnsrv QDIA A ^(d)	<u>\$ 8,154,997</u>	N/A	Daily	None
Lafayette Advisors Moderate Class A ^(e)	<u>\$ 15,329</u>	N/A	Daily	None
Morley Stable Value Fund	<u>\$ 31,179</u>	N/A	Daily	None

- b) The objective of the Lafayette Advisors Aggressive Class A common/collective trust fund is to seek returns by investing in growth securities with moderate exposure to income securities. The strategy does incorporate both buy and hold incorporated with tactical to achieve its goal. The tactical component of the strategy intends to dampen volatility from that of a traditional moderate conservative allocation. Under normal market conditions, the model will invest in approximately 95% of the value of its net assets in a global equity portfolio.
- c) The objective of the Lafayette Advisors Conservative Class A common/collective trust fund is to seek returns by investing in income securities with minimal exposure to growth securities. The strategy does incorporate both buy and hold incorporated with tactical to achieve its goal. The tactical component of the strategy intends to dampen volatility from that of a traditional conservative allocation. Under normal market conditions, the model will invest in approximately 30% of the value of its net assets in a global equity portfolio.
- d) The objective of the Lafayette Advisors Moderate Conservative QDIA Class A common/collective trust fund is to seek returns by investing in income securities with moderate exposure to growth securities. The strategy does incorporate both buy and hold incorporated with tactical to achieve its goal. The tactical component of the strategy intends to dampen volatility from that of a traditional moderate conservative allocation. Under normal market conditions, the model will invest in approximately 45% of the value of its net assets in a global equity portfolio.
- e) The objective of the Lafayette Advisors Moderate Class A common/collective trust fund is to seek income with growth. The strategy does incorporate both buy and hold incorporated with tactical to achieve its goal. The tactical component of the strategy intends to dampen volatility from that of a traditional moderate allocation. Under normal market conditions, the model will invest in approximately 60% of the value of its net assets in a global equity portfolio.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 5 – Party-in-Interest Transactions

Certain plan investments are shares in funds managed by Matrix Trust Company, who is the Plan's Custodian. In addition, the Plan utilizes Pentegra Services, Inc. and Novus Advisors for participant recordkeeping and administration services and advisory services, respectively. The Plan paid direct compensation to these parties in the amount of \$94,029 related to these services. Indirect compensation (that is netted against net appreciation or depreciation in fair value of investments on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 6 – Plan Termination

The Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

During 2024, the Plan Sponsor made the decision to terminate the Open MEP, effective on December 31, 2024. Substantially all plan assets, with the exception of an immaterial amount of terminated participants' account balances, were transferred out of the Open MEP and to the DPC Retirement Plan in June 2024. All remaining plan assets were transferred out of the Open MEP in December 2024. On December 31, 2024, the Plan was terminated. Our opinion is not modified with respect to this matter.

Note 7 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable advisory letter dated June 30, 2020 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter on the adoption of the Plan. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
