INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
W.D. Matthews Machinery Co.
Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of W.D. Matthews Machinery Co. Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of W.D. Matthews Machinery Co. Profit Sharing Plan and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of W.D. Matthews Machinery Co. Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about W.D. Matthews Machinery Co. Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of W.D. Matthews Machinery Co. Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about W.D. Matthews Machinery Co. Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion:

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the W.D. Matthews Machinery Co. (“Company”) Profit Sharing Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have met certain eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

Contributions

Each year, participants may elect to choose a different deferral percentage of not less than 1% of eligible compensation. The deferral percentage will be increased annually by 1% up to 10%, unless the participant elects not to increase his or her deferral percentage for that particular year. Participants may also elect to contribute after-tax Roth contributions. Participants who have attained age 50 and older may elect to defer additional amounts (called “catch-up contributions”) to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment feature with automatic annual increases of participants’ elective deferrals. All newly eligible employees will be automatically enrolled in the Plan unless he or she elects to waive participation. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation until changed by the participant.

The Plan provides for discretionary Company matching contributions in an amount determined by the Company on an annual basis. The Company’s non-elective profit-sharing contributions are also at the discretion of the Company and are allocated to participants who were active at any time during the Plan year that have met the hours-of-service requirements. At June 30, 2024 and 2023, the Company committed to make profit sharing contributions of \$160,000 and \$140,000, respectively, which were subsequently remitted to the Plan in August 2024 and March 2024, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution as well as the Company’s profit-sharing contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

(Continued)

JUNE 30, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Participants become 100% vested after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan advisory committee. Participant loans bore interest at the prime plus 1%, or 9.50% at June 30, 2024 and 9.25% at June 30, 2023. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive either a lump-sum amount equal to the value of the vested interest in his or her account, or monthly payments for life or for a fixed period of not less than 60 months. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed but such withdrawals are limited to the amount dictated by the hardship. Hardship withdrawals are limited to the participant's deferred account balances and may not include any interest earned thereon.

Forfeited Accounts

There were no forfeited non-vested accounts as of June 30, 2024 and as of June 30, 2023, forfeited nonvested accounts totaled \$1,395. Forfeited non-vested accounts may be used to pay applicable Plan expenses or to reduce any employer discretionary contributions made to the Plan. The employer discretionary matching contribution was reduced by \$7,389 from forfeited non-vested accounts during the year ended June 30, 2024. No amount was used to pay Plan expenses during the plan year ended June 30, 2024.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. As such, contributions and income are recorded when earned and benefit payments are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

(Continued)

JUNE 30, 2024 AND 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Fees paid directly from the Plan's assets consist of loan processing and other administrative fees as well as investment management fees. Fees for the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Any administrative expenses paid by the Company are excluded from these financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are deducted when they are incurred. No allowance for credit losses had been recorded as of June 30, 2024 or 2023. Delinquent participant notes that the plan administrator considers to be in default are reclassified as benefit payments based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS

(Continued)

JUNE 30, 2024 AND 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Events that occur after the financial statement date, June 30, 2024, but before the financial statements were available to be issued must be evaluated for recognition or disclosure. Subsequent events that provide evidence about conditions that existed at the financial statement date are required to be recognized in the accompanying financial statements. Subsequent events that provide evidence about conditions that existed after June 30, 2024 require disclosure in the accompanying notes. The plan administrator evaluated the activity of the Plan through April 11, 2025, the date the financial statements were available to be issued and concluded that there were no subsequent events that occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 3: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRASACTIONS

Certain Plan investments are pooled into separate accounts with underlying investments in mutual funds managed by Sentry Life Insurance Company. Sentry Life Insurance Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Amounts paid by the Plan for certain administrative fees and investment management services were \$11,804 for the year ended June 30, 2024.

NOTE 4: TAX STATUS

The Plan is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the Plan's net investment income is exempt from income taxes. The plan administrator believes that the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained on examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5: CERTIFIED INVESTMENTS

Certain information related to the investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including the investments and notes receivable from participants held at June 30, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Sentry Life Insurance Company, the trustee of the Plan at June 30, 2024. Certain information related to investments and notes receivable from participants disclosed in the accompanying statements of net assets as of June 30, 2023, was certified as complete and accurate by Principal Trust Company, the trustee of the Plan as of June 30, 2023.

JUNE 30, 2024 AND 2023

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into fully benefit-responsive guaranteed investment contracts with Sentry Life Insurance Company (Sentry) and Principal Trust Company (Principal). The guaranteed investment contracts are a general account products. They are single group annuity contracts with fixed rates of interest. As such, the guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Sentry at June 30, 2024 and as reported by Principal at June 30, 2023, represents contributions made under the contract, plus earnings at the contract rate less any funds used to pay benefits and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at June 30, 2024 and 2023 was \$2,289,190 and \$1,444,804, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed annually for resetting. Interest earned on the guaranteed accounts during the year ended June 30, 2024 was \$48,404.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the termination of the contract with the Plan to be settled at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that events that would limit the Plan's ability to transact at contract value with plan participants, or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7: FAIR VALUE MEASUREMENTS

The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 or 2023.

Registered Investment Companies (Mutual Funds and Money Market Funds): Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-ended and registered with the SEC. These funds are required to publish their daily net asset value (NAV) and transact at that price. These funds held by the Plan are deemed to be actively traded.

Common/Collective Trust and Pooled Separate Accounts: The Plan's interests in these accounts are valued based on the net asset values aggregating all the units of participation held by the Plan reported by the trustee of the funds. Fair values for the underlying assets of the accounts were based on either quoted prices in active markets or observable inputs or quotations from inactive markets.

Total	<u>\$2,340,219</u>	<u>\$8,041,635</u>	<u>\$ -</u>	<u>\$10,381,854</u>

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10: SECURE 2.0 - SECURING A STRONG RETIREMENT ACT

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was signed into law. Secure 2.0 includes new retirement provisions with varying effective dates with the majority of changes becoming effective in 2024. The new provisions include changes in required minimum distributions (RMD), eligibility of part-time employees, and hardship distribution rules. SECURE 2.0 includes both required and optional provisions. Management will determine if any optional provisions should be elected by the Plan.
