**Defined Contribution Pension Plan for Employees of
Graham Windham Services to Families and Children**

Financial Statements

June 30, 2024 and 2023

Independent Auditors' Report

The Plan Administrator Defined Contribution Pension Plan for Employees of Graham Windham Services to Families and Children

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Defined Contribution Pension Plan for Employees of Graham Windham Services to Families and Children (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Defined Contribution Pension Plan for Employees of Graham Windham Services to Families and Children

Notes to Financial Statements
June 30, 2024 and 2023

1. Description of Plan

The following description of the Defined Contribution Pension Plan for Employees of Graham Windham Services to Families and Children (the "Plan") provides only general information. Effective March 24, 2025, the name of the Plan was amended to Defined Contribution Pension Plan for Employees of Graham Windham. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a noncontributory defined contribution plan covering all employees of Graham-Windham Services to Families and Children (the "Employer") who have at least one year of service (i.e., an employment period of at least 1,000 hours) and have attained 21 years of age. The one-year service requirement with the Employer is waived, however, for an otherwise eligible employee who had prior employment with a non-profit health, social service, educational or government agency within the three year period immediately preceding the employment commencement date with the Employer, provided that the 1,000 hour employment requirement was satisfied with such agency in any one of the prior three years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employer Contributions

Each month, the Employer makes a contribution to the Plan in the amount of 5.75% of a participant's eligible compensation up to the annual Internal Revenue Code ("IRC") dollar limit. The Plan's funding policy is to contribute amounts sufficient to meet the minimum ERISA funding requirements. The required contributions for 2024 and 2023 were made and the Plan has met the minimum funding requirements of ERISA for 2024 and 2023.

Participant Accounts

Each participant's account is credited with the Employer's contributions, an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments in the Plan are participant directed.

Vesting

A participant's account shall vest 20% upon 2 years of service, 60% upon 3 years of service, 80% upon 4 years of service, and 100% upon the earlier of attainment of his/her normal retirement age or upon completion of 5 years of service.

Forfeitures

At June 30, 2024 and 2023, forfeited non-vested accounts totaled \$5,422 and \$0. These accounts are non-participant directed and will be used to reduce future Employer contributions. During 2024 and 2023, the Employer contributions were reduced by \$263,184 and \$71,172 from forfeited non-vested accounts.

1. Description of Plan (*continued*)

Payment of Benefits

Upon termination of employment or retirement, vested benefits will be distributed in accordance with the choice made by the participant, subject to spousal consent when the participant is married. The primary form of distribution to a married participant, where there is no election otherwise with spousal consent, is an annuity payable for the life of the participant with a survivorship benefit continuing for the life of the spouse. This joint and survivor annuity form has a feature which provides for benefits to a designated beneficiary should the participant and spouse die before 120 monthly annuity payments have been made to them. For an unmarried participant and for a married participant where spousal consent has been obtained, there is an array of alternative annuity options, as well as the option to take a lump sum distribution in complete settlement of Plan benefits. If a lump sum is selected, there is an opportunity to have the lump sum directly rolled over into an individual retirement account or to a plan maintained by a successor employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

Management makes estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of June 30, 2024 and 2023, all of the Plan's investments, that were valued at fair value, were valued using level 2 inputs.

Investment Valuation and Income Recognition

The insurance company general account is valued at contract value and represents contributions made under the contract, plus interest credited, less benefits paid and expenses. Investments in separate accounts are reported at fair value as reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts.

Notes to Financial Statements
June 30, 2024 and 2023

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Expenses relating to investment management are paid directly by the respective investment vehicle and are included as a reduction to net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which date is April 8, 2025.

Subsequent to year-end, the Plan Sponsor amended the name of the Plan to Defined Contribution Pension Plan for Employees of Graham Windham, effective March 24, 2025.

3. Information Certified (Unaudited)

Certain information related to investments in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments held at June 30, 2024 and 2023, and net appreciation in fair value of investments, interest and dividend income for the years then ended was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company, a qualified institution.

4. Insurance Company General Account

Amounts placed in the MOA Interest Accumulation Account are credited with interest at a rate determined by MOA. MOA guarantees to credit interest for the life of the contract to amounts in the MOA Interest Accumulation Account of their general account at a rate of at least equal to the greater of: (1) any contractual minimum guarantee provided by the contract; or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (“NAIC”) standard non-forfeiture law. The NAIC minimum rate is determined in accordance with a formula and cannot be less than 2.85% for 2024 and 1.60% for 2023. MOA determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. The interest rate under that contract will not go below that amount regardless of the minimum rate that is set for a calendar year. In MOA’s sole discretion, it may credit a higher rate of interest to a participant’s contract in the general account, although it is not obligated to credit interest in excess of the minimum guaranteed rate. MOA compounds interest daily on the contract amounts in the general account to produce an effective annual yield that is equal to the stated interest rate.

The principal and previously credited interest is guaranteed by MOA. This guarantee is subject to MOA’s financial strength and claims-paying ability. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A as of February 2023), Standard and Poor’s (A as of December 2022), and Fitch (A- as of March 2024).

The plan administrator does not believe that any events would limit the Plan’s ability to transact at contract value. The MOA Interest Accumulation Account represents approximately 28% and 32% of the net assets available for benefits as of June 30, 2024 and 2023.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined that the Plan meets the requirements of Section 401(a) of the IRC. The Plan obtained an IRS opinion letter dated November 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and currently being operated in compliance with applicable sections of the IRC.

Graham Windham Services to Families and Children**

Notes to Financial Statements
June 30, 2024 and 2023

6. Tax Status (continued)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2021; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

All Plan investments are managed by MOA. MOA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Separate accounts are reported at the value provided to the Plan by MOA. Included in this value are fees which are netted in the appreciation of the fair value of these investments which are considered party-in-interest transactions.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
