FINANCIAL & MANAGEMENT CONSULTING

Independent Auditors' Report

To the Trustee of
Maharishi International University 403(b) DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Maharishi International University 403(b) DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Maharishi International University 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Maharishi International University 403(b) DC Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maharishi International University 403(b) DC Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maharishi International University 403(b) DC Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maharishi International University 403(b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Notes to Financial Statements
June 30, 2024 and 2023

Note 1 - Description of Plan

The following description of the Maharishi International University (the “University”) 403(b) DC Plan (“Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan, established July 1, 1995, is a defined contribution plan covering all full-time and part-time employees of the University, excluding student employees. Eligibility to participate in the employee elective deferral provisions of the Plan begins on the first plan entry date following hire. Eligibility to receive employer discretionary contributions begins on the first plan entry date following one year of service. Entry dates to the Plan are July 1st and January 1st. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year participants may contribute an amount not to exceed a specific dollar amount determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers guaranteed fixed annuities, pooled separate accounts and registered investment companies as investment options to participants. The University can elect to make discretionary contributions for any given plan year. The University did not make any discretionary contributions for the years ended June 30, 2024 and 2023.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in employer contributions plus actual earnings thereon after three years of service.

Participant Loans - The Plan does not allow participant loans.

Payment of Benefits - On termination of service due to death, disability or retirement or when the age of 59 ½ is reached, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For distributions in connection with a financial hardship, the employee’s elective deferral and employer match accounts, plus earnings thereon, are eligible for distribution.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, except for guaranteed fixed annuities, which are reported at net asset value, which approximates fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when earned.

Payment of Benefits - Benefits are recorded when paid.

Date of Management Review - Management has evaluated subsequent events through April 7, 2025, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurement

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Fair Value Measurement (Continued)

The following tables present by level, within the fair value hierarchy, the plan investment assets at fair value, as of June 30, 2024 and 2023. As required by fair value measurement accounting guidance, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Description	June 30, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Guaranteed fixed annuities - non-benefit responsive	\$ 97,891	-	-	97,891
Registered investment companies	1,270,672	1,270,672	-	-
Investments at fair value	1,368,563	1,270,672	-	97,891
Guaranteed fixed annuities at net asset value	2,407,880			
Pooled separate accounts at net asset value	16,856			
Total investments	\$ 3,793,299			

Description	June 30, 2023	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Guaranteed fixed annuities - non-benefit responsive	\$ 97,600	-	-	97,600
Registered investment companies	1,308,584	1,308,584	-	-
Investments at fair value	1,406,184	1,308,584	-	97,600
Guaranteed fixed annuities at net asset value	2,366,043			
Pooled separate accounts at net asset value	45,275			
Total investments	\$ 3,817,502			

Total plan investment assets classified within Level 3 were \$97,891 and \$97,600 as of June 30, 2024 and 2023, respectively, which consists of the Plan's guaranteed fixed annuities. Such amounts were approximately 3% and 3% of total investment assets on the Plan's statements of net assets available for benefits as of June 30, 2024 and 2023, respectively.

Note 3 - Fair Value Measurement (Continued)

In addition to quoted market prices in active markets, valuation techniques for Level 3 inputs included:

- Guaranteed fixed annuities held by the Plan based upon estimated returns on non-public investment vehicles unrelated to outside market measurements, issuer and management's estimate of the present value of future cash flows arising from the contract. There have been no changes in the methodologies used at June 30, 2024 and 2023.

The Plan recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. There were no transfers between levels in the years ended June 30, 2024 and 2023.

Level 3 Gains and Losses - The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the years ended June 30:

Description	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)	
	2024	2023
Beginning balance	\$ 97,600	92,379
Total realized gains	1,020	489
Unrealized gain related to instruments held at the reporting date	2,094	2,560
Earnings	1,615	1,312
Withdrawals	(5,810)	(3,164)
Contributions	1,365	1,643
Transfers in	7	2,381
Ending balance	<u>\$ 97,891</u>	<u>97,600</u>
The amount of total investment gains for the period included in earnings attributable to the change in unrealized gains relating to assets still held at year end	<u>\$ 2,094</u>	<u>2,560</u>

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value

Measurements - The following table represents the Plan's level 3 investments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 6 - Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that are comprised of traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at net asset value. Net asset value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Net asset value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at net asset value with the contract issuer. These events are described in the contract; however, no events are probable of occurring that might limit the ability of the Plan to transact at net asset value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7 - Administrative Expenses

Substantially all reasonable administrative expenses associated with the Plan are paid by the University, to the extent permitted by the individual agreements.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Income Tax Status

Currently, 403(b) plans are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Related Party Transactions

Certain plan assets are held in investment options managed by TIAA. TIAA is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
