INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc.
Little Falls, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

1. Plan description:

General

The Profit Sharing Trust Plan for the Employees of Federal Business Products, Inc. is a defined contribution plan for the employees of Federal Business Products, Inc. (the "Company"). The Plan is subject to the provisions of ERISA. The Plan Administrator is responsible for the oversight of the Plan, determines the appropriateness of investment offerings and monitors investment performance. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible for participation in the Plan on the date of hire. To participate in Company profit sharing contributions, employees must also complete one year of service (minimum 1,000 hours).

Contributions

Each year, participants may contribute up to 30% of pretax annual compensation, as defined in the Plan. Participant contributions cannot exceed the maximum amount allowable by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2024, the Plan was amended to remove catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Company may contribute a discretionary amount of its annual net earnings as determined by its Board of Directors. The Company did not make a discretionary contribution for the year ended June 30, 2024.

Participant accounts:

Each participant's account is credited with the participant's contributions, Company contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant's interest in the allocated portion of employer contributions and forfeitures of terminated participants vests at a rate of 20% for each full year of service with the Company until a participant is fully vested after five full years of service. Participants are immediately 100% vested in their contributions.

Notes receivable from participants

Participants have the ability to borrow against their vested account balances in the Plan. Participants may borrow 50% of their vested account balance, up to \$50,000. Interest is charged based on the prime rate plus 1% at the time of the loan. Each note is collateralized by the assignment of the borrower's entire right, title and interest in his/her participant account. Notes may be repaid over a period of 1 to 30 years, based on the type of note, as defined, and the entire unpaid principal balance of the note is due upon the participant's termination of employment with the Company. Interest charged on notes receivable outstanding as of June 30, 2024 ranged from 4.25% to 9.25%.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

1. Plan description (continued):

Forfeitures

Forfeitures of non-vested account balances from terminated employees are allocated to active participants annually. Unallocated assets arising from forfeitures of withdrawn participants were \$7,016 and \$4,508 at June 30, 2024 and 2023, respectively.

Payment of benefits

Funds may be withdrawn from the Plan at retirement or in the case of permanent disability or death, at which time the employee is entitled to 100% of their account balance. For withdrawals due to termination, the employee is entitled to their vested amount. The Plan also provides for participants to make certain withdrawals based on financial hardship, as defined, and is subject to the approval of the plan administrator. Such withdrawals are limited to the participant's vested amount.

2. Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Registered investment companies:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. The investments in registered investment companies relate to shares of participation in mutual funds. The share price of participation is based on the market value of the mutual funds' investments at the end of each day divided by the number of outstanding shares. Purchases and sales of securities are recorded on a trade-date basis. Gains and losses are determined based on average carrying value per share. Dividend income is recorded on the ex-dividend date.

Common/collective trust:

The Plan's interest in the Stable Value Common Trust Fund is measured at fair value using net asset value per share as a practical expedient.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

2. Summary of significant accounting policies (continued):

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at June 30, 2024 and 2023.

Payment of benefits

Benefits are recorded when paid.

Administrative and other expenses

Certain administrative and other expenses were paid by the Company for the year ended June 30, 2024. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan's management has evaluated subsequent events through March 19, 2025, the date the financial statements were available to be issued.

On March 19, 2025, the Company entered into an asset purchase agreement to sell the intangible assets of the Company. In the event this transaction closes, the Company will terminate the Plan, at which point, all participants will become fully vested in their account balances and account balances will be liquidated and distributed to participants as soon as administratively practicable after that time.

3. Fair value measurements:

Accounting Standards Codification 820 ("ASC 820") defines fair value and establishes a framework for measuring fair value under generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

**PROFIT SHARING TRUST PLAN FOR THE EMPLOYEES OF
FEDERAL BUSINESS PRODUCTS, INC.**

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

3. Fair value measurements (continued):

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodology used for assets measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trusts: The common/collective trust is comprised primarily of fully benefit-responsive investment contracts, which include conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions, designed to provide principal stability and a competitive yield. The common/collective trust is valued at NAV, which is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024 and June 30, 2023:

	<u>June 30, 2024</u>

⁽¹⁾ In accordance with ASC 820, certain investments that were measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of June 30, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan when making a total Plan withdrawal.

4. Investments:

Unaudited information, certified by the Plan trustee

The June 30, 2024 and 2023 statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended June 30, 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified as complete and accurate by T. Rowe Price Trust Company (the "Trustee") in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments and notes receivable of \$11,012,512 and \$10,841,143 at June 30, 2024 and 2023, respectively, and the related net investment gain of \$1,736,403 for the year ended June 30, 2024.

5. Income tax status:

The Plan obtained its latest determination letter on August 13, 1993, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan

**PROFIT SHARING TRUST PLAN FOR THE EMPLOYEES OF
FEDERAL BUSINESS PRODUCTS, INC.**

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

5. Income tax status (continued):

has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

7. Risk and uncertainties

The Plan invests in various investment securities. These investment securities in general are exposed to various risks such as stock market fluctuations, interest rates, economic conditions and world affairs. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

Significant market disruptions, such as those caused by pandemics, natural disasters or environmental disasters, war, instability in the banking and financial services sectors, including bank failures, or other events, can adversely affect local and global markets and normal market operations. Any such disruptions could have an adverse impact on both the Plan's investments and the Plan's sponsor.
