Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Richfield Living 403(b) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2024 (liquidated) and December 31, 2023 (in liquidation), the related statement of changes in net assets available for benefits for the seven month period ended July 31, 2024 (liquidated), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 31, 2024 and December 31, 2023, and for the seven month period ended July 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As described in Note 1 to the financial statements, the Investment Council of the Plan's sponsor voted to terminate the plan on December 8, 2023, and management determined liquidation was imminent. The assets of the Plan were fully distributed by July 31, 2024. As a result, the Plan has used the liquidation basis of accounting in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Richfield Living 403(b) Plan
Notes to Financial Statements
July 31, 2024 (liquidated) and December 31, 2023 (in liquidation)

Note 1. Description of the Plan

The following description of the Richfield Living 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Richfield Living (the “Company”) who are age 18 or older. The Investment Council controls and manages the operation and administration of the Plan. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (“Great-West”), qualified institutions, served as the custodians of the Plan in 2021. Empower Trust Company, a qualified institution, served as the custodian of the Plan in 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor entered into an agreement to sell the business and the sale was executed effective March 19, 2024. The acquirer did not acquire the benefit plan as part of the transaction, and in preparation for the execution of the sale, the Company terminated the Plan.

Plan Termination

On December 8, 2023, the Plan was amended to terminate the Plan effective December 8, 2023 as a standard termination. No contributions or additional loans were permitted as of this date. Final distributions were based on all active participants being 100% vested and were paid in full from December 2023 to July 2024 based on participant balance accounts. As of July 31, 2024 and December 31, 2023, \$0 and \$2,804,004 in Plan assets were remaining, respectively. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting used to value plan assets from the ongoing plan basis to a liquidation basis for the period ended July 31, 2024 and the year ended December 31, 2023.

Contributions

Prior to Plan termination, participants were permitted to contribute pre-tax compensation, as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company provided discretionary matching and discretionary non-elective contributions. The discretionary matching contribution for the year ended December 31, 2023 was 25 percent of the first 5 percent of compensation that a participant contributed to the Plan for the payroll periods. Contributions were subject to certain limitations. As the Plan was terminated on December 8, 2023, contributions were no longer permitted and there were no significant employee contributions made in the Plan for the seven month period ended July 31, 2024.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. Before liquidation, the Plan offered various mutual funds and a fully benefit-responsive investment contract as options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings, and charged with benefit payments, transaction fees related to notes receivable from participants, distributions, and investment advisory services and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

As of the termination date, all participants were 100% vested in their accounts. Prior to termination of the Plan, participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. Effective January 1, 2023, participants employed as of January 1, 2023 were 100% vested in these contributions. A participant terminated as of January 1, 2023 vested on a 1-5 year grading scale, being 20% vested after one year, 40% vested after two years, 60% vested after three years, 80% after four years, and 100% after five years of credited service.

Notes Receivable from Participants

Prior to Plan termination, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the plan administrator. Upon Plan termination, no new loans were permitted to be executed and any outstanding loans were considered deemed distributions. At July 31, 2024, there were no outstanding loans.

Payment of Benefits at Plan Termination

Upon Plan termination, all participants elected to receive their full vested interest in his or her account as a lump-sum distribution.

Forfeitures

At July 31, 2024 and December 31, 2023, forfeited non-vested accounts totaled \$0 and \$1,542, respectively. Forfeitures are used first to pay Plan expenses and any remaining forfeitures are used to reduce future Company contributions into the Plan. During 2024, there were no forfeitures.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the liquidation basis of accounting, consistent with terminated plans, as of and for the period ended July 31, 2024 and for the year ended December 31, 2023, in conformity with accounting principles generally accepted in the United States of America ("GAAP"). There were no material differences between the liquidation basis of accounting and the ongoing basis of accounting.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Richfield Living 403(b) Plan
Notes to Financial Statements
July 31, 2024 (liquidated) and December 31, 2023 (in liquidation)

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan agreement.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants, distributions and investment advisory services) are charged directly to the participant's account.

Subsequent events

Management has evaluated subsequent events through March 31, 2025, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at July 31, 2024 and December 31, 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Richfield Living 403(b) Plan
Notes to Financial Statements
July 31, 2024 (liquidated) and December 31, 2023 (in liquidation)

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of July 31, 2024 and December 31, 2023.

	Assets at Fair Value as of July 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total assets at fair value	\$ -	\$ -	\$ -	\$ -

	Assets at Fair Value as of July 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,695,615	\$ -	\$ -	\$ 2,695,615
Total assets at fair value	\$ 2,695,615	\$ -	\$ -	\$ 2,695,615

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Unaudited Information Certified by Custodian

The accompanying financial statements include the following unaudited information as of July 31, 2024 and December 31, 2023 and for the seven month period ended July 31, 2024 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian.

	2024	2023
Investments at fair value	\$ -	\$ 2,695,615
Investment at contract value	\$ -	\$ 51,672
Notes receivable from participants	\$ -	\$ 56,143
Net appreciation in fair value of investments	\$ 240,455	
Interest and dividends	\$ 10,139	
Interest income on notes receivable from participants	\$ 844	

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional investment contract totaling \$0 and \$51,672 at July 31, 2024 and December 31, 2023, respectively. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Richfield Living 403(b) Plan
Notes to Financial Statements
July 31, 2024 (liquidated) and December 31, 2023 (in liquidation)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. The Plan's average yield earned can be derived by averaging the quarterly gross interest rates for the fund over the year (0% and 1.40% at July 31, 2024 and December 31, 2023, respectively). Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events that may limit the ability of the Plan to transact at contract value with the issuers include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of the issuer.

Note 6. Exempt Parties-In-Interest Transactions

Fees paid to the recordkeeper by the Plan for administrative services were \$8,606 for the period ended July 31, 2024. The recordkeeper is an affiliate of the custodians and therefore these transactions are considered party-in-interest transactions. Fees paid to the third-party administrator, an unrelated party, for administrative services were \$9,196 for the year ended December 31, 2024. Fees paid to the investment advisor, an unrelated party, for advisory services were \$16,486 for the year ended December 31, 2024.

Note 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan as then designed was in compliance with the applicable requirement of IRC. The Plan is relying on the IRS approval of the volume submitter 403(b) plan that is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2017 that the volume submitter 403(b) plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and operated in accordance with the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of July 31, 2024 and December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
