## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Momentum Agencies 403(b) Plan

We have audited the financial statements of Momentum Agencies 403(b) Plan (*Formerly United Cerebral Palsy of Los Angeles, Ventura, and Santa Barbara Counties 403(b) Plan*) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2024 and 2023 and the changes in net assets available for benefits for the year ended June 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting

from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year) and Assets (Acquired and Disposed of Within Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2024 and 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Momentum Agencies 403(b) Plan (*Formerly United Cerebral Palsy of Los Angeles, Ventura, and Santa Barbara Counties 403(b) Plan*) (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan Sponsor changed its name to Momentum Agencies, and accordingly, effective July 1, 2022, the Plan’s name was changed to Momentum Agencies 403(b) Plan.

Eligibility

The Plan is a defined contribution 403(b) plan that includes all employees who elect to defer a portion of their salary. Employees are eligible to defer a portion of their salary after one hour of service; there is no minimum age requirement for employee deferrals.

Momentum Agencies (the “Sponsor”) may elect to match the participant deferrals up to 50% of the participant’s first 4% of elective deferrals. Participants are eligible to receive matching contributions after completion of one year of service. In addition the participant must have completed 1,000 hours of service and be at least 21 years of age. For Sponsor matching the participant enters the Plan on July 1 or January 1 following or coinciding with completion of the requirements. Refer to the plan documents for further detail and definitions.

The Plan was established and became effective July 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute a portion of his or her pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). If a participant does not direct contributions, the contributions are credited to the American Century One Choice Investments (Default Investment Option). The Sponsor may contribute 50% of the first 4% of base compensation that a participant contributes to the Plan. Participants direct their elective deferrals and matching contributions from the Plan Sponsor into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Sponsor matching contributions, as well as Plan earnings. Participants’ accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vesting is based upon years of continuous service. A participant is 100% vested after six years of credited service for employer contributions. Participants are immediately 100% vested in their contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At June 30, 2024 and 2023 forfeited non-vested accounts totaled \$3,169 and \$1,416, respectively. These accounts will be used to first pay Plan administrative expenses then to reduce future employer contributions. For the years ended June 30, 2024, and 2023 employer contributions were not reduced by using the forfeitures account. For the year ended June 30, 2024, there were administrative fees paid from the forfeitures account totaling \$7,874. The Sponsor of the Plan may absorb all other administrative costs of the Plan (e.g. audit fees and third-party administrator fees).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. For the years ended June 30, 2024, and 2023, there were \$3,937 and \$3,718, respectively, of excess contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits

Benefits are recorded when paid. At June 30, 2024, there was \$98,901 of participant-initiated benefits that were paid on July 2, 2024.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan and are included in the accompanying financial statements. Fees related to the administration of distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024, and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**MOMENTUM AGENCIES 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

June 30, 2024 and 2023

**NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)**

Pooled Separate Accounts: Valued at the daily closing price as described in the group annuity contract with American United Life Insurance Company (AUL) and is directly related to the net asset value (NAV) of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of June 30, 2024, and 2023.

Description	06/30/24	Fair Value Measurement at Reporting Date		
		Level 1	Level 2	Level 3
Mutual Funds	\$854,108	\$854,108	-	-
<b>Total</b>	<b>\$854,108</b>	<b>\$854,108</b>	<b>-</b>	<b>-</b>

Mutual Funds	\$744,591	\$744,591	-	-
<b>Total</b>	<b>\$744,591</b>	<b>\$744,591</b>	<b>-</b>	<b>-</b>

The following table sets forth the Plan’s assets at contract value, which is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts (See Notes 2 and 9) as of June 30, 2024, and 2023.

## MOMENTUM AGENCIES 403(B) PLAN

### NOTES TO FINANCIAL STATEMENTS

June 30, 2024 and 2023

---

#### NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by American United Life and American Funds. American United Life and American Funds are the custodians as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for investment management services are included in net appreciation/depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 1, for the year ended June 30, 2024 the Plan paid \$7,874 in administrative fees from the forfeitures account. The Plan Sponsor pays any other fees related to the Plan's operations.

#### NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants vesting will not be affected (See Note 1).

#### NOTE 6 – TAX STATUS

The Plan was amended and restated July 1, 2009, to remain in compliance with applicable laws and regulations of the Department of Labor and Internal Revenue Service ("IRS"). At the date of the accompanying financial statements the IRS has not yet issued procedures for applying for a determination letter and has provided transitional relief for all 403(b) plans. However, the Plan administrator believes that the Plan is in compliance with applicable requirements of the Internal Revenue Code. Once procedures become available the Plan will request a determination letter from the IRS.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's annual tax return generally remains open for examination for the three preceding years.

#### NOTE 7 – ADMINISTRATION OF PLAN ASSETS

Certain administrative and accounting functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

#### NOTE 8 – PARTY-IN-INTEREST TRANSACTION

Certain Plan investments are managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were netted in the return of each investment.

NOTE 9 – GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

In 2010 the Plan entered into a fully benefit-responsive investment contract with American United Life Insurance Company (“AUL”). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value as reported to the plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

As described in Note 2, contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on AUL’s ability to meet its financial obligations. AUL’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with AUL. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan’s prohibition on competing investment options or deletions of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exempt under ERISA, 5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with the participants are probable of occurring.

In addition, certain events allow AUL to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan’s investment guidelines, 2) a breach of a material obligation under the contract, 3) a material misrepresentation, 4) a material amendment to the agreement without consent of the AUL.

NOTE 10 – RISKS AND UNCERTANTIES

The Plan invests, at the direction of the participants, in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the accompanying statements of net assets available for benefits.

### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2024 and 2023

---

#### NOTE 10 – RISKS AND UNCERTANTIES (Continued)

At June 30, 2024 and 2023, the Plan had assets of \$342,632 and \$299,101, respectively, held in AUL's Fixed Income Fund and Stable Value Fund, respectively. These accounts are interest bearing accounts that are backed by AUL's general account assets. All assets in these funds earn a guaranteed interest rate until AUL declares a new guaranteed interest rate that becomes effective January 1 of each calendar year. At June 30, 2024 and 2023, the Plan's assets in this fund represented 3.9% of total Plan.

#### NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the year ended June 30, 2024, there was no difference between the accompanying financial statements and Form 5500.

#### NOTE 12 – SUBSEQUENT EVENTS

Subsequent events were evaluated through April 10, 2025, which is the date the financial statements were available to be issued.
