Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

CARLOS ROSARIO INTERNATIONAL PUBLIC CHARTER SCHOOL, INC.
401(K) RETIREMENT PLAN
Independent Auditors' Report (Continued)
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Carlos Rosario International Public Charter School, Inc. 401(k) Retirement Plan was established on August 15, 2013, as a defined contribution plan as described in Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all employees of Carlos Rosario International Public Charter School (the School), except union employees and non-resident aliens, who are age twenty-one or older, after four hundred eight hours of service in a six month period. If the service requirement is not met in the first consecutive period of months, employees are eligible after one thousand hours of service. The Plan trustees are responsible for oversight of the Plan. The trustees are responsible for determining the appropriateness of the Plan's investment offering and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary contributions to the Plan on a pre-tax and after-tax basis. The amount that may be contributed is limited by the Internal Revenue Code applicable to the type of plan. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans or certain IRA's. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan to receive the required employer contribution. Investments of contributions are participant directed. The School matches 300% of the first 1% of the employee's contribution. In addition, the Plan provides for a safe harbor contribution of no less than 3% of compensation, as defined by the Plan, on behalf of each employee who is eligible to make elective deferrals during the Plan year. The School also has the option to make profit sharing contributions. Catch-up contributions are available to participants who obtained age 50 during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the School's contribution, and Plan earnings or losses. Participant accounts are charged with a proportionate allocation of administrative expenses that are paid by the Plan. A participating employee may allocate contributions between any of the funds offered by the Plan in any desired proportion. Participant investment elections are self-directed and the Plan's intent is to comply with section 404(c) of ERISA. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully vested in their contributions and related earnings. Employer matching and safe harbor contributions are also immediately vested and are non-forfeitable.

Notes Receivable from Participants

The Plan also includes a loan provision allowing participants to borrow from their individual accounts. Participants may elect to borrow from their accounts at the lesser of 50% of the vested account balance or \$50,000 reduced by any outstanding loan balance, with a minimum of \$1,000. Only one outstanding Plan loan is permitted at any time. Loan terms may not exceed five years unless the loan qualifies as a home-loan for the purchase of a primary residence in which case the repayment period may not exceed ten years. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent for each calendar quarter as published in the Wall Street Journal on the last day of the immediate preceding calendar quarter. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum distribution equal to the value of the participant's vested interest in their account, or in annual installments. For termination of service for other reasons, a participant may elect to receive the value of the interest in their account as a lump sum distribution. Participants whose vested accounts have never exceeded \$5,000 will receive an immediate lump sum distribution, while all others may elect to withdraw balances in lump sum or installments or may let the balances remain in the Plan until the participant has reached age 70½. The Plan also offers hardship withdrawals for those in need who qualify.

Amounts allocated to participants who have withdrawn from the Plan but have not received a payout of benefits amounted to \$487,712 for the year ended June 30, 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

CARLOS ROSARIO INTERNATIONAL PUBLIC CHARTER SCHOOL, INC.
401(K) RETIREMENT PLAN
Notes to Financial Statements (Continued)
June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Those estimates are inherently subject to change and, accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value as determined by the valuation of the individual investment account asset by Voya (the Plan custodian), except for the Voya Fixed Account investment which is reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income is reported net of investment fees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make note receivable repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment. Interest rates on participant loans range from 4.25% to 9%.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the School.

Notes to Financial Statements (Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Federal Income Tax Status

The Plan is a prototype Plan, and uses a standardized Plan document sponsored by CCH Incorporated, dba/ Fort William LLC. The IRS provided the prototype Plan with a favorable determination letter dated March 31, 2014. Therefore, it is exempt from Federal income taxes under Section 401(k) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Federal tax returns are subject to audit by taxing authorities, generally for three years after filing, hence the Plan's tax returns for the years 2021 and onward remain open to examination.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The fair value hierarchies under reporting and accounting standards are described as follows:

Level 1 - Fair values are based on unadjusted quoted prices for identical assets or liabilities in active markets. Active markets are defined as a market in which transactions take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Level 2 inputs include quoted price for similar assets or liabilities in active or non-active markets, inputs other than quoted market prices that are observable and inputs that are derived principally from or corroborated by observable market data through correlation or other means.

CARLOS ROSARIO INTERNATIONAL PUBLIC CHARTER SCHOOL, INC.

401(K) RETIREMENT PLAN

Notes to Financial Statements (Continued)

June 30, 2024 and 2023

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Fair values are based on price or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These valuations, whether derived internally or obtained from a third party, use critical assumptions that are not widely available to estimate market participant expectations in valuing the asset or liability.

NAV as a Practical Expedient for Fair Value

It was determined that as a practical expedient, net asset value ("NAV") per share is permitted by ASC 820 to estimate the fair value of an investment as long as the investment does not already have a readily determinable fair value (i.e. it's available on a domestic stock exchange or is a mutual fund with a published price), it's calculated in a manner consistent with the measurement principles of the investment company reporting as of the reporting entity's measurement date and there are no plans to redeem the investments at amounts different from NAV.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at net asset value. There have been no changes in methodologies used at June 30, 2024 and 2023:

Pooled Separate Accounts: The pooled separate accounts (PSAs) invest assets in shares of open-end mutual funds, the majority of which have observable Level 1 inputs. The mutual funds process orders to purchase and redeem shares on a daily basis at the fund's next computed net asset values (NAV). The fair value of the account's asset is based on the NAV's of the mutual funds, which are obtained from the Plan custodian and reflect the fair values of the underlying mutual fund investments. The NAV is calculated daily upon close the New York Stock Exchange and is based on the fair values of the underlying securities.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of Level 3 during the year ended June 30, 2024.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended June 30, 2024, are reported in net appreciation or depreciation in fair value of investments.

Fair Value of Investments in Entities that Use Net Asset Value

The following tables summarize investments measured at fair value based on net asset value (NAVs) per share as of June 30, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 4 - UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Statements of Net Assets Available for Benefits at June 30, 2024 and 2023, the related Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Voya Retirement Insurance & Annuity Company, the custodian of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$18,669,966 and \$15,987,853 as of June 30, 2024 and 2023, respectively, and related investment income of \$2,190,989 for the year ended June 30, 2024.

NOTE 5 - INVESTMENTS IN GUARANTEED INTEREST ACCOUNTS

The Plan entered into a fully benefit-responsive guaranteed investment account with Voya Retirement Insurance & Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment account. The guaranteed investment account is presented on the face of the statements of net assets available for benefits at contract value.

CARLOS ROSARIO INTERNATIONAL PUBLIC CHARTER SCHOOL, INC.
401(K) RETIREMENT PLAN
Notes to Financial Statements (Continued)
June 30, 2024 and 2023

NOTE 5 - INVESTMENTS IN GUARANTEED INTEREST ACCOUNTS (Continued)

Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at June 30, 2024 and 2023 was \$1,260,985 and \$1,292,891, respectively. The crediting interest rate is 1% for the years ended June 30, 2024 and 2023.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale of discontinuance of all or any part of the plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance & Annuity Company, who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investments held by the Plan in which Voya was the custodian totaled \$2,139,796 and \$2,117,195 as of June 30, 2024 and 2023, respectively.

The Plan has engaged Retirement Benefit Solutions, LLC, to act as a third party administrator. Service fees paid totaled \$8,038 and \$7,562 for the years ended June 30, 2024 and 2023, respectively. Indirect commissions received totaled \$33,472 and \$30,263 for the years ended June 30, 2024 and 2023, respectively. Investment income is reported net of these fees.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - CONCENTRATION OF INVESTMENTS

The following investments accounted for 10% or more of the Plan’s total investments as of June 30, 2024 and 2023:

Vanguard Target Retirement Income Fund	13.01%	14.12%

NOTE 10 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Plan sponsor had late remittances of \$32,633 during plan year ending June 30, 2023 which have been corrected outside of the Voluntary Fiduciary Correction Program in 2024.

As a result, the Plan sponsor feels that the adequate remittances have been made to the Plan and no further action is deemed necessary.

NOTE 11 - OTHER LIABILITIES

As of June 30, 2023, the Plan deposited \$9,147 in contributions that were for a different Plan of the Plan sponsor. This amount is shown as liabilities on the statements of net assets available for benefits. These amounts have subsequently been paid back.

NOTE 12 - SUBSEQUENT EVENTS

Subsequent events were evaluated through April 11, 2025, which is the date the financial statements were available to be issued.
