## INDEPENDENT AUDITORS' REPORT

To the Plan Finance Committee of  
Roosevelt Children's Academy Charter School Cash Balance Plan

### Opinion

We have audited the accompanying financial statements of Roosevelt Children's Academy Charter School Cash Balance Plan Roosevelt Children's Academy Charter School Cash Balance Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act (ERISA) which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of June 30, 2023, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Roosevelt Children's Academy Charter School Cash Balance Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, and the accumulated plan benefits as of June 30, 2023, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Roosevelt Children's Academy Charter School Cash Balance Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roosevelt Children's Academy Charter School Cash Balance Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Roosevelt Children's Academy Charter School Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Roosevelt Children's Academy Charter School Cash Balance Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Sch H, Part IV, Line 4i- Schedules of Assets (Held at End of Year) as of June 30, 2024 and 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROOSEVELT CHILDREN'S ACADEMY CHARTER SCHOOL CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following brief description of Roosevelt Children's Academy Charter School Cash Balance Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan was established by Roosevelt Children's Academy Charter School ("School") on July 1, 2016 as a cash balance defined benefit plan providing retirement, disability, and death benefits to all eligible employees. The Plan sponsor is the school and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan includes all full-time employees of the school and those that have a minimum of 1,000 hours with the school. Employees are eligible to participate in the Plan the first day of the month following the month attaining the age of 18.

The plan was amended effective October 31, 2023 to exclude certain union employees hired after October 1, 2023. In addition, effective December 4, 2023, the plan froze the Principal Credits for union employees hired on or after July 1, 2023.

The Plan is administered by Roosevelt Children's Academy Retirement Plan Committee ("Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the School's Board of Trustees.

(b) Participants' Accounts

Under the Plan provisions, amounts are credited by the School to the participants' hypothetical accounts. The accounts are allocated compensation credits and investment credits annually. The compensation credits are allocated based on a percentage of the participants' certified compensation as defined by the Plan document. The applicable percentage varies and is based on the participants' age plus years of credited service as defined by the Plan document.

(c) Funding Policy

The Plan's funding policy is for the School to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During the fiscal years ended June 30, 2024 and 2023, the School made contributions of \$450,000 and \$170,000, respectively. The School's contribution for 2024 and 2023 exceeded the minimum funding requirements of ERISA by \$4,515 and \$5,957, respectively.

JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN (CONTINUED)

(d) Pension Benefits

The Plan permits early retirement at ages 55-63 for those employees with ten or more years of service. Such employees may elect to receive an early retirement benefit equal to an actuarial equivalent of their accrued benefit payable at normal retirement date. Benefits are determined based on the participant's hypothetical account balance. Plan participants are eligible for their plan benefit after terminating employment with vested rights. Participants become vested in the Plan upon completion of three or more years of service or attainment of the normal retirement age (63). If employees terminate before rendering three years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the school's contribution. Upon termination of employment, participants have the option of receiving their vested benefit in the form of a one-time lump sum payment or a monthly annuity payable for their lifetime. Participants may elect to defer payment of their benefit until a later date (if the value of the vested benefit is greater than \$1,000). The Plan also allows a participant to remain employed past the Plan's Normal Retirement Date and retire instead on their Late Retirement Date.

(e) Death and Disability Benefits

If a participant dies prior to the participant's retirement date, the participant's beneficiary receives a death benefit equal to the actuarial equivalent of the accrued benefit. If a participant becomes totally and permanently disabled prior to retirement or separation from service for a period of six (6) consecutive months, the participant will be entitled to receive an Actuarial Equivalent of the Participant's Accrued Benefit as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; and disclosure of contingent assets and liabilities and the actuarial present value of accumulated

(b) Use of Estimates (Continued)

benefits at the date of the financial statements, and changes therein. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(e) Operating Expenses

The Plan's expenses are paid by the Plan unless paid by the School as provided by the Plan document. Expenses that are paid directly by the school are excluded from these financial statements.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on a Cash Balance Formula. For each year of credited service, participants receive a contribution credit added to each participants' cash balance account at the end of each plan year.

The contribution credits are based on their age and eligible compensation for the plan year, as defined by the Plan. Benefits payable under all circumstances – retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

ROOSEVELT CHILDREN'S ACADEMY CHARTER SCHOOL CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The actuarial present value of accumulated plan benefits is determined by an actuary from The Benefit Practice Group and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discount for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of June 30, 2024 and 2023 were (a) life expectancy of participants, (b) retirement age assumptions (the assumed average retirement age was 63), and (c) investment return. The 2024 and 2023 valuations included assumed average rates of return of 6.00%. The forgoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. CASH AND INVESTMENTS

The Plan's assets are invested in money market, annuities and certificates of deposit at June 30, 2024 and 2023.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

ROOSEVELT CHILDREN'S ACADEMY CHARTER SCHOOL CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

*Investments:*

The fair value of investments in the certificates of deposits are valued based on the market value in an active market. The fair value is calculated in a manner consistent with GAAP and is determinative of its fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the investments in the certificates of deposits is based on available market information.

The value of annuities reported is based on principal cost and accrued interest.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value	<u>\$ 2,855,514</u>	<u>\$2,855,514</u>

There were no transfers between Level 1,2, or 3

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the School's Board of Trustees has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by PBGC)
- d. All nonvested benefits.

7. PLAN AMENDMENT

Internal Revenue Service announcement 2015-19 states that the IRS ceased issuing determination letters. The Plan is periodically amended primarily to comply with changes in the rules governing ERISA Cash Balance Defined Benefit Plans. Amendments are adopted as required and subsequently the Plan and all amendments are submitted to the Internal Revenue Service.

8. TAX STATUS

The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

9. RISKS AND UNCERTAINTIES

The Plan invests in certificates of deposits. Certificates of Deposits are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported in the financial statements.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through April 2, 2025, the date the financial statements were available for issuance.

## **Roosevelt Children's Academy Charter School Cash Balance Plan**

**EIN: 13-4119998 PN: 002**

### **Schedule SB, Part V – Statement of Actuarial Assumptions/Methods**

---

#### **A. Funding Method**

The valuation method is the actuarial cost method prescribed under Section 430 of the Internal Revenue Code.

Under this method, the following terms are used:

The Funding Target is the sum of the present value of all benefits accrued or earned under the plan as of the beginning of the plan year.

The Applicable Funding Target is equal to the Funding Target multiplied by the applicable transition percentage under the Worker, Retiree, and Employer Recovery Act of 2008.

The Target Normal Cost is the sum of the present value of all benefits which are expected to accrue or be earned under the plan during the plan year.

The Carryover Balance maintained by the plan was set equal to the Credit Balance, if any, in the Funding Standard Account as of the final day of the 2007 plan year. It is decreased when used to reduce the minimum required contribution in succeeding plan years. The unused portion is adjusted to reflect the rate of return on plan assets in those succeeding plan years.

The Prefunding Balance is the accumulation of discounted contributions in excess of the minimum funding requirement for 2008 and later plan years. It is decreased when used, and adjusted for return on plan assets, similarly to the Carryover Balance.

The Funding Shortfall is equal to the Funding Target, less the Actuarial Value of Assets, reduced by the Prefunding Balance and the Carryover Balance.

The Adjusted Funding Shortfall is equal to the Applicable Funding Target, less the Actuarial Value of Assets, reduced by the Prefunding Balance and the Carryover Balance.

A Shortfall Amortization Base is established for a plan year equal to the Adjusted Funding Shortfall less the present value of the existing Shortfall Amortization Installments and Waiver Amortization Installments, if any. Under some circumstances, no Shortfall Amortization Base may need to be established and/or prior Shortfall Amortization Bases may be eliminated.

A Shortfall Amortization Installment is the amount necessary to amortize the Shortfall Amortization Base over the 7-plan-year period beginning with the plan year it is established. Under the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010, an extended amortization period may be elected by the plan sponsor for certain plan years. Effective with the 2021 plan year, the American Rescue Plan Act (ARPA) allows the plan sponsor to eliminate all prior amortization installments and reamortize the Funding Shortfall over a period of 15 years. A 15-year period will then be used for any new Shortfall Amortization Installments established in future plan years. The sponsor may choose to reamortize in the 2020 or 2021 plan years but must do so by the 2022 plan year.

**DEFINITIONS:**

Compensation: Participant's Wages for each Year of Service, as defined in Internal Revenue Code Section 3401(a).

Years of Service: All years of participation with the employer from date of hire to termination of employment, or Normal Retirement Date, based on 1,000 hours equaling one year of service. For accrual purposes, only years of service while a plan participant are included.

Hypothetical Account: For each participant, the sum of the Hypothetical Allocations and Interest Credits credited for each year as a plan participant up to the date of determination.

Hypothetical Allocation: A monetary credit at the end of a plan year to a participant's Hypothetical Account as follows:

For Employees younger than 21, 4.50% of Compensation during the Plan Year.

For Employees between the ages of 21 and 29, 6.00% of Compensation during the Plan Year

For Employees between the ages of 30 and 39, 7.50% of Compensation during the Plan Year

For Employees between the ages of 40 and 49, 9.00% of Compensation during the Plan Year

For Employees between the ages of 50 and 59, 10.50% of Compensation during the Plan Year

For Employees age 60 and older, 12.00% of Compensation during the Plan Year

Only participants who earn a Year of Service during the Plan Year receive a hypothetical Allocation for the Plan Year.

Interest Credit: The Hypothetical Account balance at the beginning of a plan year multiplied by the Interest Crediting Rate.

**Roosevelt Children's Academy Charter School Cash Balance Plan**

**EIN: 13-4119998 PN: 002**

**Schedule SB, Line 24 – Change in Actuarial Assumptions**

A nonstatutory assumption change was made to include a withdrawal decrement to plan liability calculations. The withdrawal assumption was updated to include withdrawal probability rates in accordance with the 2003 SOA Pension Plan Turnover Study Small Plan Service Table. This change was made to better reflect impacts of turnover in plan population.
