Independent Auditors' Report

To the Participants and Plan Administrator of
Defined Benefit Pension Plan of The United Way of Southwestern Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Defined Benefit Pension Plan of The United Way of Southwestern Pennsylvania (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits in liquidation for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 1 and 2 to the financial statements, the Board of Directors of the Plan's sponsor approved a plan of liquidation on March 22, 2023, and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis of accounting to the liquidation basis of accounting as of June 30, 2024 and 2023 and for the year ended June 30, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), and Schedule H, Line 4j - Schedule of Reportable Transactions as of or for the year ended June 30, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Defined Benefit Pension Plan of The United Way of Southwestern Pennsylvania

Notes to Financial Statements

June 30, 2024 and 2023

1. Description of Plan

The following description of the Defined Benefit Pension Plan of The United Way of Southwestern Pennsylvania (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified, noncontributory, defined benefit pension plan covering all eligible employees of The United Way of Southwestern Pennsylvania (the Company) who complete 1,000 or more hours of service in a consecutive 12 month period and are 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

On September 15, 2020, the Plan was amended to freeze all participation and accrued benefits effective September 30, 2020. As such, no new employees were eligible to participate in the Plan and the pension benefits disclosed below were not subject to change as of September 30, 2020.

Effective March 22, 2023, the Company's Board of Directors adopted a plan resolution to fully terminate the Plan effective September 15, 2023. At that time, all participants in the Plan became fully vested in their benefits. Plan assets were distributed to participants through April 2024, with all remaining assets in excess of the Plan's benefit obligation returned to the Company through November 2024.

Funding Policy

The Company's funding policy is to make contributions to the Plan as determined by the Plan's independent actuary in amounts necessary to provide the Plan with assets sufficient to fund participants' benefits by the time they retire. Participant contributions are not permitted. The minimum funding requirements of ERISA were met for 2024 and 2023.

Pension Benefits

Effective July 1, 2010, the annual benefit calculation was calculated at 1.10% of final average earnings, as defined by the Plan, multiplied by the total years of credited service.

Prior to July 1, 2010, the annual benefit was calculated as the sum of: 1.50% of final average earnings, as defined by the Plan, multiplied by the total years of credited service plus 0.50% of final average earnings in excess, if any, of the social security average annual wage (without indexing) multiplied by total years of credited service up to a maximum of 35 years.

Annual benefits may be reduced by vested benefits under a prior plan of the employer or any other plan for which credited service is granted under the Plan. Early retirement is permitted after age 55. A participant may elect to begin receiving benefits upon attaining normal retirement date or receiving an actuarially reduced amount upon taking early retirement. The normal form of benefit payment for married participants is a qualified joint and survivor annuity. A single participant is to receive a life annuity. There are also optional forms of pension distributions available under the Plan.

Defined Benefit Pension Plan of The United Way of Southwestern Pennsylvania

Notes to Financial Statements

June 30, 2024 and 2023

Death and Disability Benefits

The surviving spouse or other beneficiary of a married participant who dies prior to the deceased participant's annuity commencement date will receive a qualified pre-retirement death benefit, as defined by the Plan.

Benefits will continue to accrue if an actively employed participant becomes totally and permanently disabled, as defined under applicable federal Social Security Disability law, before the date on which the participant attains the age of 64 ½.

2. Summary of Accounting Policies

Basis of Accounting

As a result of the resolution to terminate the Plan, the accompanying financial statements are presented on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the Statement of Changes in Net Assets Available for Benefits in Liquidation. In addition, certain investment related expenses are included in net depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits in Liquidation.

Subsequent Events

Subsequent events were evaluated through April 11, 2025, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of June 30, 2023 is as follows:

Actuarial Present Value of Accumulated Plan Benefits	
Vested benefits:	
Participants and beneficiaries currently receiving payments	\$ 2,274,887
Active participants not currently receiving benefits	1,399,710
Inactive participants not currently receiving benefits	3,196,108
Total vested benefits	6,870,705
Nonvested benefits	71
Total actuarial present value of accumulated plan benefits	\$ 6,870,776

The changes in the actuarial present value of the accumulated plan benefits for the year ended June 30, 2023 are summarized as follows:

Statement of Changes in Accumulated Plan Benefits	
Actuarial present value of accumulated plan benefits, at beginning of year	\$ 6,800,244
Increase (decrease) during the year attributable to:	
Benefits paid	(225,413)
Benefits accumulated	(138,860)
Decrease in discount period	434,805
Actuarial present value of accumulated plan benefits, at end of year	\$ 6,870,776

Defined Benefit Pension Plan of The United Way of Southwestern Pennsylvania

Notes to Financial Statements

June 30, 2024 and 2023

The significant actuarial assumptions used in the valuation were:

Assumption	June 30, 2023
Interest rate	6.50%
Mortality	Pri-2012 Table using MP-2021 scale
Normal retirement age	Age 64

Effective March 22, 2023, the Company's Board of Directors adopted a plan resolution to fully terminate the Plan effective September 15, 2023. The Plan's obligation was fully funded and plan assets of approximately \$3.6 million were distributed to participants who elected to receive lump-sum distributions in March 2024. In addition, the Plan purchased a group annuity contract in April 2024 for approximately \$2.7 million to buyout participants who elected to receive their benefits in the form of an annuity. Remaining assets of the Plan of approximately \$1.0 million were returned to the Company, with approximately \$0.9 million being returned in May 2024 and the remaining approximately \$0.1 million being returned in November 2024.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Notes to Financial Statements

June 30, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

Guaranteed investment contract: The guaranteed investment contract is valued based on unobservable inputs using valuation methodologies to determine fair value to include discounted cash flows based on current yields of similar instruments with comparable durations with consideration of the credit-worthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

Assets at Fair Value as of June 30, 2024		Level 1		Level 2		Level 3		Total
Guaranteed investment contract	\$	-	\$	-	\$	99,040	\$	99,040
Total investments at fair value	\$	-	\$	-	\$	99,040	\$	99,040

Assets at Fair Value as of June 30, 2023		Level 1		Level 2		Level 3		Total
Mutual funds	\$	1,482,231	\$	-	\$	-	\$	1,482,231
Pooled separate accounts		-		5,907,264		-		5,907,264

Total investments at fair value	\$	1,482,231	\$	5,907,264	\$	15,368	\$	7,404,863

Changes in Fair Value of Level 3 Assets

There were no purchases, issuances, or transfers in and/or out of the Plan's Level 3 assets for the year ended June 30, 2024.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of June 30, 2024 and 2023, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	Fair Value June 30, 2024	Fair Value June 30, 2023	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed investment contract	\$ 99,040	\$ 15,368	Discounted cash flow	Risk-adjusted discount rate	1.60% - 2.85%

5. Guaranteed Investment Contract

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

Due to the plan termination described in Note 1, the guaranteed investment contract is not considered fully benefit-responsive. As such, the guaranteed investment contract is presented at fair value, which approximates contract value.

6. Concentrations

As of June 30, 2023, the Plan had investments of \$3,198,433, that were concentrated in three funds. As of June 30, 2024, the Plan's remaining assets were concentrated in one fund.

7. Information Certified by Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Mutual of America Life Insurance Company and PNC Bank, National Association, the custodians of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits in Liquidation as of June 30, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of June 30, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits in Liquidation for the year ended June 30, 2024 and the information reported in the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended June 30, 2024.

Notes to Financial Statements

8. Related-Party and Party In Interest Transactions

Contributions are held and managed by the custodians of the Plan, who invest cash received, interest and dividend income and make distributions to participants. Certain investments of the Plan are managed by a custodian of the Plan. These transactions qualify as party in interest transactions which are exempt from the prohibited transactions rules of ERISA.

Certain expenses of the custodians are paid by the Plan and relate to plan operations and investment activity described in Note 2. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 11, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits in Liquidation.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits in liquidation per the financial statements at June 30, 2023, to Form 5500:

Net assets available for benefits in liquidation per the financial statements	\$ 7,595,199
Accrued income expected to be earned in liquidation	(221,717)
Accrued expenses expected to be incurred in liquidation	40,488

Schedule SB, Part V: Summary of Plan Provisions

Plan name:	Employee Benefits Plan of The United Way of Southwestern Pennsylvania	EIN:	25-1043578
Plan sponsor:	The United Way of Southwestern Pennsylvania	PN:	001

Summary of Plan Provisions

The following is a summary of the principal plan provisions upon which this actuarial valuation is based. This summary should not be relied on to provide benefit estimates or other information to participants.

Effective Date of Plan	July 1, 1978.
Effective Date of Latest Amendment	September 30, 2020.
Fresh Start Date	June 30, 2010.
Eligibility	All employees become Participants of this Plan after completion of one year of service, and attainment of age 21. Service with an organization in the health and social service field, and the following organization, Help Line (Employer Number 051-476-G), counts towards the service requirement for eligibility. Effective July 1, 2015, new Employees as a result of the merger with United Way of Westmoreland County are excluded from participating in the Plan. Effective September 30, 2020, no new participants are eligible to enter the plan.
Compensation	Compensation includes all wages, salaries, fees and amounts received for personal service rendered in the course of employment. Compensation includes contributions made to a salary reduction or deferred compensation plan. Prior to 2002, compensation for any plan year, for benefit purposes, is limited to \$150,000 adjusted for increases prescribed by the Secretary of the Treasury. For the 2002 plan year, EGTRRA increased prospectively the limit to \$200,000 annually. For prospective years after 2002, the \$200,000 limit will be indexed for inflation. For 2023 the compensation limit is \$330,000.
Final Average Earnings	The highest average monthly compensation for 60 consecutive months within the last consecutive 120 months of service. Effective September 30, 2020, Final Average Earnings shall not include any compensation earned after September 30, 2020.

Summary of Plan Provisions

Social Security Average Monthly Wage	Monthly average of the Social Security Taxable Wage Bases for the 35 calendar years ending with the year the Participant attains Social Security Retirement Age.
Benefit Accrual Service	Years and months of participation under this Plan or any prior plan of this Employer. Benefit Accrual Service shall also include participation under any other pension plan underwritten by Mutual of America. Effective September 30, 2020, Benefit accrual Service shall cease to accrue for all participants as of September 30, 2020
Vesting	100% upon completion of 3 years of service or upon attaining age 65 Benefits attributable to employment with a prior Employer are 100% vested only after 5 years of participation in this Plan. Service with Help Line (Employer Number 052-126-G) will also count as service for the purpose of vesting.
Retirement Dates	
Normal	The first of the month coincident with or next following the Participant's 65 th birthday.
Early	The first of the month on or after attainment of age 55 (but before age 65), on which the Participant elects to retire.
Deferred	The first of any month following Normal Retirement Date on which the Participant elects to retire.
Frozen Accrued Benefit	The Accrued Benefit as of the Fresh Start Date determined under the provisions of the Plan then in effect.
Benefit Formula	The monthly Normal Retirement benefit is determined as follows:

Summary of Plan Provisions

The sum of (A) and (B):

(A) The Frozen Accrued Benefit multiplied by the ratio of Final Average Earnings as of the Normal Retirement Date to Final Average Earnings as of the Fresh Start Date;

(B) The sum of 1.1% of Final Average Earnings multiplied by Benefit Accrual Service completed after the Fresh Start Date, and -0-% of Final Average Earnings in excess of the Social Security Average Monthly Wage multiplied by the lesser of: (1) Benefit Accrual Service completed after the Fresh Start Date; (2) 35 reduced by Benefit Accrual Service completed before the Fresh Start Date.

Accrued Benefit	The Accrued Benefit is computed under the Benefit Formula above using Final Average Earnings and Social Security Average Monthly Wage at date of determination assuming the Participant continues to earn Benefit Accrual Service until his Normal Retirement Age or date of determination, if later, and adjusted as follows: The portion of the retirement benefit based on total Benefit Accrual Service (item (B) in the Benefit Formula above) is multiplied by a fraction (not to exceed one) equal to actual Benefit Accrual Service divided by projected Benefit Accrual Service at Normal Retirement Age. The multiplication by this factor does not apply to the Frozen Accrued Benefit (item (A) in the Benefit Formula above).
Early Retirement Benefit	The Accrued Benefit reduced by 1/15 for each of the first 5 years and 1/30 for each of the next 5 years by which the Early Retirement Date precedes the Normal Retirement Date.
Deferred Retirement Benefit	The Accrued Benefit reflecting Final Average Earnings and Benefit Accrual Service to the Deferred Retirement Date.
Maximum Benefit	The annual benefit shall not exceed the lesser of (i) \$160,000 indexed for inflation adjustments and (ii) 100% of the average compensation for the 3 consecutive years producing the highest average. For 2023, the dollar amount of \$265,000 is in the form of a non-refund life annuity. This amount is adjusted to reflect commencement before age 62 or after age 65 for forms of payment other than a non-refund life annuity and Cost of Living Supplements, if any. It is prorated for less than 10 years of participation in the Plan.
Minimum Accrued Benefit	The Accrued Benefit computed under the provisions of the plan as of the latest amendment adoption date.
Normal Form of Payment	A non-refund monthly life annuity.

Summary of Plan Provisions

Automatic Form of Payment	For a married Participant, a monthly Joint and 66 2/3% Survivor with 120 months certain and continuous annuity actuarially equivalent to the monthly benefit in the normal form.
Optional Forms of Payment	The Plan provides other possible forms of annuity, all actuarially equivalent to the normal form of payment.
Lump Sum at Retirement	None.
Cost of Living Supplements	None.
Death Benefit Before Retirement	Effective July 1, 1999, if a vested participant dies before retirement benefits have begun, the annual death benefit shall be payable, as follows: 1) The spouse shall receive 66 2/3% of the Accrued Benefit, reduced for early commencement, and further reduced to reflect the Automatic Form of Payment. 2) If there is no surviving spouse, each child shall receive a pro-rata share of a monthly payment calculated as if the participant had retired on the day before his death and elected the life annuity with 120 monthly payments option. Such payments will cease after 120 monthly payments have been made. 3) If there is no surviving spouse or child, the beneficiary shall receive a monthly payment calculated as if the participant had retired on the day before his death and elected the life annuity with 120 monthly payments option. Such payments shall cease after 120 monthly payments have been made.
Disability Annuity Credit	Periods of disability while a participant receives a Social Security Disability Income are also counted as Benefit Accrual Service excluding the first six months of disability and ending on Normal or Early Retirement Date. The compensation rate in effect immediately prior to disability is assumed to continue while disabled. Such compensation rate shall not exceed 120% of the compensation rate in effect one year prior to disability.

Schedule SB, Part V: Statement of Actuarial Assumptions and Methods

Plan name: Employee Benefits Plan of The United Way of Southwestern Pennsylvania **EIN:** 25-1043578
Plan sponsor: The United Way of Southwestern Pennsylvania **PN:** 001

Actuarial Cost Method

Funding target and target normal cost

An actuarial cost method allocates the expected cost of a pension plan on a year-by-year basis. The primary objective is to accumulate enough assets prior to each participant's retirement to provide the promised pension benefits.

The Pension Protection Act of 2006 (PPA) requires plan sponsors to use the Traditional Unit Credit actuarial cost method in which the estimated accrued benefit is based on service and, if applicable, earnings as of the valuation date. The funding target is equal to the actuarial present value of all accrued benefits as of the valuation date. The target normal cost is the actuarial present value, as of the valuation date, of the expected increases in projected accrued benefits attributable to service expected to be completed during the plan year (i.e., if applicable, one year's salary growth is reflected in the determination of target normal cost).

For tax deduction purposes, the funding target may reflect the value of future pay increases on accrued benefits, if applicable.

PPA discounting method

The plan sponsor must choose between full yield curve spot rates or a segmented yield curve of 24-month average corporate bond rates. If the segmented yield curve is selected, the plan sponsor can use either the rates as of the month of the valuation or as of a lookback month, up to 4 months prior to the valuation date. If the full yield curve is selected, the rates as of the month of valuation must be used.

For purposes of this valuation, the following discounting method was used and is assumed to be approved by the plan sponsor:

Segment rates through the month of June preceding the valuation date, adjusted so each segment rate is no less than the applicable minimum percentage* of the corresponding 25-year average segment rate for the calendar year that contains the first day of the plan year and no more than the applicable maximum percentage of that 25-year average segment rate. The 25-year average cannot be less than 5.0% prior to application of the corridor.**

Asset valuation method

Plan assets for purposes of this actuarial valuation are valued under the Asset Averaging method, including, if applicable, discounted receivable contributions. The value is equal to the average of the fair market value of assets on the valuation date and the adjusted fair market value (including expected earnings) for the two earlier annual determination dates. Expected earnings are calculated using a rate no greater than the third segment rate of the segmented yield-curve in effect at the beginning of each valuation year. The resulting average value must be fall between 90 and 110 percent of the fair market value of assets on the valuation date.

* Minimum is 95% through 2030, decreasing 5% per year beginning in 2031 until 70% is reached in 2035

** Maximum is 105% through 2030 and increasing 5% per year beginning in 2031 until 130% is reached in 2035

Percent Married:	100.00%
Spouse's Age:	Wives assumed to be 3 years younger than husbands

Rationale for significant assumptions

Economic assumptions

- **Expected return on plan assets:** The assumption was selected by the client with input from their investment advisor. We believe the assumption is reasonable as it falls within a reasonable range of expected returns for the plan's asset allocation based on capital market assumptions.
- **ASC 960 pre-retirement and post-retirement discount rate:** This assumption is based on the **expected return on plan assets** assumption.

Actuarial Assumptions

Demographic Assumptions

- **ASC 960 mortality:** The mortality base table and projection scale is based on the most recent mortality table and improvement scale published by the Society of Actuaries (SOA) and in our judgement, adequately reflects expected mortality rates as of the measurement date. The SOA elected not to release a new mortality scale for 2023 which would have included mortality data affected by the COVID-19 pandemic, but instead will continue to study emerging mortality experience and assess what mortality improvement scale options might be considered to be implemented in the future. As such, we have decided not to reflect any adjustments to the most recent mortality improvement scale. The plan's relatively small size would not support a credible mortality study.
- **Termination:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in termination patterns are not expected.
- **Retirement:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in retirement patterns are not expected.

Miscellaneous assumptions

- **Expenses:** The assumption is based on the expectation of expenses to be paid out during the plan year [assuming expenses will be similar to the prior year.], based on actual PBGC expenses projected for the year, and assuming non-PBGC related expenses will be similar to the prior year.
- **Form of payment:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan.
- **Spouse's age and percent married:** The employer does not have enough credible data to analyze spousal demographics. These assumptions are based on the actuary's experience with similar plans.
