Report of Independent Auditors

To the Participants and Trustees of
Decorators Union Local 17u
Supplemental Pension Plan

Opinion

We have audited the financial statements of Decorators Union Local 17u Supplemental Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Decorators Union Local 17u Supplemental Pension Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit;
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Decorators Union Local 17u Supplemental Pension Plan

Notes to Financial Statements

June 30, 2024 and 2023

Note 1. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements of Decorators Union Local 17u Supplemental Pension Plan (the Plan) have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326), which is effective for the Plan for the year ended June 30, 2024. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

Investments - The investments of the Plan are reported at fair value, except for the investment contract with insurance company, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Contributions Receivable - Contributions due and not paid prior to year end are recorded as contributions receivable. Payroll compliance audit deficiencies are recognized upon settlement with the employer. An allowance for uncollectable accounts is considered unnecessary and is not provided.

Note 1. Summary of Significant Accounting Policies (continued)

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates currently in effect, as set forth in the applicable collective bargaining agreement. Employers are required to remit contributions monthly. Covered employment is primarily derived in the trade show industry. The Plan carries out its purpose described in Note 2 within a jurisdiction primarily located in Cook County, Illinois.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected a withdrawal from the Plan, but were not yet paid at either June 30, 2024 or 2023.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through April 9, 2025, which is the date the financial statements were available to be issued.

Note 2. Description of the Plan

The Plan was established effective July 1, 1996, pursuant to collective bargaining agreements between employers and United Steelworkers of America AFL-CIO-CLC Local 17u to provide retirement benefits for eligible participants. The Plan includes a 401(k) savings program that permits participants to contribute a portion of their eligible compensation, as defined by the Plan. An individual is eligible to participate in the Plan after working 352 hours under the collective bargaining agreement. The Plan is a multiemployer defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

The Plan is maintained under a trust agreement with Nationwide Life Insurance Company, who has custody of the assets of the Plan and makes payments to participants at the direction of the Trustees. The Plan is administered by The Pension Specialists, Inc.

Participating employers contribute such amounts as specified in the collective bargaining agreements. For the years ended June 30, 2024 and 2023, this amount was \$5.00 for a regular hour, \$7.50 for an overtime hour, and \$10.00 for a double-time hour. Participants may elect to voluntarily defer pre-tax compensation, up to a maximum dollar amount in a calendar year, subject to certain IRS limitations.

Note 2. Description of the Plan (continued)

Contributions to the Plan are invested as directed by the participant in various investment funds. In the absence of participant direction, contributions are invested in a default investment fund. Participants must evaluate their own investment goals and objectives and choose the investment funds best suited to achieve those goals and objectives. Poor investment performance by the investment funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Each participant's account is credited with the employer's and participant's contribution, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their voluntary compensation deferrals plus actual earnings thereon. Participants become 100% vested in the employer contribution portion of their account plus actual earnings thereon after three years of service. A year of service for determining vested percentage is a calendar year during which a participant is credited with 700 hours of service, beginning with the calendar year which includes the participant's date of hire. Participant accounts become fully vested upon retirement, permanent disability or death.

Upon death, disability or termination of service, a participant is entitled to receive an amount equal to the value of the participant's vested account. Distributions are made in a single lump sum or in the form of installments.

Employer contributions paid in error and forfeited participants' nonvested amounts are placed in separate unallocated accounts. During the years ended June 30, 2024 and 2023, nonvested amounts of \$14,632 and \$989 respectively, were forfeited. Administrative expenses incurred by the Plan may be paid from these accounts. Administrative expenses paid out of these accounts totaled \$53,225 and \$40,018 for the years ended June 30, 2024 and 2023, respectively. Included in net assets available for benefits are unallocated accounts at June 30, 2024 and 2023 of \$28,725 and \$33,665 respectively.

Participants should refer to the summary plan description for more complete information.

Note 3. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. In the event of Plan termination, participants will become fully vested in the employer contribution portion of their account.

Note 4. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated December 9, 2015, stating that the Plan meets the requirements of a qualified plan and tax-exempt trust under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving its determination letter. The Trustees and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Related Organizations

The Plan is related to a local union and a welfare plan.

A portion of the duties performed by individuals employed by the local union are dedicated to the Plan. An allocation of salaries and related expenses for those individuals is made based on estimated time prorations.

At June 30, 2024 and 2023, the Plan was allocated a total of \$5,423 and \$10,566 respectively, and owed the local union \$5,423 and \$2,486 respectively, for its use of shared administrative staff.

Note 6. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy.

Note 6. Fair Value Measurements (continued)

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

For the year ended June 30, 2024, the Plan's investments in mutual funds are classified within Level 2 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at unit value as reported by the investment manager on the last business day of each period presented.

For the year ended June 30, 2023, the Plan's investments in mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Note 7. Investment Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with an insurance company. The contract meets the fully-benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based upon a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a quarterly basis for resetting. The average interest rates were 2.37% and 2.07% for the years ended June 30, 2024 and 2023, respectively. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of its investment at contract value. Certain events, such as Plan termination or merger, might limit the ability of the Plan to transact at contract value with the issuer; however, these events are not considered to be probable.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan has a significant portion of its assets invested in one mutual fund with underlying assets of domestic equity securities. This investment represented approximately 25% and 24% of the Plan's net assets available for benefits as of June 30, 2024 and 2023, respectively. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the Plan's investment portfolio. Additionally, the investments within each investment fund are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

Note 9. Participant Deferrals

Contributing employers withhold certain participants' contributions from their payroll. The Plan has a collection program that pursues legal action against delinquent employers. As part of its collection program, the Plan may collect contributions, liquidated damages, interest and attorney fees from delinquent employers. Upon receipt of late participant deferrals from a delinquent employer, the amount of contributions, plus assessed liquidated damages and interest, is credited to the participant's account to compensate the participant for lost earnings resulting from the delay in contributions.

Note 10. Party-in-Interest Transactions

The Plan's investments are held by Nationwide Life Insurance Company, who provides investment management and administrative services to the Plan. Therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of the Department of Labor.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Decorators Union Local 17u
Supplemental Pension Plan

We have audited the financial statements of Decorators Union Local 17u Supplemental Pension Plan (the Plan) as of and for the years ended June 30, 2024 and 2023, and our report thereon dated April 9, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
