Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **APRIO LLP**

(2) EIN: **57-1157523**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits - Modified Cash Basis as of June 30, 2024, and the related Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of June 30, 2024 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the 2024 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

Independent Auditors' Report (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of June 30, 2024 and Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan as of June 30, 2023, were audited by KRD Ltd, who merged with Aprio, LLP as of January 1, 2025. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated April 5, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

-
1. **Description of the Plan** The following description of the LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of LEARN Charter School (the "School"), except for nonresident aliens, student employees, and employees who normally work less than 20 hours per week. Part-time employees must complete one year of service of at least 1,000 hours to participate in the Plan. Employees covered by a collective bargaining agreement, employees who are eligible under the Chicago Teachers' Pension Fund or the Teachers' Retirement System of the State of Illinois, interns, and resident aliens with a temporary visa are not eligible to receive School contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allows for discretionary matching contributions. During 2024, the School contributed 100 percent of the first 4.5 percent of compensation that a participant contributed to the Plan. Nonelective contributions may be contributed at the discretion of the School. During 2024, the School contributed 4.5% of eligible compensation as a discretionary nonelective contributions. Participants direct the investment of their contributions and School contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the School's discretionary matching contributions, if any, as well as allocations of the School's discretionary nonelective contribution, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the School's discretionary nonelective contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan

Notes to Financial Statements

Transfers between TIAA and CREF accounts: Participants are permitted to transfer funds from their Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") accounts into their TIAA Traditional Annuity Account at any time. However, transfers out of the TIAA Traditional Non-Benefit Responsive Annuity Account into any TIAA or CREF account by an active participant can only be made through a Transfer Payout Annuity which provides for the transfer of funds in substantially equal installments over a period of ten years for Retirement Annuity contracts.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the School's discretionary contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 100 percent vested after two years of service is completed. Different vesting schedules may apply to account balances of participants due to prior Plan provisions as described in the Plan document.

Forfeited accounts: At June 30, 2024 and 2023, forfeited nonvested accounts totaled \$71,248 and \$77,908, respectively. These accounts will be used to reduce future School contributions or to pay Plan expenses. During 2024, \$76,908 forfeited nonvested accounts were used to reduce School contributions and no accounts were used to pay Plan expenses.

Payment of benefits: Benefits are payable upon retirement at age 59 1/2, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Benefits are payable in lump sum installment, single and joint life annuities, and annuity contract payments.

Administrative expenses: Substantially all expenses of maintaining the Plan are paid by the School.

2. Significant accounting policies

Basis of accounting: The Plan prepares its financial statements on a modified cash basis of accounting; consequently, contributions to the Plan not yet received by the insurance company are not included in net assets available for benefits, and certain expenses are recognized when disbursed by the insurance company rather than when the obligation is incurred.

LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan

Notes to Financial Statements

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Reclassifications: Certain 2023 balances have been reclassified to conform with the 2024 presentation.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through April 11, 2025, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at June 30, 2024 and 2023, and net appreciation in fair value of investments and interest income for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, the insurance companies of the Plan.

LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan

Notes to Financial Statements

-
- 4. Fair value measurements** The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

The unit values of the CREF variable annuities and the pooled separate account are reported based on quoted market values listed by NASDAQ on the last day of the Plan year.

LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan

Notes to Financial Statements

The TIAA Traditional Non-Benefit Responsive Annuity Accounts are reported at contract value, which approximates fair value. The contract value equals the accumulated cash contributions and interest credited to the contract less any withdrawals. Contract value is deemed to approximate fair value based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts. See further discussion in Note 5. In determining the reasonableness of the valuation methodology, the Plan administrator evaluated a variety of factors including existing contracts, economic conditions and TIAA's overall credit rating.

The fair value of the TIAA Access variable annuities is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by TIAA based on the fair value of the underlying assets in the accounts, less liabilities.

The fair value of assets is as follows:

Assets at Fair Value as of June 30, 2024				
	Level 1	Level 2	Level 3	Total
Non-benefit responsive insurance annuity accounts	\$ -	\$ -	\$ 169,932	\$ 169,932

Investments measured at net asset value ^(a)				2,001,912
Total assets at fair value				\$ 6,315,407

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of June 30, 2024 and 2023 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits - Modified Cash Basis.

The investment objective of the fixed income annuity is a favorable long-term rate of return primarily through high current income while preserving capital. The real estate annuity seeks to obtain a favorable long-term total return through both capital appreciation and current income. International and U.S. annuities seek a favorable long-term total return, mainly through capital appreciation. Target date annuities seek a high total return over time through a combination of capital appreciation and income with an allocation strategy designed to meet retirement needs at a specified date.

Investments in all TIAA Access variable annuities can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of June 30, 2024 and 2023.

Notes to Financial Statements

The following table presents changes in assets classified in Level 3 of the fair value hierarchy during the year ended June 30, 2024, attributed to the following:

	Level 3 Assets
Purchases	17,597
Issuances	-
Transfer into Level 3	-
Transfer out of Level 3	-

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value 06/30/2024	Fair Value 06/30/2023	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA non-benefit responsive insurance annuity account	\$ 169,932	\$ 154,965	Discounted Cash Flow	Risk-adjusted discount rate applied	3.55%-6.50%

5. **Insurance annuity contracts**

The Plan participates in the TIAA Traditional Annuity, an investment contract with TIAA. The contract is segregated into non-benefit and fully benefit responsive categories. TIAA commingles the assets of the contract with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Each premium allocated to the investment contract buys a guaranteed minimum amount of lifetime income, based on the rate schedule in effect at the time the premium is credited. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value. The contract has no maturity date and there is no market value adjustment upon discontinuance.

LEARN Charter School 403(b) DC Plan and LEARN Charter School 403(b) TDA Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. A portion of the annuity contract is non-benefit responsive as it requires withdrawals in the form of a lifetime payout annuity or in periodic installments. The annuity contract require installments over a ten-year period. However, terminated participants may request a lump sum distribution within 120 days of termination, subject to a 2.5 percent surrender charge. When a participant's accumulated balance in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a purchase of annuity contract in the Statement Changes in Net Assets Available for Benefits. There were no such conversions for the year ended June 30, 2024.

- 6. Risks and uncertainties** The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.
- 7. Plan termination** Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
- 8. Party-in-interest transactions** Certain Plan investments are managed by affiliates of TIAA and CREF. TIAA and CREF are the insurance companies and recordkeepers as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.
- During 2024, the Company failed to remit to the insurance companies certain employee contributions totaling \$300 within the period prescribed by Department of Labor regulations. These delinquent remittance is considered a nonexempt party-in-interest transaction.
- 9. Tax status** The Plan is a volume submitter plan of TIAA which received an opinion letter on August 7, 2017, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.
