401(k) RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
AT  
JUNE 30, 2024**

**NOTE 1 - DESCRIPTION OF PLAN:**

The following description of the Home/Life Services, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:**

The Plan was established effective July 1, 2019. The Plan is a defined contribution plan covering all eligible employees of Home/Life Services, Inc. (the "Employer" or "Company"). Employees are eligible to participate in the Plan at the minimum age of 21 after completing at least one year of service. The entry date is the first day of a calendar month following the participant eligibility date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Employer is responsible for oversight of the Plan.

**Contributions:**

The Plan allows pre-tax deferrals. Each year, participants may contribute up to 100% of annual compensation (the "Deferral Contribution"), as defined in the Plan, not to exceed annual statutory amounts.

Participants aged 50 or older before the end of the Plan year are eligible to make an additional annual "catch-up" contribution up to \$6,500 as a pre-tax contribution. If any participant's compensation deferrals for a year exceed the maximum allowable for that year, the excess amount may be returned to the participant as taxable compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan qualifies as a safe harbor 401(k) plan whereby the Employer is required to make matching contributions of 100% of each participant's elective deferrals up to a maximum of 4% of the participant's compensation. The Employer may also make a non-elective contribution. The non-elective contribution is discretionary and is allocated according to a two-tiered formula defined in the Plan. A non-elective contribution of \$618,607 was made for the year ended June 30, 2024.

**HOME/ LIFE SERVICES, INC.  
401(k) RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
AT  
JUNE 30, 2024**

**NOTE 1 - DESCRIPTION OF PLAN (CONTINUED):**

**Participant Accounts:**

Each participant's account is credited with (a) the participant's contribution, (b) allocations of the Employer's safe harbor contribution and non-elective contribution, if any, (c) rollover contributions, if any, and (d) appreciation in the value of the investments and investment income; and charged with (a) distributions made to the participant, (b) depreciation in the value of investments, and (c) allocation of participant account administrative expenses. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:**

Participants are fully and immediately vested in their contributions, rollover contributions, and safe harbor contributions plus actual earnings thereon. Vesting in the Employer's non-elective contribution portion of their accounts is based on years of continuous service. Participants begin vesting in Employer's non-elective contributions after one year of service, vesting at a rate of 20% per year, thereafter, and are fully vested upon five years of service. In the event of total disability or death, the participants will become 100% vested in their accounts.

**Payment of Benefits:**

Upon termination of service, participants may elect to have their benefits paid as a single lump sum, paid as a direct rollover to another qualified plan or individual retirement account, or distributed in partial withdrawals or installments. Termination of service may result from death of the participant, total disability of the participant, retirement, or termination of employment. If the participant is receiving the distribution prior to their normal retirement age defined by the Plan (65), and their account balance is less than \$5,000, the fund balance will be distributed in a single lump sum as soon as it is administratively feasible following the termination event. If the participant is receiving the distribution at normal retirement age or later, the mandatory cash out level is \$5,000 and the participant can choose to receive partial withdrawals or installments, but only with respect to lifetime minimum required distributions. In the event of a death of a participant prior to retirement, 100% of the participant's account will be paid to their beneficiary in either a lump sum or installments over a period of not more than the assumed life expectancy of the beneficiary. In the event of total and permanent disability of a participant, he or she will be entitled to 100% of their account balance in the form of a distribution.

Principal and interest is paid ratably through payroll deductions.

**Forfeited Accounts:**

If a participant terminates before becoming fully vested in their account balance, the non-vested portion of the participant's account balance will be forfeited as of the earlier of the distribution of the entire vested portion of the participant's account or the last day of the Plan year in which the former participant has a five-year break in service. If a participant is rehired before incurring the five-year break and received a distribution, the account balance at termination will be restored if the participant repays the entire amount previously distributed to them. Forfeitures may be used by the Plan to pay administrative expenses or to reduce any Employer contributions. For the year ended June 30, 2024, no forfeitures were applied.

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES:**

**Basis of Accounting:**

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The Plan follows the accounting and reporting guidance as prescribed by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962, "Plan Accounting - Defined Contribution Pension Plans".

**Use of Estimates:**

The preparation of financial statements in conformity GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED):**

**Notes Receivable from Participants:**

The Plan allows for participant loans. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest when material. Interest income is recorded on the accrual basis. Interest earned on loans is allocated to the participant account as loan payments are made to that account.

The Plan administrator must identify each calendar quarter any participant loan that is in default. The participant then has until the end of the following calendar quarter to pay the overdue amount. If not paid, a taxable distribution of the unpaid loan balance, plus accrued interest, will be declared. Taxable loan distributions also occur when a participant separates from service and does not repay an outstanding loan balance. Taxable loan distributions are considered deemed distributions and are included in benefits paid to participants in the period they occur.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2024.

**Excess Contributions Payable:**

Amounts payable to participants for contributions and related investment income in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and investment income.

**Risks and Uncertainties:**

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Investment Valuation and Income Recognition:**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and trustee.

The Plan's interest in the pooled separate accounts and collective investment trusts are valued at the net asset value (NAV) of the units in each of the respective funds which is used as a practical expedient to measure fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits:**

Benefits are recorded when paid in accordance with the terms of the Plan.

**Administrative Expenses:**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

**Subsequent Events:**

The Plan has evaluated subsequent events through April 5, 2025, the date the financial statements were available to be issued.

**NOTE 3 – CERTIFIED INVESTMENTS**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2024, and net appreciation in fair value of investments, interest, and interest income on notes receivable from participants for the year ended June 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company (“Mid Atlantic”), the trustee of the Plan.

**NOTE 4 – FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED):**

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1 -** Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets and liabilities that the Plan can access at the measurement date.

**Level 2 -** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3 -** Inputs to the valuation methodologies that are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2024.

**Pooled Separate Investment Accounts:** are measured using the unit value calculated based on the net asset value (“NAV”) of the underlying pool of securities. The NAV is based on the fair value of the underlying investments held by each fund (typically mutual funds with level 1 quoted net asset values). The balance of participation units credited to the account, multiplied by the current participation-unit value, equals the amount of equity account assets held on behalf of the participant at any given time. The participation unit value is adjusted periodically, usually each business day, to reflect investment results under the separate account. Purchases and sales also may occur daily within these accounts. As of June 30, 2024, there were no unfunded commitments. Should the Plan initiate a full redemption on any of the pooled separate investment accounts, the redemption period is immediate.

**Investments in Collective Investment Trusts:** some funds may hold investments in units of other funds within the Trust or similar funds for which other unrelated entities are trustee. The Trustee or unrelated trustee estimates the fair value of investments in collective funds that have calculated NAV per unit in accordance with the specialized accounting guidance for investment companies. Accordingly, as a practical expedient, investments in such funds are valued at their NAV as reported by the investee funds. The funds have the ability to redeem their investments in the collective funds at NAV without restrictions.

**NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED):**

The tables below segregate investments at fair value as of June 30, 2024:

	<u>Assets at Fair Value as of June 30, 2024</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
<b>Investments measured at NAV *</b>				
Investment in collective investment trusts (see Note 5)	\$ -	\$ -	\$ -	\$ 98,594
Pooled separate accounts	<u>2,872,791</u>	<u>-</u>	<u>-</u>	<u>2,872,791</u>
<b>Total investments at fair value</b>	<u>\$ 2,872,791</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,971,385</u>

\*Certain investments that are measured at fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets for benefits.

**NOTE 5 – INVESTMENT IN COLLECTIVE INVESTMENT TRUSTS**

The collective investment trusts are funds that hold investments in units of other funds within the Trust or similar funds for which other unrelated entities are the trustee. The Trustee or unrelated trustee estimates the fair value of investments in collective funds that have calculated NAV per unit in accordance with the specialized accounting guidance for investment companies. Accordingly, as a practical expedient, investments in such funds are valued at their NAV as reported by the investee funds.

In addition, the Mid Atlantic Trust Company files the funds as Direct Filing Entities on Form 5500. As a result, disclosures of the collective investment trusts significant investment strategies are not required.

The following table summarizes the investment in collective investment trusts at June 30, 2024 valued using NAV to measure fair value:

<u>June 30, 2024</u>	<u>Fair Value Using NAV</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective investment trusts	<u>\$ 2,872,791</u>	N/A	Daily	N/A

**NOTE 6 – PLAN TERMINATION**

Although the Employer has not expressed any intent to do so, the Employer has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their Employer contributions.

**NOTE 7 – TAX STATUS**

The IRS has determined and informed the Company by a letter dated December 31, 2018, that the plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS**

The Plan issues notes to participants, which are secured by the balances in the participants’ accounts. These transactions also qualify as party-in-interest transactions.
