Independent Auditor's Report

To the Board of Trustees
Lodge 447 Fringe Benefit Trust

Opinion

We have audited the financial statements of Lodge 447 Fringe Benefit Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan's benefit obligations as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and plan's benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the net assets available for benefits and plan's benefit obligations of the Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits and plan's benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of and for the year ended June 30, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but certain is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Lodge 447 Fringe Benefit Trust

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the Lodge 447 Fringe Benefit Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a multi-employer plan, established under an Agreement and Declaration of Trust dated April 1973, pursuant to collective bargaining agreements between Lodge No. 447, International Association of Machinists and Aerospace Workers (the Union), and various employers in the machinists and automobile industries operating in the New York metropolitan region. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is currently administered by a third-party contract administrator.

Benefits

The Plan provides dental, optical, legal services and other fringe benefits for eligible members and dependents of members. The Plan also provides a continuation of coverage option to employees upon loss of coverage due to employment termination, at the employee's expense. Optical benefits are self-insured. Life insurance and accidental death and dismemberment are provided by an insurance company. Payments for legal services benefits are made to a third-party provider. Dental benefits are partly self-insured and partly insured by insurance carrier.

The Plan also provides a continuation of health coverage options to employees upon loss of coverage due to termination of employment, at the employee's expense.

Contributions

Contribution rates have been established under collective bargaining agreements entered into between the Union and the various employers. Each employer is required to make monthly contributions to the Plan at the rate(s) specified in its respective collective bargaining agreement. Contribution rates vary depending on the types of coverage negotiated.

In addition, the Union, a related party, makes contributions to the Plan on behalf of its employees.

The Plan is noncontributory for employees, except for COBRA premiums as required by law, and is funded mainly from contributions received from employers.

Insured Benefits

The Plan fully insures the life insurance benefits (basic, supplemental, and dependent) and accidental death and disability benefits (basic, supplemental, and spousal), Premiums for basic life insurance and basic accidental death and dismemberment insurance programs are paid to the insurance company from the general assets of the Plan.

Self-Insured Benefits

All other Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plans' third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. Despite the Plan's utilization of third-party claim's processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Lodge 447 Fringe Benefit Trust

Notes to Financial Statements

Participation

All employees who wish to have benefits must enroll upon hire or during the enrollment periods set by the Plan Administrator. An employee who has elected to participate in the Plan (or to waive such participation) may not change election during the Plan year unless there is a qualified change in status and the participant makes an election change that is consistent with the change in status.

Coverage under the Plan begins on the date of hire if a participant is employed on the first day of the month or the first day of the following month if a participant is hired any other day.

Insurance Premiums

The Plan pays insurance premiums to certain insurance carriers for the Plan's fully insured arrangements under the Plan.

Third-Party Administrator

The Plan utilizes third-party administrators for the administration of the Plan's self-insured dental and optical benefits and for the collection and management of COBRA contributions to the Plan. However, the responsibility for payment of benefits is retained by the Plan and Trust.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims payable and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies and procedures and reports to the Plan's Board of Trustees. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers all non-interest-bearing cash deposits to be cash or cash equivalents.

Lodge 447 Fringe Benefit Trust

Notes to Financial Statements

Payment of Benefits

Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits.

Benefit Obligations

Benefit claims payable represents those claims incurred on or prior to June 30, but are unpaid at that date.

Reclassifications

Certain reclassifications have been made to the 2023 financial statements to conform to the 2024 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Management's Review of Subsequent Events

The Plan has evaluated subsequent events and transactions through April 14, 2025, the date that the financial statements were available to be issued.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023:

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Interest-bearing cash: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024 and 2023, respectively:

	2024	2023
Level 2:		
Interest-bearing cash	\$ 2,329,924	\$ 1,940,378
Total assets in the fair value hierarchy	2,329,924	1,940,378
Investments measured at net asset value:		
Collective trust fund/Stable value fund	2,021,185	1,920,640
Investments at fair value	\$ 4,351,109	\$ 3,861,018

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2024 and 2023, respectively:

	2024	2023
Collective trust fund		
Fair value	\$ 2,021,185	\$ 1,920,640
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

Note 4. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party contract administrators, auditing fees and legal fees. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses.

Note 5. Tax Status

The Plan is exempt from federal income tax under Section 501(c)(9) of the Internal Revenue Code (the IRC). The Plan has obtained a favorable tax determination letter from the IRS, and the Plan Sponsor believes that the Plan, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC.

In addition, the Plan and related trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan has the to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the plan sponsor or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 7. Related Party Transactions and Party in Interest Transactions

Certain Plan assets are invested in a common collective trust managed by the custodian of the Plan. As described in Note 1, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and plan benefit obligations.

Note 9. Concentrations of Credit Risk

Financial instruments that subject the Plan to concentrations of credit risk include cash and contributions receivable. The Plan maintains accounts at high quality financial institutions. While the Plan attempts to limit any financial exposure by maintaining accounts at high quality financial institutions, its deposit balances may, at times, exceed federally insured limits. The Plan has not experienced any losses on such accounts. Contributions receivable are from various employers in the plumbing, heating, piping and refrigeration industries.

Of the participating employers, one employer and two employers represent approximately 16% and 23% of contribution income for the years ended June 30, 2024 and 2023, respectively, and two employers represent approximately 27% and 20% of contributions receivable at June 30, 2024 and 2023, respectively.
