INDEPENDENT AUDITOR'S REPORT

The Advisory Committee
Employees' Savings Plan of Glasstech, Inc.
Perrysburg, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Employees' Savings Plan of Glasstech, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

An Independent Member of the BDO Alliance USA

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2024 and 2023

Note 1 – Description of Plan

The following description of the Employees' Savings Plan of Glasstech, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan.

General

The Plan is a defined contribution plan established to provide income upon retirement to all eligible employees of Glasstech, Inc. (the Company and Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Accounts

Participant accounts are adjusted daily for a pro rata share of income and expenses of each fund, determined by the percentage that the participant's account balance bears to the total of all participants' account balances at that date prior to such adjustment. Participant contributions vest immediately. Company contributions plus actual earnings (losses) thereon vest 20% after one year of credited service (as defined in the Plan), 40% after two years, 60% after three years, 80% after four years, and 100% after five years of credited service. Company contributions are reduced by participant forfeitures. The forfeiture account balance was \$88 at June 30, 2024 (\$85 at June 30, 2023).

Notes Receivable from Participants

The Plan permits participants to borrow up to a maximum of \$50,000, or 50%, of their vested account balance once their total account balance reaches \$2,000. Loans are made subject to certain conditions and limitations as specified in the Plan document and are repaid in biweekly installments, including interest, over periods of between one to five years or up to ten years for the purchase of a primary residence. A participant is entitled to a maximum of two loans outstanding at a given time; however, the loans must be 12 months apart. Participant loans are collateralized by their account balances. The rate at which loans bear interest is established at the inception of the borrowing, based on prime rate plus 1%. Repayments of loans, including the interest portion thereof, are reinvested on the participants' behalf in accordance with their current choice of investment options. If a participant terminates employment from the Company, the loans must be paid in full; otherwise, the outstanding account balance will be treated as a distribution to the participant in 60 days.

Contributions

The Plan provides for Company contributions at the discretion of the Company's Board of Directors. The Company made no contributions during the 2024 or 2023 plan year. Eligible employees may make pre-tax, Roth, and/or after-tax contributions in specific percentages, up to the lesser of 60% of eligible compensation for pre-tax and Roth and 10% of eligible compensation for after-tax, or the maximum permitted per the Internal Revenue Service (IRS) limitations. Participants direct their contributions, Company contributions, if any, and any earnings thereon to any of the Plan's fund options.

Note 1 – Description of Plan (continued)

Payment of Benefits

The Plan provides generally that upon retirement, death, disability, or termination, in the case of vested benefits, the standard form of payment will be a lump-sum payment. Other forms of payment may be elected, including installments. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts become fully vested.

Administrative Expenses

Substantially all expenses for plan administration, rendered by parties-in-interest to the Plan, are paid by the Company.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In contrast, contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There have been no changes in the valuation methods used. The Plan's investments are held by Fidelity Management Trust Company (the Trustee).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at net asset value.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2024 and 2023

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Collective investment trusts (CITs) represent investments with various investment managers. Units held in CITs are fair valued at the net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The New York Life Insurance Company Anchor Account represents a group annuity contract that provides for a guarantee of principal and accumulated interest. The asset is a guaranteed investment contract valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contributions to the Anchor Account are invested in New York Life's Pooled Separate Account No. 25. The Pooled Separate Account No. 25 is not chargeable with any other liabilities arising out of any other business of New York Life.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through March 4, 2025, the date the financial statements were available to be issued.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2024 and 2023

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at June 30, 2024 and 2023, net appreciation (depreciation) of investments, and dividends and interest for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

Note 4 – Guaranteed Investment Contract

The Plan holds a traditional investment contract that meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset every six months.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without adjustment. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer. The guaranteed investment contract permits the issuer or the Plan to terminate the agreement prior to the scheduled maturity date as a result of specific occurrences as defined in the contract.

Note 5 – Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2024 and 2023

Note 5 – Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of June 30, 2024 and 2023. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investments at Fair Value as of June 30, 2024	
	Level 1	Total
Mutual funds	\$ 16,028,744	\$ 16,028,744
Total investments measured at NAV as the practical expedient	-	1,200,521
Total investments at fair value	\$ 16,028,744	\$ 17,229,265
	Investments at Fair Value as of June 30, 2023	
	Level 1	Total
Mutual funds	\$ 13,325,946	\$ 13,325,946
Total investments measured at NAV as the practical expedient	-	1,078,122
Total investments at fair value	\$ 13,325,946	\$ 14,404,068

Note 6 – Restrictions on Net Assets

For the New York Life Insurance Company Anchor Account, participants may deposit and withdraw on a daily basis at contract value. Any transfers to a competing fund must first go through a non-competing fund and be held there for at least 90 days. There are currently no competing funds offered in the Plan. If the Plan terminates the contract without providing a one-year notice, or if an employer-initiated event results in significant aggregate participant withdrawal requests, the Plan's balance in the fund may be subject to a market value adjustment.

Note 7 – Income Tax Status

The Internal Revenue Service ruled on June 30, 2020, that the Fidelity Basic Plan Document No. 17 (the volume submitter plan of the Trustee upon which the Plan is based) qualifies under Section 401 of the Internal Revenue Code (the Code) and the related trust is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2024 and 2023

Note 7 – Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
