Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of PYCO Industries, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PYCO Industries, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Hand Benefits and Trust as of June 30, 2024 and 2023, and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PYCO Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PYCO Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PYCO Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes and Reportable Transactions as of and for the years ended June 30, 2024 and 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PYCO INDUSTRIES, INC. 401(k) PLAN

Notes to Financial Statements

June 30, 2024 and 2023

(1) Description of Plan

The following description of the PYCO Industries, Inc., 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering the employees of PYCO Industries, Inc (the "Organization"). The Plan is referred to as a "safe harbor 401(k) plan." The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was initiated on July 1, 2007.

Date of management's review - Management has evaluated subsequent events through April 15, 2025, the date which the financial statements were available to be issued.

Eligibility - All employees who have completed one year or more of service and have attained the age of 21 are eligible to become participants on the first day of the quarter following the date the Plan's requirements are satisfied.

Contributions - Participants in the Plan may elect to contribute up to the IRS allowed maximum of their adjusted compensation on a before-tax basis to the Plan. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan currently offers seventy-eight mutual funds as investment options. Plan trustees also limit the amount of contribution which can be made by highly-compensated employees. Each year, the Organization may make matching contributions to the Plan to a maximum of 50% of the participants salary deferral, however, only salary deferrals up to 4% of employee payroll compensation will be considered. The Organization may also make a non-elective "safe harbor" contribution equal to 3% of the employee's compensation for the plan year at the discretion of its Board of Directors.

Participant accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Organization's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions and the Organization's "safe harbor" contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

PYCO INDUSTRIES, INC. 401(k) PLAN

Notes to Financial Statements

Payment of benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or periodic payments over the life of the participant and a designated beneficiary, or a period not extending beyond the life expectancy of the participant and designated beneficiary.

Forfeited accounts - At June 30, 2024 and 2023 there were \$-0- and \$-0-, respectively, in forfeited nonvested accounts within the Plan. According to Plan documents, forfeited nonvested accounts may be used to reduce future employer contributions. During the years ended June 30, 2024 and 2023, employer contributions of \$-0- and \$-0-, respectively, were reduced by forfeited nonvested accounts.

Trustee certification - The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting disclosures under such election, the plan administrator has obtained certification from the trustees of the Plan that all of the information provided by them and included in the accompanying financial statements and supplemental schedules is complete and accurate. Information as to cash, investments, bank account, overdrafts, accounts payable, notes payable, interest income, net appreciation in fair value of investments, dividend income, fiduciary fee and expense, real estate expense and interest and all information in the accompanying supplementary schedules is presented in reliance solely upon those certifications.

(2) Summary of accounting policies

Basis of accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Investments - Shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Individual investments that exceed 5% of net assets available for benefits are separately identified in the statement of net assets available for benefits with fund information.

Net appreciation (depreciation) in fair value of investments - The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Use of estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

PYCO INDUSTRIES, INC. 401(k) PLAN

Notes to Financial Statements

Payment of benefits - Benefits are recorded when paid.

(3) Investments

The following presents investments that represent 5 % (five percent) or more of the Plan's net assets.

	2024	2023
Vanguard Life Strategy Growth	\$ 1,668,191	1,672,232
Vanguard Life Strat Mod Growth	674,585	554,687
Vanguard Life Strat Cons Growth	156,168	514,851
Vanguard Target Ret 2025	389,481	806,781
Vanguard Target Ret 2030	323,524	529,020
Vanguard Target Ret 2035	1,416,152	1,190,623
Vanguard Target Ret 2050	814,072	677,491
Standard Stable Asset 2	201,981	516,802

During the years ended June 30, 2024 and 2023, the Plan's investments - all of which are held in various mutual funds - (including gains and losses on investments bought and sold, as well as held during each year) appreciated/(depreciated) in value by \$605,173 and \$557,922, respectively.

(4) Plan Termination

Although they have not expressed any intent to do so, the Association has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(5) Tax Status

The U.S. Treasury Department has advised that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is a qualified plan and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is not longer subject to income tax examinations for years prior to June 30, 2020.

Notes to Financial Statements

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(7) Related Parties

There were no transactions with related parties in 2024 or 2023. The Plan paid certain expenses related to plan operations and investment activity to various service providers in 2024 and 2023. These transactions are party in interest transactions under ERISA.

(8) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include: (a.) quoted prices for similar assets or liabilities in active markets; (b.) quoted prices for identical or similar assets or liabilities in inactive markets; (c.) inputs other than quoted prices that are observable for the asset or liability; (d.) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023.
