INDEPENDENT AUDITORS' REPORT
AND
FINANCIAL STATEMENTS

June 30, 2024 and 2023

Independent Auditors' Report

To the Plan Administrator of Best Option Healthcare Puerto Rico, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Best Option Healthcare Puerto Rico, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Best Option Healthcare Puerto Rico, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024, and for year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Best Option Healthcare Puerto Rico, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Best Option Healthcare Puerto Rico, Inc. Retirement Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Best Option Healthcare Puerto Rico, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Best Option Healthcare Puerto Rico, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2023 Financial Statement

Predecessor auditors performed an audit of the 2023 financial statements of Best Option Healthcare Puerto Rico, Inc. Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated April 11, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the united states of america, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule(s), other than the information in the 2023 supplemental schedule(s) that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Best Option Healthcare Puerto Rico, Inc. Retirement Plan

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the Best Option Healthcare Puerto Rico, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Description - The Plan is a defined contribution plan established by Best Option Healthcare Puerto Rico, Inc. (the Sponsor) to encourage among employees a team working relationship and a genuine interest and loyalty to the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's investments are principally held in mutual funds administered by the Trust Division of Banco Popular de Puerto Rico (the Trustee) (a party-in-interest). The Plan and the Trust were established on July 1, 2003.

Eligibility - The Plan covers all employees of Best Option Healthcare Puerto Rico, Inc. who have completed at least one year of service and are 21 years of age or older as determined in accordance with the Plan's rules.

Contributions to the Plan - Participants may contribute a pre-tax annual contribution up to the maximum amount in accordance with the provisions of the Puerto Rico Income Tax Code (\$15,000 for the years ended June 30, 2024 and 2023). After-Tax contributions may not exceed 10% of the aggregate compensation paid to the participant. The employer will make a discretionary matching contribution equal to \$0.50 cents of each dollar up to 6% of a participant's pre-tax contributions.

A participant that has attained an age of fifty (50) by the end of the Plan's year can make an additional pre-tax contribution as approved by the Puerto Rico Income Tax Code. This additional contribution is not eligible for matching.

Participant Individual Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contribution and, (b) Plan's earnings and, (c) at the discretion of the Plan Sponsors, forfeitures of terminated participants' non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - The portion of a participant's account non vested at the date of his/her termination of employment is forfeited immediately. Forfeitures under the Plan will be either, allocated to Participant's accounts during the Plan Year, to reduce the amount the Employer must contribute to the Plan or used to reduce related Plan costs and expenses. At June 30, 2024 and 2023, forfeited non-vested accounts amounted to \$0 and \$7,220, respectively.

Best Option Healthcare Puerto Rico, Inc. Retirement Plan

Notes to Financial Statements

Vested Benefits - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion is based on years of continuous service.

The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
At least one year	0%
At least two years	20%
At least three years	40%
At least four years	60%
At least five years	80%
At least six years	100%

Cash - As of June 30, 2024, the Plan held \$590 in cash and cash equivalents, which includes \$590 in non-interest-bearing cash. Cash and cash equivalents consist of funds maintained in bank accounts, and short-term investments with maturities of three months or less. The non-interest-bearing cash balance represents funds awaiting investment allocation, benefit payments, or other plan-related disbursements. The Plan's investment policy generally seeks to minimize idle cash balances; however, at times, non-interest-bearing cash may accumulate due to timing differences in contributions, investment transactions, or pending disbursements. There are no restrictions on the use of non-interest-bearing cash, and it is available for immediate Plan operations as need

Plan Expenses and Administration - Banco Popular de Puerto Rico Trust Division (BPPR) serves as record keeper, trustee, and custodian for the Plan.

The Plan Sponsors are responsible for the general administration of the Plan and for carrying out the provisions thereof. The Plan Sponsors have established a committee to discharge the administration and fiduciary duties under the Plan.

Administrative expenses such as, specialists, and all costs of administering the plan are borne by the Plan Sponsors.

In addition, certain investments related expenses are included in the net (depreciation)/appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Best Option Healthcare Puerto Rico, Inc. Retirement Plan

Notes to Financial Statements

Investment Options - Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Contributions to a participant account that has not chosen an investment option are invested in a default portfolio of funds. Participants may change their contributions at any time thereafter. The Plan also allows participants to change their investment options daily.

Payment of Benefits - Immediate distributions may be made at participants' election upon termination of employment in lump sum payment or in monthly installments over a period up to ten (10) years. The normal retirement age is the date a participant attains their sixty fifth (65th) birthday. Early retirement is permitted at the participant's election if the participant has reached the age of fifty-five (55) years and five (5) years of service. A participant may withdraw amounts at any time from their salary after-tax contributions account, subject to uniform and nondiscriminatory standards established by the Plan Administrator. In the case of a participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto.

Hardship Withdrawals - Under the provisions of the Plan, participants are permitted to make hardship withdrawals out from the participant's pre-tax, catch-up, match and rollover contributions. Such withdrawal is only permitted if: a) financial hardship is demonstrated, b) the withdrawal is approved by the Plan Administrator and c) such withdrawal is allowable under the Puerto Rico Income Tax Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Notes to Financial Statements

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 of the Financial Statements for additional disclosures related to fair value measurements.

The Plan investment return includes interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation or depreciation in the fair value of the Plan's investments. This net appreciation or depreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

Contributions to the Plan - Employees contributions and Plan Sponsors matching contributions are recorded in the plan year period in which the Plan Sponsors make payroll deductions from the Plan participants' earnings.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value:

Money market fund - These funds maintain a stable NAV of \$1 per share and are considered Level 1. They are considered highly liquid investments.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

4. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Banco Popular de Puerto Rico, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of June 30, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of June 30, 2024, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2024.

5. TAX STATUS

On May 26, 2021, the Plan obtained a determination letter related to certain amendments, in which the Puerto Rico Department of Treasury stated that the Plan was a qualified plan under the Puerto Rico Internal Revenue Code of 2011 (the Code).

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. In Puerto Rico, the tax laws permit examination of the Plan Sponsors' income tax returns for up to four years after the initial return is filed. The tax years of the Plan Sponsors with respect to the Plan that remain open for examination are from 2020 to 2023.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsors has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee, or their beneficiaries accrued under the Plan up to the date of such termination.

7. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment and level of uncertainty related to changes in the values of investments, it is possible that changes in market values in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Individual participant's accounts bear the risk of loss resulting from fluctuations in fund values.

8. PARTIES-IN-INTEREST

Certain Plan investments consist of funds administered by an affiliate of Popular Fiduciary Services and affiliates, the Plan's custodian and record keeper and therefore, these transactions qualify as allowable party in interest transactions. Other related parties consist of Best Option Healthcare Puerto Rico, Inc. as employer.

9. EXCESS CONTRIBUTION PAYABLE

For the years ended June 30, 2024 and 2023, the Plan failed the non-discrimination test. To correct the excess contribution corresponding to 2024 and 2023, the Plan opted to reimburse, and to disclose as a liability, the excess contributions amounting to \$14,904 and \$21,358, respectively to certain highly compensated participants, and is included as part of excess contribution on the Statement of Net Assets Available for Benefits.

10. SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events through March 31, 2025, the date on which the financial statements were available to be issued. There are no other material subsequent events that would require disclosure in the Plan's financial statements.
