Independent Auditor's Report

To the Trustees
Southern Eagle Sales & Service, L.P.
Local 270 Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Southern Eagle Sales & Service, L.P. Local 270 Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - in liquidation as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits - in liquidation for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis
As discussed in Note 7 to the financial statements, management of Southern Eagle Sales and Service, L.P., the Plan's sponsor, amended the Plan effective March 28, 2022 to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting to the liquidation basis of accounting used in presenting both the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following brief description of the Southern Eagle Sales & Service, L.P. Local 270 Pension Plan (the Plan) is intended to give a general summary of its principal provisions. Participants should refer to the Plan Document for complete information.

Except as otherwise indicated, the following descriptions of the Plan's terms and operations relate to the period prior to the plan termination process.

Purpose of the Plan

The Plan, which was established effective April 1, 1977, is a defined-benefit plan which provides normal retirement, early retirement, disability, or death benefits to substantially all employees covered by the collective bargaining agreement between the Teamsters Local No. 270 of New Orleans, Louisiana and Southern Eagle Sales & Service, L.P. (the Company).

Plan Administration

The Plan Administrator is the Company. The Company appoints an officer as the Plan Trustee, as required, to administer the Plan. The Plan Trustee is responsible for benefit payments from the trust fund, according to information submitted by the Plan Administrator, and oversight of the administration of the Plan. The Plan Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Pension Benefits

Under the Plan's provisions, each participant who retires at age 65 (normal retirement) is entitled to a unit of monthly pension equal to $17.50 multiplied by the period of credited service in years and completed fractions, thereof, up to a maximum of 30 years. A year of credited service is earned for each calendar year during which an individual completes 1,800 hours of service. During each calendar year in which the individual has less than 1,800 hours of service, the individual earns 1/12 of a year for every 150 hours of service (with any remaining hours equal to 75 or more counting as 1/12 of a year).

Vesting service is used in determining eligibility for early retirement and disability benefits. A year of vesting service is earned for each calendar year during which an individual completes at least 1,000 hours of service. Plan participants become fully vested after five years of vesting service.

Death and Disability Benefits

If an active employee dies, is married, and is eligible for early retirement, then the surviving spouse will receive a benefit equal to the value of the employee's accumulated pension benefit as if the employee retired on the day immediately preceding death and had made a timely election to receive benefits in accordance with the 50% contingent annuitant option designating the spouse as the contingent annuitant.

Note 1. Description of the Plan (Continued)

Death and Disability Benefits (Continued)

If an active employee dies, is married, but not eligible for early retirement, then the surviving spouse will receive a benefit equal to the value of the employee's accumulated pension benefit as if the employee was terminated on the day immediately preceding death, subject to the earliest date on which the employee could have commenced receiving benefits or any date after but before the employee's normal retirement date, chosen by the surviving spouse, and had made a timely election to receive benefits in accordance with the 50% contingent annuitant option designating the spouse as the contingent annuitant.

Active employees who become totally disabled receive annual disability benefits that are equal to the equivalent normal retirement benefit they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

Funding Policy

Annually, an independent actuary performs a valuation of the Plan to determine the status of the fund and the normal cost and contribution limits prescribed by the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's funding policy is for the Company to contribute an amount that will meet or exceed the annual ERISA minimum funding requirement. The method of valuation employed by the actuary is the unit credit accrued liability method as mandated under the Pension Protection Act of 2006. For both years ended December 31, 2023 and 2022, the independent actuary calculated no employer contribution requirements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

Due to the decision to terminate the Plan during 2022, management determined that liquidation of the Plan is imminent. As a result, the financial statements for both 2023 and 2022 have been prepared using the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of plan assets available for benefits and the actuarial present value of accumulated plan benefits as the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Valuation of Investments

All investments in the statements of net assets available for benefits are reported at liquidation value. For all investments, fair value approximates the amount the Plan expects to collect at liquidation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Under the trust agreement, the Company may pay all expenses incurred in the administration of the Plan, including trustee fees, but is not obligated to do so. Administrative expenses were paid by the Plan and the Company for the years ended December 31, 2023 and 2022. Certain administrative expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits - in liquidation. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits - in liquidation.

Note 3. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was $3,122,823 as of December 31, 2023. All plan benefits were fully vested. This amount was determined as of the end of the Plan year and based on the assumptions that the Plan was terminating and liquidation was determined to be imminent. Previously, the actuarial present value of accumulated plan benefits was determined as of the beginning of the plan year using going concern assumptions. Due to the plan termination, and determination that liquidation was imminent, the valuation date and assumptions were changed.

The actuarial present value of accumulated plan benefits was $4,110,237 as of January 1, 2022. The changes in actuarial present value of accumulated plan benefits to January 1, 2023, were decreases for benefits accumulated and other benefit changes of $1,143,695 and an increase for interest due to a decrease in the discount period of $115,222 reduced by benefits paid of $89,883. The actuarial present value of accumulated plan benefits as of January 1, 2023, was $3,100,033. The changes in actuarial present value of accumulated plan benefits from January 1, 2023 to December 31, 2023, were decreases for benefits accumulated and other benefit changes of $42,468 and an increase for interest due to a decrease in the discount period of $153,379 reduced by benefits paid of $88,121.

Note 4. Information Certified by The Lincoln National Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by The Lincoln National Life Insurance Company (Lincoln), a qualified institution:

	2023	2022
Investments, at Fair Value		
Pooled Separate Accounts	**$ 2,746,799**	$ 2,453,951

Lincoln also certified to the completeness and accuracy of $390,019 and $(492,427) of net appreciation (depreciation) in fair value of investments for the years ended December 31, 2023 and 2022, respectively.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Pooled Separate Accounts: Valued at the market value of the underlying mutual funds as adjusted for the Plan's participation unit in the pooled separate account.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

December 31, 2023	**Level 1**	**Level 2**	**Level 3**	**Total**
Total Assets in the Fair Value Hierarchy	**$ -**	**$ -**	**$ -**	**$ -**
Investments Measured at Net Asset Value [(a)]				**2,746,799**
Investments, at Fair Value				**$ 2,746,799**

December 31, 2022	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value [(a)]				2,453,951
Investments, at Fair Value				$ 2,453,951

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022:

December 31, 2023	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Pooled Separate Accounts	**$ 2,746,799**	**$ -**	**Daily**	**None**

December 31, 2022	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 2,453,951	$ -	Daily	None

Note 6. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Lincoln. Lincoln is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

The Company made contributions to the Plan in accordance with the minimum funding requirements established by the Internal Revenue Service (IRS) that would ensure that plan assets were sufficient to pay Plan participants' accrued benefits. In March 2022, the Company's management adopted an amendment to terminate the Plan effective as of a date determined by the Plan Administrator. As a result, management determined that liquidation was imminent.

In October 2022, a Notice of Intent to Terminate Plan advising that an application was to be filed was distributed to Plan participants and subsequently, the application for approval of the Plan's termination was filed with the IRS. In addition, in October 2023, a Notice of Plan Benefits was distributed to plan participants, and in June 2023, a Standard Termination Notice was filed with the Pension Benefit Guaranty Corporation (PBGC). The Notice of Plan Benefits is a statement of a participant's accrued benefit under the Plan, including an estimate of the amount of a single cash payment to which the participant would be entitled following the receipt of plan termination approval. As a result of the resolution to terminate the Plan, each employee with an accrued benefit under the Plan will have the following choices to have the present value of his accrued benefit: (a) used to purchase an annuity under the Contract, or (b) distributed in a single cash payment either (i) directly to them, or (ii) as a direct rollover by the Plan's trustee into the participant's rollover Individual Retirement Account.

Each employee with an accrued benefit under the Plan whose present value is $5,000 or more will have the option to have the present value of his accrued benefit used to purchase an annuity under the Contract or distributed in a single cash payment directly to them. Each former employee with an accrued benefit under the Plan whose present value is over $1,000 but less than $5,000 will have the option to have the present value of his accrued benefit distributed in a single cash payment either (i) directly to them, or (ii) as a direct rollover by the Plan's trustee into the participant's rollover Individual Retirement Account. If the present value was $1,000 or less, it was distributed automatically in a single cash payment directly to the employee or former employee.

There were no benefit payments made in conjunction with the plan termination during the years ended December 31, 2023 and 2022.

In February 2024, a single premium paid-up group annuity contract (Contract) was purchased from plan assets by United of Omaha Life Insurance Company (United) for $1,082,183. Additional annuities were purchased as part of the Contract and other adjustments were made, resulting in a decrease of $80,649 to the initial premium purchase price. The final amount of the contract premium was $1,001,534.

Note 7. Plan Termination (Continued)

Retirees and beneficiaries receiving pension benefits when the Contract was purchased now have such benefits paid by United under the Contract. Benefit payments by United began as of May 1, 2023. The Contract provides that United has the obligation to pay all benefits under the Contract without the change and in accordance with the elections that were made at the time benefit payments began.

Note 8. Tax Status

The IRS has determined and informed the Company, by a letter dated March 31, 2010, that the Plan, as designed, is qualified under the appropriate section(s) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various pooled separate account investments. Underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2024, and determined that no events occurred that requires disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
