INDEPENDENT AUDITOR'S REPORT

April 11, 2025

To the Plan Administrator of the
Manlius Pebble Hill School 403(b) DC Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Manlius Pebble Hill School 403(b) DC Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MANLIUS PEBBLE HILL SCHOOL 403(B) DC PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following brief description of the Manlius Pebble Hill School 403(b) DC Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to employees of Manlius Pebble Hill School (the School) who meet certain eligibility requirements. The School is responsible for general administration of the Plan. Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) are the insurance companies of the Plan. TIAA, FSB is the directed custodian of certain assets of the Plan record kept by TIAA. Voya Retirement Insurance and Annuity Company (VOYA) is the custodian of certain assets of the Plan. TIAA and VOYA are the recordkeepers of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the School are eligible to participate in the Plan. All employees are able to begin elective deferrals as soon as administratively practicable pursuant to a properly completed and valid salary reduction agreement. Employees, except per diem employees and certain part-time employees, are eligible for the School's match upon completing two years of eligible service.

Contributions

Active participants may make voluntary contributions in the form of salary reductions and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). Eligible participants, who attain the age of 50 before the end of the Plan year and/or have 15 years of service, are eligible to make age and service catch-up contributions, subject to certain limitations of the Code.

The School matches 100% of eligible participant's elective deferrals to the Plan up to a maximum amount based on years of service. Greater than two years of service, but less than ten years of service, the School will match 100% of a participant's elective deferrals up to 5% of eligible compensation. Greater than or equal to ten years of service, but less than 15 years of service, the School will match 100% of a participant's elective deferrals up to 6% of eligible compensation. Greater than or equal to 15 years of service, the School will match 100% of a participant's elective deferrals up to 7% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the School's contribution and Plan earnings/losses on all contributions. Allocations of earnings/losses and administrative expenses are based on account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Funding Vehicles

Plan contributions are invested in one or more of the funding vehicles offered by the Plan. The Plan does not permit plan-to-plan transfers or contract exchanges with any annuity contract or custodial account that is not a funding vehicle specifically approved by the Plan Administrator for use under the Plan.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their account balance, which includes voluntary contributions, employer contributions and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow an amount up to the lesser of 50% of the amount of their vested balance or \$50,000. The note amount cannot exceed the maximum amount imposed by the Code. A participant may borrow a minimum of \$1,000. Notes are repayable over not more than five years, except in the case of a note for the purchase of a primary residence. Participants must make note payments directly to the custodian. All notes bear interest at prime rate.

Plan Loans

Plan loans are issued directly from the funds owned by TIAA and CREF and are not issued directly from a participant's account. Accordingly, these loans are not presented as part of the plan assets on the accompanying statements of net assets available for benefits. An adequate portion of the participant's account is held in collateral to cover 110% of the outstanding loan in case of default. The collateral is held in the fixed annuity contract investment option. Total plan loans outstanding at June 30, 2024 and 2023 were \$3,574 and \$16,600, respectively. Plan loans considered to be in default totaled \$10,127 at June 30, 2023. There were no plan loans considered to be in default at June 30, 2024.

Payment of Benefits

The Plan provides benefit payments to terminated participants at age 65 and in-service withdrawals upon attainment of age 59½. Benefits may be paid out in a single lump sum, partial payments, installment payments, in an annuity contract (if assets are held in a custodial account) or converted to an income option (if the assets are invested in an annuity contract).

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's voluntary contributions account. All hardship withdrawals must comply with Internal Revenue Service rules relating to hardships, which are uniformly applicable to all participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Recently Adopted Accounting Guidance

Accounting Standard Codification (ASC) Topic 326 Financial Instruments – Credit Losses requires certain financial assets to be measured at amortized cost net of an allowance for estimated credit losses. This standard replaced the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (“CECL”) methodology. The estimated credit loss is required to be based on historical information, current conditions, and forecasts that could impact the collectability of the amounts. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing a plan's exposure to credit risk and the measurement of credit losses.

Effective July 1, 2023, the Plan adopted ASC 326 using the modified retrospective approach for all financial assets measured at amortized cost. The new accounting pronouncement did not have a material impact on the financial statements. Results for reporting periods beginning after July 1, 2023 are presented under CECL while prior period amounts continue to be reported and disclosed in accordance with previously applicable accounting standards.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Allowance for Credit Losses

The Plan records a receivable for notes receivable from participants. The Plan recognizes an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. No significant deteriorations are expected in the future economic conditions; therefore, management has determined that no allowance for credit losses is necessary for the year ended June 30, 2024.

Investments

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

All investments are participant directed.

The Plan utilizes Retirement Annuity (RA) contracts, which are included in the non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. TIAA and CREF maintain Plan contributions in separate accounts. Under RA contracts, lump-sum withdrawals are not permitted. Participant initiated transfers or withdrawals may only be made in 10 annual installments over a period of approximately 9 years.

The Plan utilizes Group Retirement Annuity (GRA) contracts, which are included in non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. Under GRA contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the account must be spread over 10 annual installments (over 5 years for withdrawals after termination of employment).

The Plan utilizes Retirement Choice Annuity (RC) contracts, which are included in non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. Under RC contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the account must be spread over 84 monthly installments (over seven years for withdrawals after termination of employment).

The Plan has fully benefit-responsive contracts with TIAA. TIAA maintains Plan contributions in separate accounts. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

The fixed annuity contracts guaranteed minimum returns are supported by the TIAA-CREF General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however, is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as future annuity payments.

The Plan has investment contracts with VOYA that maintains participant contributions in a general account. These accounts are credited with actual earnings on the underlying investments and are charged with certain administrative expenses of the Plan. Since the agreement or funding agency can restrict certain transfers and withdrawals, the contract is not considered fully benefit responsive. The investment is included in the financial statements at contract value, which approximates fair value.

The Plan's investments in pooled separate accounts are invested in global and domestic equity and fixed income based investments. The net asset value of these investments is derived from the market value of the underlying investments. The net asset value of the funds are then calculated and posted each day. The investment strategies of these accounts is to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends, and interest. Transactions out of the account can be made any business day. There are no unfunded commitments.

Fair Value Measurement - Definition and Hierarchy

Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan can access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered investment companies: Registered investment companies include mutual funds and variable annuities, which are valued at the net asset value of shares held at year-end based on quoted market prices in active markets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

Pooled separate accounts: The value of pooled separate accounts is determined at the net asset value of shares held at year end based on quoted market prices in active market.

Non-benefit responsive (fixed annuity contracts): Value is calculated based on discounted cash flows using risk-adjusted discount rates.

There were no changes in the valuation methodologies used in 2024 or 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid by participants. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT INFORMATION

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to as complete and accurate by Voya Retirement Insurance and Annuity Company (VOYA), the custodian and recordkeeper of certain plan assets, Teachers Insurance and Annuity Association (TIAA), an insurance company of the plan, including those investments held by TIAA, FSB, as directed custodian, that were record kept by TIAA; and College Retirement Equities Fund (CREF), an insurance company of the Plan.

VOYA Fixed Annuity	2024: \$20,410	Discounted cash flow	Risk-adjusted discount rate applied **	2024: 3.00%
	2023: \$23,060			2023: 3.00%

** - Unobservable inputs include discount rate applied.

5. TAX STATUS

The Plan has been established using a volume submitter 403(b) plan type under Section 403(b) of the Internal Revenue Code (the Code). The Internal Revenue Service has determined and informed the Volume Submitter 403(b) Plan sponsor by a letter dated August 7, 2017, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

TIAA and VOYA are the recordkeepers of the Plan's assets. TIAA, FSB is the directed custodian of certain assets of the Plan record kept by TIAA. TIAA and CREF are the insurance company and issuer of the annuity contracts of the Plan. VOYA is a custodian of certain assets of the Plan. As such, transactions between TIAA and CREF, TIAA, FSB, VOYA and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as part-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right, under the Plan document, to terminate the Plan subject to the provisions of ERISA.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through April 11, 2025, which is the date the financial statements were available to be issued.
