INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Clearbrook Pension Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Clearbrook Pension Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of change in net assets available for benefits as of June 30, 2024 and 2023, and the related statement of net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024 and June 30, 2023, and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2024 and 2023 financial statements of Clearbrook Pension Savings Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Clearbrook Pension Savings Plan

Auditor's Responsibilities for the Audit

Our responsibility is to conduct an audit of Clearbrook Pension Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Clearbrook Pension Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets Held (At End of Year) for the year ended June 30, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion of our report, it is inappropriate to, and we do not express an opinion on these supplemental schedules.

CLEARBROOK PENSION SAVINGS PLAN
STATEMENT OF NET ASSETS AVAILABLE FOR BENEFITS
JUNE 30, 2024 AND 2023

(1) DESCRIPTION OF PLAN:

The following description of Clearbrook Pension Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The financial statements were available to be issued on April 9, 2025, with subsequent events being evaluated through this date.

General -

The Plan is a defined contribution and voluntary savings plan covering all eligible employees of Clearbrook (the “Organization”). Substantially all employees are eligible to participate in the Plan. Participation is voluntary and effective on the first day following the date the eligibility requirements are met. Employees must have completed 24 months of service in order to receive discretionary employer contributions. There are no significant eligibility requirements for deferral of employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration -

The Organization is the sponsor of the Plan. The Organization is also the plan administrator and has responsibility for the administration of the Plan. Corebridge Financial, Inc. (Corebridge) functions as custodian and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions -

The Plan provides for employee salary reduction contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. All participants who were eligible to make salary deferral contributions under the Plan, and who have attained age 50 before the close of the Plan year, were eligible for catch-up contributions. The Plan allows for Roth contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Organization may make a discretionary contribution on behalf of each participant, as approved by the Organization’s management and board of directors, equal to a percentage of the participant’s compensation, as defined by the Plan. This contribution was equal to 4 percent of compensation for the year ended June 30, 2024 and 2023. Contributions are subject to Internal Revenue Code limits.

Participants’ Accounts -

Each participant account is credited with participant and employer contributions and charged with an allocation of administrative expenses. Allocations are based on participants’ compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

(1) DESCRIPTION OF PLAN: (Continued)

Participant Notes Receivable -

Participants may borrow a minimum of \$1,000 from their fund accounts, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance net of loans outstanding. The Plan allows participants to have one outstanding loan at a time. The maximum loan term is five years unless it is for the purchase of a principal residence. The loans bear interest at rates that range from 4.25 percent to 9.50 percent, which are commensurate with local prevailing rates at loan origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Policy Loans -

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of 50 percent of their fixed account balance, not to exceed \$50,000, from Corebridge. Loans are collateralized by the participant's investment balance in the Corebridge Fixed Account Plus and the Corebridge Short-Term Fixed Account (collectively, "the fixed accounts") and bear interest at a market rate. Loan terms range from one to five years. Principal and interest are paid ratably by the participant to the insurance company, and each payment will reduce amounts collateralized by the participant's fixed accounts. As of June 30, 2024 and 2023, \$94,349 and \$94,838, respectively, of the fixed account balances were used to collateralize such loans. The loans themselves are not considered assets of the Plan. At June 30, 2024 and 2023, \$88,059 and \$85,098 respectively, of the policy loan balances were in default.

Vesting -

Participants are immediately 100 percent vested in the Organization's contributions, the employee salary deferral and rollover contributions, and any income or loss thereon. No contributions are subject to any vesting schedule.

Payment of Benefits -

Participants withdrawing during the year for reasons of disability, retirement, death, or termination of employment are entitled to their vested account balance. Benefit payments are made in the form of a lump sum payment, installment payments, an annuity, or a direct rollover into an Individual Retirement Account or another qualified plan. In-service withdrawals are available to participants who meet certain hardship requirements or attain age 59-½. If the participant's vested account balance is not more than \$5,000, payment is made in a lump sum distribution.

(2) SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income -

Investments are reported at fair value, except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Appreciation or depreciation in the market value of an investment held both at the beginning and end of the year is equal to the difference between the market value at the beginning and end of the year. Appreciation or depreciation in the market value of an investment acquired during the year and held at the end of the year is equal to the difference between the cost and the market value of the investment at the end of the year.

Gain or loss recognized from the disposition of an investment held at the beginning of the year is equal to the difference between the market value of the disposed asset at the beginning of the year and the proceeds from disposition. Gain or loss realized from the disposition of an investment acquired during the year is equal to the difference between the cost and the proceeds from disposition.

Notes Receivable from Participants -

Notes receivable from participants are measured at their unpaid principal balances plus accrued interest, if any. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses -

Administration expenses of the Plan are paid by the Plan as provided in the Plan document. Certain of the Plan's administrative expenses are paid by the Organization on behalf of the Plan, without reimbursement.

Payment of Benefits -

Benefits are recorded when paid.

(3) EXCLUDED INVESTMENTS:

The plan has excluded from investments in the accompanying statement of net assets available for benefits as of June 30, 2024 and 2023, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the years ended June 30, 2024 and 2023. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

(4) CERTIFIED INVESTMENTS:

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by Corebridge, which included total investments and notes receivable as of June 30, 2024 and 2023, the total investment income, including net appreciation on investments for the years then ended, and all information included in the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

(5) UNCERTIFIED INFORMATION:

Investment contracts with Jackson National Life Insurance Company, with balances totaling \$570,451 and \$548,295 at June 30, 2024 and 2023, respectively, and unallocated contracts with Mass Mutual, with balances totaling \$90,412 and \$79,197 at June 30, 2024 and 2023, respectively, were not certified by the custodians. Uncertified investment income was approximately \$35,791 and \$32,650 for the years ended June 30, 2024 and 2023, respectively.

(6) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(6) FAIR VALUE MEASUREMENTS: (Continued)

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Separate Accounts: Investments in shares of variable separate accounts held with an insurance company are stated at estimated fair value by the insurance company based on the net asset value shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the investments and deducting participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) FAIR VALUE MEASUREMENTS: (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

	Assets at Fair Value as of June 30, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,387,886	\$ -	\$ -	\$ 18,387,886
Variable separate accounts	<u>1,466,004</u>	<u>-</u>	<u>-</u>	<u>1,466,004</u>
Total assets at fair value	<u>\$ 19,853,890</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,853,890</u>

	Assets at Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,019,045	\$ -	\$ -	\$ 15,019,045
Variable separate accounts	<u>1,531,860</u>	<u>-</u>	<u>-</u>	<u>1,531,860</u>
Total assets at fair value	<u>\$ 16,550,905</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,550,905</u>

(7) INVESTMENT CONTRACTS:

The Plan has fully benefit-responsive investment contracts with Corebridge. Corebridge maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest-crediting rates are reviewed on a semiannual basis for resetting. When establishing interest crediting rates for this product, Corebridge considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate varies by participant and depends on the date the participant established his or her account. Participant accounts set up before December 1, 2003, have a minimum guaranteed interest rate of 3.00 percent and for participant accounts set up on or after December 1, 2003, the minimum guaranteed interest rate is 2.00 percent. Effective January 1, 2011, contracts issued to new participants have an indexed guaranteed minimum interest rate, which was 1.50 percent as of June 30, 2024 and 2023.

(7) INVESTMENT CONTRACTS: (Continued)

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rate circumstances, contract value paid overtime. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

The Plan also has fully benefit-responsive annuity contracts with Jackson National Life Insurance Company and Mass Mutual. Jackson National Life Insurance Company and Mass Mutual maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The annuity contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that proportion of the net assets attributable to the investment contracts. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

(8) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) PARTY-IN-INTEREST TRANSACTIONS:

Certain plan assets are in investment funds managed by Corebridge, Jackson National Life Insurance Company, Massachusetts Mutual Life Insurance Company (Mass Mutual), or their affiliates. Corebridge, Jackson National Life Insurance Company, and Mass Mutual are custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. As of June 30, 2024 and 2023, \$6,342,383 and \$6,309,982, respectively, of the Plan's investments are shares of variable separate accounts, or insurance company general accounts offered by Corebridge, Jackson National Life Insurance Company, and Mass Mutual, or one of their affiliates.

Participants covered under the Plan are considered to be parties-in-interest. Participant loans in the amounts of \$331,042 and \$144,414 at June 30, 2024 and 2023, respectively, are considered to be party-in-interest investments.

Certain employees of the Organization provide administrative services to the Plan and are not reimbursed for their services from the Plan.

(10) INCOME TAXES:

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designated and is currently being operated in compliance with applicable requirements of the Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2021.

(11) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

(12) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 26,321,519	\$ 22,725,951
Net policy loans excluded from Form 5500	<u>(81,992)</u>	<u>(79,200)</u>
Net assets available for benefits per the Form 5500	<u>\$ 26,239,527</u>	<u>\$ 22,646,751</u>

The following is a reconciliation of change in net assets available for benefits per the financial statements for the year ended June 30, 2024 and 2024 to the Form 5500:
