Independent Auditor's Report

Board of Trustees Cement Masons and Plasterers Health and Welfare Plan

Opinion

We have audited the accompanying financial statements of the Cement Masons and Plasterers Health and Welfare Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) which comprise the statements of net assets available for benefits and of benefit obligations as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Cement Masons and Plasterers Health and Welfare Plan as of June 30, 2024 and 2023 and changes in net assets available for benefits and plan benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CEMENT MASONS AND PLASTERERS HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the Cement Masons and Plasterers Health and Welfare Plan ("Plan") provides only general information. Participants should refer to the Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan was formed on August 1, 1968, pursuant to a collective bargaining agreement (CBA) between the Operative Plasterers and Cement Masons International Association, Local 797 ("Union") and certain associations of contractors in Southern Nevada. The Plan provides health benefits covering all eligible participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits and Accumulated Eligibility

The Plan provides health benefits, including hospital, surgical, major medical, prescriptions, dental, vision, life, disability and AD&D, for eligible participants who have initially accumulated the required minimum hours in their hour bank. The hour bank is reduced by 100 hours for each month of eligibility. Effective January 1, 2024, the maximum allowable accumulated eligibility is 800 hours which equates to eight months of accumulated eligibility.

Contributions

The collective bargaining agreement provides that employers contribute to the Plan for each hour worked by covered employees. For the years ended June 30, 2024 and 2023, the hourly contribution rate for Cement Masons' journeymen, foreman, general foreman and artisan employee classifications was \$8.75, respectively and the hourly contribution rate for Plasterers' journeymen, foreman, general foreman and artisan employee classifications was \$8.75, respectively. Contribution rates for apprentices are prorated according to their respective classification. The self-pay, COBRA and retiree monthly contributions are reviewed annually by the Board of Trustees and adjusted as necessary.

Reciprocity

The Plan allows for reciprocity agreements with other collectively-bargained plans. In accordance with these agreements, the Plan is required to remit funds received from contributing employers on behalf of temporary employees to the employees' participating local unions.

For the years ended June 30, 2024 and 2023, the Plan remitted cash payments of \$111,195 and \$117,265, respectively, in accordance with these agreements with the participating local unions. Payments made to other plans for reciprocal contributions collected on behalf of those plans are recorded as a reduction to the liability account *reciprocal contributions payable* and are not included in the statement of changes in net assets available for benefits as they do not represent an expense of the Plan.

Agreed-Upon Procedures for Contributions

Pursuant to the collective bargaining agreements, the Plan's Board of Trustees has implemented a policy of performing agreed-upon procedures on the payroll records of contributing employers on a systematic rotating basis.

Vesting

The particular types and levels of benefits are not considered to be vested or guaranteed rights but may be modified or eliminated at any time at the sole discretion of the Board of Trustees.

Priorities Upon Termination

In the event this Plan is terminated by mutual consent of the contributing employers and the Union, any monies remaining in the Plan after the payment of all expenses shall be used for the continuance of plan benefits in accordance with ERISA and other applicable laws.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's audited financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, IBNR, claims payable, eligibility credits, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected as the difference between cost and fair value. For Form 5500 reporting, realized and unrealized gains and losses are computed using the investments' fair values as of the beginning of the year. For investment purchased during the year, realized and unrealized gains and losses are presented in the same manner for financial statement and Form 5500 purposes.

Employer Contributions Receivable

Contributions receivable at year end are substantially determined from employer remittance reports received subsequent to year end, but which cover hours worked during the respective years. Management believes all contributions receivable are collectible and no allowance for uncollectible accounts has been provided.

Estimated Health Claims Incurred but Not Reported

Under the direct payment plan, in contrast to an insured plan, the actual cost of health and accident benefits for a particular period is not known until several months following the close of that period, when claims incurred during that period have been reported. In order that financial statements may be prepared currently, the amount of claims incurred but not paid has been estimated.

Estimated Future Benefits Based on Participants' Accumulated Eligibility

The accrued liability for future benefits is based on the months of eligibility as of June 30, multiplied by the estimated monthly cost of benefits.

3. INVESTMENTS – FAIR VALUE MEASUREMENTS

In accordance with U.S. GAAP, fair value is defined as the price the Plan would receive to sell an asset or pay for a liability in an orderly transaction between market participants. A three-tier hierarchy has been established for presenting valuations, based on the transparency of inputs into valuation techniques used to measure fair valuation. The inputs may be observable or unobservable and refer broadly to the assumptions that market participants would consider significant to value an asset or liability, based on the best information available in the circumstances. Investments with readily-available active quoted prices or for which fair value can be measured from actively quoted prices in an orderly market will generally have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

CEMENT MASONS AND PLASTERERS HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

3. INVESTMENTS – FAIR VALUE MEASUREMENTS (CONTINUED)

Investments measured and reported at fair value are classified and disclosed in one of the following categories based on inputs:

- Level 1 – Quoted prices for active markets for identical securities. An active market for the security is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value.
- Level 2 – Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.), or quoted prices for identical or similar assets in markets that are not active. Inputs that are derived principally from or corroborated by observable market data. An adjustment to any observable input that is significant to the fair value may render the measurement a Level 3 measurement.
- Level 3 – Significant unobservable inputs, including management’s own assumptions in determining the fair value of investments.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment and the state of the marketplace. Although management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan’s investment assets and liabilities, if any, are reported at fair value in the accompanying statements of net assets available for benefits and their inputs as of June 30, 2024 and 2023, respectively, are summarized as follows:

	Assets at Fair Value as of June 30, 2024			Totals

The Plan follows *Accounting Standards Update No. 2015-07 (“ASU 2015-07”)*, “Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value (“NAV”) per Share (or its Equivalent)”. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share, or its equivalent, as a practical expedient. Accordingly, investments for which fair value is measured using net asset value per share, or its equivalent, as a practical expedient have not been categorized within the fair value hierarchy. The fair value amount presented in the table above for the investment fund measured at net asset value as a practical expedient is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2024 and 2023.

Level 1 Measurements

The money market fund has a quoted net asset value that represents the fair value of the fund.

The fair values of the mutual funds are determined by reference to each fund’s underlying assets. Shares held in these mutual funds are traded on national exchanges and are valued at the Net Asset Value (NAV) per share on the last business day of each period presented.

Investments Funds Reported at NAV (or its Equivalent) as a Practical Expedient

The common collective trust is valued at NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability and is reported on a per unit basis. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported net asset value.

The fair value of this investment is determined from financial statements received by the Plan from the common collective trust in which the Plan has invested. These financial statements are audited by independent accountants other than the Plan’s independent auditors. The common collective trust in which the Plan invests prepares its financial statements stating its investments at fair value as based on the best information available, in the absence of readily ascertainable market values.

The common collective trust has daily liquidity and files a Form 5500 as a Direct Filing Entity with the Department of Labor.

CEMENT MASONS AND PLASTERERS HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

4. POSTRETIREMENT BENEFIT OBLIGATION

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to June 30. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired participants, including beneficiaries and covered dependents, (2) active or terminated participants who are fully eligible to receive benefits and (3) active participants who are not yet fully eligible to receive benefits. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

A few of the significant assumptions used in the valuations as of June 30, 2024 and 2023 are as follows:

	June 30, 2024	June 30, 2023
Discount Rate	5.25%	4.50%
Non-disabled participants	RP-2014 Blue Collar Table for "Employee" and "Health Annuitant" (a)	RP-2014 Blue Collar Table for "Employee" and "Health Annuitant" (a)
Disabled participants	RP-2014 Blue Collar Table for "Employee" and "Health Annuitant" (a)	RP-2014 Blue Collar Table for "Employee" and "Health Annuitant" (a)

(a) - Table set forward one year and sex distinct. Projected to valuation date using Scale MP-2021.

For the years ended June 30, 2024 and 2023, health cost inflation was assumed to trend in the following manner:

For the year ended June 30, 2024, an average 8.00 percent annual rate of increase in the per capita cost of covered health care benefits was assumed for year 2024. The rate was assumed to gradually decrease to 4.04% by year 2076 and thereafter.

For the year ended June 30, 2023, an average 9.20 percent annual rate of increase in the per capita cost of covered health care benefits was assumed for year 2023. The rate was assumed to gradually decrease to 4.04% by year 2075 and thereafter.

The weighted-average health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point each year, it would increase the obligations for the years ended June 30, 2024 and 2023 by approximately \$11.6 million and \$13.6 million, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The costs of the postretirement benefit obligation are shared by the Plan's participating employers and retirees. The Board of Trustees reviews the retiree contribution rates annually and if necessary, makes adjustments based on projections provided by the Plan's actuary. Retirees covered approximately 1.80% and 1.60% of the estimated postretirement benefit obligations costs for the years ended June 30, 2024 and 2023, respectively.

CEMENT MASONS AND PLASTERERS HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

4. POSTRETIREMENT BENEFIT OBLIGATION (CONTINUED)

The Plan's deficiency of net assets available for benefits over the Plan's total benefit obligations for the years ended June 30, 2024 and 2023 is related primarily to the post-retirement benefit obligations, which is not planned to be fully funded by the contribution rates provided by the current collective bargaining agreement. It is expected that future benefits will be funded, as they are payable, by employer and retiree contributions. Because this deficiency is based upon the actuarial present value of expected post-retirement benefits, which are planned to be funded by the items noted above, the Board of Trustees monitors the funded status of the Plan to assess any possible changes, including changes in the terms of the Plan document that may be necessary.

5. FEDERAL INCOME TAX STATUS

The Plan is exempt from federal income tax under provisions of the Internal Revenue Code Section 501(c)(9). The trust established under the Plan to hold the Plan's assets obtained its latest determination letter on October 7, 1986, in which the Internal Revenue Service stated that the trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The trust has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the trust is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. Management of the Plan believes that the Plan has taken no uncertain tax positions as of June 30, 2024 and 2023 that require adjustment to or disclosure in the financial statements in order to comply with the provisions of this guidance. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan has a geographical concentration as the majority of contributions are from employers who operate in the construction industry in Southern Nevada. Any changes to the construction industry in Southern Nevada will have a significant impact on revenue.

CEMENT MASONS AND PLASTERERS HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

7. CONCENTRATION OF CREDIT RISK

The Federal Deposit Insurance Corporation (FDIC) is an independent agency of the United States government that provides deposit insurance for protection against the loss of insured deposits if an FDIC insured bank or savings association fails. The Plan's cash in financial institution accounts exceeded the current FDIC insurance limits by approximately \$3 million and \$5.7 million as of June 30, 2024 and 2023, respectively.

8. RECONCILIATIONS OF FINANCIAL STATEMENTS TO FORM 5500

9. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

The Plan, the Cement Masons and Plasterers Joint Pension Plan, the Cement Masons and Plasterers Vacation Savings Plan Trust and the Cement Masons and Plasterers Joint Apprenticeship Training Trust share common sponsorship, management and oversight.

10. SUBSEQUENT EVENTS

An evaluation of subsequent events through March 24, 2025, the date the financial statements were available to be issued, has determined that no additional item were required for recognition or disclosure.
